

Dynamite Blasts Force Kentucky Coal Mines To Close

CRIPPLED EXPLOSION

Damaged, Miner's Killed, Another Injured

A series of explosions crippled power lines and forced the closure of several coal mines recently in the Kentucky coal fields.

The explosion at the mine of Sidney Johnson, a white miner, occurred during the explosions approximately 350 men were working.

The dynamiting of the mine at Clay and at the mine of Sidney Johnson, a white miner, occurred during the explosions approximately 350 men were working.

The dynamiting of the mine at Clay and at the mine of Sidney Johnson, a white miner, occurred during the explosions approximately 350 men were working.

MAN PAYS FINE FOR PARKING TOO LONG

H. R. Langenberg, 1819 W. Wisconsin, was fined \$10 and costs by Judge Theodore Berg in municipal court Thursday morning when he pleaded guilty of parking his car on College-ave. for more than 30 minutes in violation of the city ordinance. He was arrested by Officer Adna Thomack.

DRY LEAGUE EXPECTS 250 AT DINNER MEET

Three Nationally Known Men to Appear on Speaking Program

Over 250 people are expected to attend the informal dinner party in the First Methodist Episcopal church parlors at 6:30 next Monday evening under auspices of the Manufacture and Business committee of the Anti-Saloon League of America, according to the committee in charge.

Three nationally known speakers will appear on the program. Dr. William P. McGarvey, assistant to the general superintendent of the league, will address the gathering on "The Problem and the Prospects."

T. B. "Fighting Tom" Jarvis, Washington, D. C., attorney will talk on "Tidings From Washington while Dr. George W. Morrow, national staff lecturer will address the group on "The League's Second Campaign."

It is expected Dr. Howard Hyde Russell, founder of the league, will be toastmaster. Special entertainment also will be presented.

The committee in charge of the program is composed of the following: J. E. Bond, G. E. Buchanan, C. O. Davis, E. A. Dettman, Mrs. Margaret De Long, A. R. Eads, the Rev. Richard Evans, the Rev. E. F. Franz, the Rev. R. A. Garrison, the Rev. E. Hasselblad, T. R. Hayton, G. W. Jones, R. A. Merfield, William F. Miller, L. H. Moore, the Rev. John Niemist, Mrs. Nellie F. Ritter, F. Saiberlich, W. E. Smith, W. S. Smith, Mrs. Frank Sweet, George S. Sweetman, John Trautman, the Rev. L. D. Utts, George Werner, J. R. Whitman, James Wood and Mrs. F. Wright.

PARENTS INVITED TO VISIT COUNTY 4-H CLUBS' CAMP

Special Program Being Arranged for Parents' Day on Sunday

Invitations were issued Thursday by Gus Sell, county agent, to parents of rural 4-H club members throughout the county inviting them to come to Camp Chicagami on the shore of Lake Winnebago next Sunday for an outing to be staged in connection with the 4-H club camp there.

About 25 boys entered the camp Thursday to remain until Sunday, when the girls, about 40 of them, will be there until Wednesday, July 30. The county agricultural department, under Mr. Sell, hopes to make Sunday, the day when the boys leave and the girls enter camp, a day for the parents to visit the camp and find out what it is like.

At 11 o'clock Sunday morning there will be a religious service with an address by W. E. Smith, Appleton, on loyalty to the High Ideals of Youth. At noon there will be a basket picnic with coffee furnished from the camp kitchen. At 1:30 there will be a one hour program by the boys and girls consisting of demonstrations and exhibits. At 2:30 there will be a program of swimming and other sports.

Mr. Sell points out to the parents that a visit to the camp next Sunday will serve a threefold purpose. It would be a fine outing for the farm family; it would indicate the interest in the rural youth, and it would give a contact with some of the county's wide awake young folks, he said.

MAN IS FINED FOR ASSAULT, BATTERY

W. C. Schlieve, 1012 W. Spencer, was fined \$10 and costs by Judge Theodore Berg in municipal court Thursday morning when he pleaded guilty of assault and battery.

RURAL CARRIERS BACK FROM MEET

Withdraw Invitation to Hold Convention Here in 1937

Outagamie-co's delegates to the Wisconsin Rural Carrier's convention at Ashland on Monday, Tuesday and Wednesday, returned Wednesday night. The delegates made a bid for the 1937 convention but later withdrew their invitation and the convention was awarded to Marshfield, with the promise that Appleton would be given consideration for the 1932 convention. Those who attended the convention from this county were Arnold Fetting, Appleton; Frank Heagle, Seymour; John Kobussen, Kaukauna; and Frank Bleick, Black Creek.

Richard Hodge, Campbellport, was reelected president of the state group. Other officers are: G. F. Bartlett, Marathon, vice president; C. H. Spoltzner, Rice Lake, secretary; George Walker, Centuria, treasurer; Fond du Lac, Marinette and Platteville also withdrew their invitations for the 1937 convention.

The rural carriers adopted a resolution favoring a two-cent gasoline tax with a state system of snow removal. Governor Walter J. Kohler was one of the speakers.

R. C. A. OPENS ITS LABORATORY DOORS TO 30 LICENSEES

Patents and Processes Made Available to Many More Companies

BY ROBERT MACK
Copyright, 1936, by Cons. Press

Washington—The long locked laboratory doors of the Radio Corporation of America and its associated companies are now thrown open to the radio industry so it may more effectively participate in the development of the radio art.

Patents and processes for television, and hitherto exclusive patents for the super-heterodyne receiving set circuit, as well as other devices for electrical entertainment in the home, are made available by the R. C. A. to its 30-odd receiving set licensees. This enlargement of license, viewed as one of the most important industrial developments in radio in recent months, should spur progress in all phases of radio during the next few years.

For the use of certain of the R. C. A. patents, these receiving set manufacturers pay a royalty of 75 percent of their receipts. It is understood that no increase will be ordered in this royalty as a result of the enlargement of patent privileges.

Of greatest immediate importance is the licensing of the super-heterodyne patents, which the R. C. A. heretofore has reserved for its exclusive use in the manufacture of receiving sets. R. C. A., Graybar, General Electric and Westinghouse have announced that they will offer a new super-heterodyne set, with screen-grid tubes. They claim it will be four times as sensitive and three times as selective as former models.

Besides these patents, and those relating to television, O. S. Schairer, vice president in charge of patents of R. C. A., announces that the enlarged licenses will include rights for apparatus for reproducing pictures and talking pictures in the home, and for patents covering other broadcast receivers. The move, it is expected, will have a far-reaching effect in the radio industry, giving all of the licensees of the R. C. A., who manufacture about 90 percent of the total receiving set output, equal opportunity to compete in model production.

"By extending to radio manufacturers the results of extensive research and development work, we believe that a healthy stimulus will be given to the further development of the radio art," declares Mr. Schairer.

Respecting the television patents, Mr. Schairer makes clear that the visual art has not yet arrived at the stage where it is practical for general home use. The objective is merely to stimulate the further development of this art, he declares.

44 Missionaries Taken From Chinese War Zone

Footchow, China—(AP)—Twenty-one American and 23 British missionaries who had been marooned in the Chinese war zone, were rescued and brought here last night by John J. Muccio of the American consulate, and British Consul Martin. It is understood that 15 other Americans remain in the same zone. They probably will be brought out later.

During This Hot Weather--VEGETABLES

Are exceptionally good for your diet, and at Scheil's you'll find a complete assortment. Fresh vegetables should supplant the heavier foods on your menu.

R. C. A. OPENS ITS LABORATORY DOORS TO 30 LICENSEES

Patents and Processes Made Available to Many More Companies

BY ROBERT MACK
Copyright, 1936, by Cons. Press

Washington—The long locked laboratory doors of the Radio Corporation of America and its associated companies are now thrown open to the radio industry so it may more effectively participate in the development of the radio art.

Patents and processes for television, and hitherto exclusive patents for the super-heterodyne receiving set circuit, as well as other devices for electrical entertainment in the home, are made available by the R. C. A. to its 30-odd receiving set licensees. This enlargement of license, viewed as one of the most important industrial developments in radio in recent months, should spur progress in all phases of radio during the next few years.

For the use of certain of the R. C. A. patents, these receiving set manufacturers pay a royalty of 75 percent of their receipts. It is understood that no increase will be ordered in this royalty as a result of the enlargement of patent privileges.

Of greatest immediate importance is the licensing of the super-heterodyne patents, which the R. C. A. heretofore has reserved for its exclusive use in the manufacture of receiving sets. R. C. A., Graybar, General Electric and Westinghouse have announced that they will offer a new super-heterodyne set, with screen-grid tubes. They claim it will be four times as sensitive and three times as selective as former models.

Besides these patents, and those relating to television, O. S. Schairer, vice president in charge of patents of R. C. A., announces that the enlarged licenses will include rights for apparatus for reproducing pictures and talking pictures in the home, and for patents covering other broadcast receivers. The move, it is expected, will have a far-reaching effect in the radio industry, giving all of the licensees of the R. C. A., who manufacture about 90 percent of the total receiving set output, equal opportunity to compete in model production.

"By extending to radio manufacturers the results of extensive research and development work, we believe that a healthy stimulus will be given to the further development of the radio art," declares Mr. Schairer.

Respecting the television patents, Mr. Schairer makes clear that the visual art has not yet arrived at the stage where it is practical for general home use. The objective is merely to stimulate the further development of this art, he declares.

HERE IT IS!

A new FRIGIDAIRE

Beautiful-powerful-quiet only \$157.50 CASH PRICE FOR DAYTON

Porcelain-on-steel inside and out Beautiful Glacier-Gray

The new model is equipped with "Frigidaire Cold Control"—a device that has made Frigidaire famous for quick freezing and defrosting. The mechanism is completely enclosed in the bottom of the cabinet—a feature appreciated by women who insist upon beauty in the kitchen. All food shelves are adjustable—making them easy to reach.

The cabinet is a beautiful glacier-gray porcelain-on-steel inside and out—combining the advantages of porcelain with the strength of steel.

Like all Frigidaires, this model operates at low cost. It is quiet yet powerful. It freezes ice quickly. It keeps foods safely cold with effortless ease. It is a Frigidaire with all that the name implies in performance, long life and proved dependability.

But come in and see it. Only a demonstration can show you the value you are offered at this revolutionary price. Call at your first opportunity.

times of financial retrenchment in the homes. Many laborers are out of employment and farmers are short of cash on account of the low prices of their products, it was pointed out. For these reasons, it was agreed that the price of honey should not be unusually high.

It also appeared that much of the honey consumed in Appleton is supplied by producers of Calumet-co, especially those of Chilton, Stockbridge and Brillion.

In supplying local consumers with locally produced honey, the merchants of Oshkosh have taken the lead in this section of Wisconsin by making an agreement with the honey producers of Winnebago-co to give Winnebago-co honey the preference.

The members of the Fox River Valley Beekeepers' association commended the agreements made by the merchants of Oshkosh and the beekeepers of Winnebago-co and favored a similar agreement between their

PARENTS TO VISIT AT 4-H CAMP ON SUNDAY

Parents of 4-H club members of the county are invited to visit Camp Chicagami on the shore of Lake Winnebago Sunday. Sunday will mark the last day in camp for boy 4-H club members and the first day in camp for the girl members. The women of the county, 25 of them, entered camp Monday to remain until Thursday when the boys go to camp. About 25 boys are expected in camp while about 45 girls probably will be enrolled.

A special program is being arranged for Sunday for the parents who visit the camp.

association and the merchants of Appleton.

Edward Hassinger, Jr., secretary and treasurer of the local association, presided at the meeting.

WOULD HAVE PLANTS MOVE TO APPLETON

Five hundred letters inviting manufacturers to consider Appleton when they decide to move their plants are being sent out by the chamber of commerce this week. Several replies have been received here from Chicago firms, which contemplate moving to smaller cities, it is reported.

TWO WOMEN INJURED IN CRASH AT WAUPACA

Democrats To Place Full County Ticket In Field

WANT PARTY MEMBERS TO VOTE SLATE

See Good Opportunity to Pole Heavy Ballot Next Fall

Outgoing Democrats are going to place a full county ticket in the primary race this year, and a staff battle will be waged to keep Democrats voting on their own primary ticket.

This was decided at a meeting of Outagamie Democrats at Hotel Northern last night. It was a small but enthusiastic gathering. The storm which threatened the vicinity a short time before the meeting was calmed and prevented many from attending.

The primary system as it now operates in Wisconsin came in for a good share of criticism and condemnation. Those at the meeting pointed out that if the present primary system is to be retained by the state, the law ought to be changed to make a voter declare himself as a Republican, a Democrat or whatever he may be. This would eliminate some of the trouble, the Democrats believe. In addition the Democrats voiced their objections to having candidates for county offices run on a ticket of any kind. They pointed out that county offices should be filled on a non-partisan basis and candidates should not be forced to declare themselves as being aligned with any political party.

"This year we have an excellent opportunity to take some offices," said Stephen Balliet, chairman of the Democrats, as the meeting opened. "The cry of the full dinner pail and of property, which was proclaimed by the G. O. P. party in the last election, now sounds a bit ironical to the voters."

SEE OPPORTUNITY
"Unemployment and a period of depression are taking votes away from the Republican party every day and the Democrats should stand ready to take advantage of this situation. The full dinner pail and prosperity cry must be abandoned by the Republicans this year and they are still casting about for some means of garnering votes."

Mr. Balliet's address voiced the sentiment of the gathering. The names of many candidates who may run for various offices were mentioned. Among them are: John Rohan, Kaukauna, for assemblyman from the second county district; George Wehling, Appleton, for assemblyman from the first district; Frank J. Rooney, Appleton, and Harry McAndrews, Kaukauna, for district attorney; Peter J. Moran, Kaukauna, for treasurer; F. Crevecoeur, Kaukauna, and Ben Shimek, Appleton, for clerk of courts; Martin Verhagen, Kimberly, for sheriff; R. M. Connelly, Appleton, for surveyor. Eight names were mentioned as possible candidates for congress. They are: James Hughes, De Pere; Joseph Martin, Green Bay; William Evans, Green Bay; J. A. Clifford, Green Bay; John Kuypers, De Pere; Louis Nelson, Kaukauna; Gus Keller, St. Appleton; and T. H. Ryan, Appleton.

As the meeting closed arrangements were made for another gathering within a few days. At that time more names of possible candidates were presented. All those which have already been mentioned are especially invited to the meeting and any other persons who are planning to run for a county office on the Democratic ticket are invited to attend, according to Mr. Balliet.

TAKE TESTIMONY IN 3 WORKER'S CASES

Testimony was taken at the courthouse here Wednesday afternoon before Howard F. Olin, examiner for the Wisconsin Industrial Commission, in three cases arising under the Workmen's compensation act.

Bennie Meyerhofer, route 5, Kaukauna, asked compensation for a case of hernia which he claims he contracted while employed at the Union Bag and Paper company at Kaukauna. Seelye H. Gurnee, Appleton, asked compensation for an injury to his thumb, which he claims he sustained while he was employed by Alvin T. Jensen, Appleton.

Struck by the handle of a pump truck, Joseph Mucha, Neenah, claims his leg was injured and he suffered a strained back and he asks compensation for the time he was unable to work. He claims he was employed at the Lakeside Paper Mills company at Neenah when the accident occurred.

L'FOLLETTE PAINTS CHAINS AS OGRES

Bloomer — Painting the chain business as an ogre that will increase prices to the high level of monopoly, Philip LaFollette, Progressive candidate for the Republican nomination for governor, today warned persons that they will suffer a destructive future if such organizations are permitted to thrive.

Mr. LaFollette, who is a resident of Appleton, is a member of the Wisconsin State Bar and is a prominent attorney. He is a member of the Wisconsin State Bar and is a prominent attorney. He is a member of the Wisconsin State Bar and is a prominent attorney.

NO BUILDING PERMITS ISSUED IN FOUR DAYS

New building activities in Appleton are at a standstill, if the number of permits for new construction issued by the building inspector's office are any criterion. At noon Thursday not a single permit had been issued for the week, it was reported. Electrical permits are continuing about the same, it is said, although the permits all are for small jobs.

EXCESSIVE HEAT IS BLAMED FOR TASTE OF WATER

Condition Has Adjusted Itself Now, Superintendent Reports

The taste and odor that used to be prevalent in city water every summer until the open-air aerator was constructed in 1921, again was noticeable in the water supply during the past few days, because of the excessive heat, according to A. J. Hall, superintendent of the city pumping station and filtration plant.

Last Saturday and Sunday, with the atmosphere so extremely torrid and the city consuming such large quantities of water, the aerator was unable to eliminate the water odor, he reported.

"The principle of aerating is based on pumping the water through a large tower or spray nozzles, breaking the water up thoroughly," he said. "This allows the air and water to meet and the oxygen present in the air is absorbed by the water. The warmer the air the less oxygen it holds and with the intense heat of last weekend, together with the abundant growth of taste producing algae that has developed on Lake Winnebago and the Fox river, an unusual condition developed which the aerator was unable to cope with."

"This condition has adjusted itself, however, during the past two days and the water again is free of the odor at the plant. It may take several days for the older water in mains to be consumed. The water department is busy flushing hydrants in the city to assist in emptying the pipes as soon as possible.

"Although the algae taste is disagreeable it is in no way harmful from a sanitary standpoint and the water is of the same purity that it has always been."

All pumpage records at the plant were shattered last Saturday when more than 4,000,000 gallons of water were pumped. The previous high record, set about two weeks ago, was 2,870,000 gallons.

There is no danger of a water shortage here similar to that experienced in many cities in the state, Mr. Hall stated. The local plant is capable of handling a pumpage twice as heavy as Saturday's record.

IDEAL WEATHER TO PREVAIL ON FRIDAY

Temporary relief from the hot spell arrived about 7:30 Wednesday evening followed by the wind and thunderstorm, but the weather started rising again early Thursday morning, and by noon it had skyrocketed to 80 degrees.

The mercury dropped from 84 to 65 degrees in less than an hour following the shower. About 20 of an inch of rain was reported by George Allanson, Menasha lock tender, and official weatherman for this district.

Clear skies with another drop in the mercury is on the weather menu for this vicinity for the next 24 hours, the weatherman says. Wind is shifting in the southwest and west. Showers were reported in some parts of the state early Thursday morning. At 6 o'clock this morning the mercury registered 68 degrees.

GREEN BAY MAN PLEADS GUILTY OF FORGERY

Fred Van Hamelczyk, 30, Green Bay, pleaded guilty in justice court at Waupaca Wednesday of forgery and is to be taken before Judge Byron B. Park in circuit court at Stevens Point Saturday to be sentenced. Van Hamelczyk was arrested Tuesday evening at a carnival at Fremont by Undersheriff J. O. Hanson, following a chase from Waupaca to Weyauwega.

It was charged that Van Hamelczyk had forged the name of Harry Smith to a check for \$5 which he cashed at Mann's store in Waupaca. It also is charged he cashed a check at the City Service station in Waupaca and before coming to that city had passed two checks at Stevens Point and three at Wisconsin Rapids. At Weyauwega, it is claimed, he passed a check for \$15 at Look's drug store and a check for \$5 at the Wolf River Valley cooperative store.

LINGLE KILLING CLOUDING OVER; TRAIL IS BLIND

Another Murder Apparently Will Go Unanswered in Chicago

BY OWEN L. SCOTT (Copyright, 1938, by Cons. Press) Chicago — (CPA) — "Who killed Jake Lingle, and why?" seems destined now to take its place alongside the unanswerable question: "Who killed Alvin Karpis, and why?"

Time demanded public interest and permitted trails to be covered in the background that led to the murder of the famous New York gambler, and in that of the former assistant states attorney here, who was shot down by machine gun fire while in the company of gangsters. Time, together with carefully laid backfire, smoke screens and engineered wild goose chases, is clouding the issue and creating apathy toward a real solution of the murder of the Chicago Tribune reporter.

Full revelations in any of these cases could have been expected to disclose the secrets of the underworld's struggle away over officialdom in important cities.

Locally, the Lingle case has become a regular dog fight among newspapers. It was enlisted today by a \$250,000 libel suit begun by Robert M. Lee, city editor of the Chicago Tribune, against the Chicago Herald and Examiner. Attorneys for Lee, referring to a story in the Herald publication, said in announcing the suit:

"The implication is obvious that Mr. Lee knew of and countenanced the alleged criminal activities of Jake Lingle."

This move follows immediately the effort of a St. Louis reporter to tar Chicago reporters with the same stick that seemed to blacken Lingle. His appearance before the grand jury on Tuesday revealed nothing new, but published concerning alleged racketeering by Chicago newspapermen.

FOLLOW FEW LEADS

But seven weeks have passed since Lingle was slain, and thus far few important leads have been followed, so far as the public can learn. Papers, other than the Tribune, are demanding almost daily that the grand jury delve into any significant facts that may be involved in the fact that Lingle, while admittedly a close friend of Alphonse Capone, was at the same time referred to as the "unofficial chief of police" of Chicago. They ask for an investigation of rather large "loans" made to him by important city officials, including corporation counsel who has been referred to as the real mayor of the city. They are making demands that former commissioner of police, William F. Russell, an intimate of Lingle and John Stege, former chief of detectives, his close friend, be asked to explain their relations with him. They want Capone called and an explanation made of the fact that Moran forces were starved out of gambling privileges.

Instead, the grand jury is learning only of possible illegal activities of active reporters, based on stories peddled largely by a local reformer who has been noted in the past for his reliance on unconfirmed and unconfirmable rumor.

On the Air Tonight

By the Associated Press

Johnny Marvin, popular vaudeville entertainer and radio artist, will be featured over WTMJ and the NBC stations at 8 o'clock. Besides this feature, half of the program will be devoted to the playing of compositions by American composers. Howard Johnson, with "Lazy Rhapsody" and Percy Grainger will be included on the program.

One of America's most powerful actresses, Charlotte Chushman, will be re-incarnated guest of honor at the 7 o'clock program of the NBC stations.

Toscha Seidel, violinist, will play the second movement of the Mendelssohn "Concerto" on his program over WBBM and the Columbia stations at 7:30 p. m.

All the selections to be heard over WBBM during the 5 o'clock program are the compositions of Charles H. Gabriel, who wrote a sacred musical history a most sixty years ago.

While on his trip through New England Rudy Valse will stop long enough to bring his Connecticut Yankees to radio listeners on his regular weekly broadcast.

Jack Shilkret will honor his broadcast tonight at 8 o'clock over WBBM and the Columbia stations when he directs his orchestra in rendition of "Kiddie Cavern" a composition of Nathaniel Shilkret. Victor Schumann and George Rasey, tenors, and Della Baker, soprano, will be the soloists on the program.

Two of Willard Robinson's own compositions, "Head Low" and "The Devil Is Afraid of Music" will be presented by the orchestra and quartet during a program to be broadcast over WTMJ and the NBC stations at 7:30 p. m.

Earthquake Toll Around 3,000 Mark, Report Says

carry out the intention manifested by Pius X in 1903 and visit the areas stricken.

Pius X intended to leave the Vatican and go to Messina in 1903 after an earthquake had devastated the city, planning to comfort the sufferers. He was dissuaded by the cardinals.

The present pope, however, under no restrictions since the signing of the treaties between the Vatican and the kingdom of Italy.

King Victor Emmanuel will leave this evening for the scene of the earthquake disaster. The Italian ruler will cut short the holiday has been enjoying in northern Italy.

King Victor and Premier Mussolini both were informed today by their people had met death and 4,264 had suffered injuries in the catastrophe.

HURRICANE AT NAPLES

Naples — (CP) — A hurricane which at times kicked up what resembled a tidal wave struck Naples between 8 and 9 o'clock this morning just after most Neapolitans, shaken by Tuesday's earthquake, were convinced their scares were over for the present.

One large wave pounded over the embankment onto the road along the time the strong wind blew down trees and fragile summer cottages along the coast.

The residents were still nervous over the earthquake and were badly frightened by the newest outburst of nature. Many of them had spent a restless night in the parks and public squares, afraid to return to their homes because of the possibility of new quakes.

Fishing smacks with their colorful sails had to point their noses hastily northward in order to escape damage. The storm subsided as quickly as it arrived and a dreary drizzle set in.

SOLDIERS ON GUARD

Naples today had the appearance of a city under a war-time regime, with soldiers guarding the damaged buildings to ward off the curious and flags flying everywhere at half mast.

An impressive funeral was held for the four persons who died in Naples as a result of the quake and in commemoration of the two who were killed at Salerno and one at Triana. Cardinal Ascalesi, archbishop of Naples, at the conclusion of the service brought a silver bust of St. Gennaro, the city's Patron, to the steps of the cathedral and blessed the great crowd which had assembled to mourn for the victims.

Rescue work, directed by soldiers and Fascist militiamen, continued through all of last night by the aid of torchlight, while those who survive the disaster slept in parks, in fields or anywhere except in buildings, fearing fresh shocks.

In Naples there was another fear, for Mt. Vesuvius, which for ages past has rolled down floods of lava upon the country surrounding it, was seen glowing across the bay and many believed that an eruption would follow.

Not since the earthquake which wiped out Messina in 1908 has Italy seen such widespread destruction.

In some instances, entire villages were almost obliterated. Villanova lost more than 350 persons, including the mayor and all of his family. Another town which suffered greatly was Melfi, with the dead estimated at 151, hundreds of injured and the place itself a mass of debris.

Many families, taught sleep when the earth quivered, were killed in their beds.

In addition to the frightful loss caused by the tremors in buildings already wrecked, more hardship in the form of unemployment was forecast by the action of the authorities in Naples. Many factories and offices were closed by official action, the government considering it unsafe to work in the weakened structures.

BRAZIL REMITS HUGE FINE TO NEW YORK BANK

Rio de Janeiro, Brazil — (CP) — A \$3,000,000 fine imposed by a federal bank inspector on the National City bank of New York for alleged infraction of the banking laws through exchange transactions in the Sao Paulo branch several months ago has been remitted by decision of the minister of finance with the approval of President Washington Luis.

FOREIGN BONDS GO UP AS NAVAL PACT IS APPROVED HERE

Political Event Again Is Reflected in Financial Market

BY PRESTON S. KRECKER Copyright, 1938, by Cons. Press Wall Street, New York — (CPA) — Political events frequently have interesting repercussions in financial markets. Apparently it is a far cry from the London naval pact to Wall Street finance and yet the relationship is actually very close, as proved by the sharp rise in European government and corporation bonds listed on the New York stock exchange immediately following the news that the U. S. senate had ratified the treaty.

Many of the better known foreign bonds sold at new high prices for the year when all doubt regarding the fate of that famous compact was removed, a result for which American investors in foreign bonds may thank the treaty.

Part of the fact, everything which tends to establish the security of Europe is an additional guarantee that bonds sold in this country by European nations and corporations will be met, principal and interest as due.

That is a matter of considerable importance to American banks and private investors, who have invested billions of dollars in foreign securities.

Europeans and other borrowers abroad have been selling bonds to us for several years at a rate of about one and a half billion dollars a year. In the first six months of the present year, they sold us approximately \$850,000,000 of bonds.

SOME WOULDN'T LEND
A mistaken idea is abroad in certain parts of this country that we could not lend our money to foreigners. Some folks believe foreign bonds are something to be shunned as bad business. They think we should spend all of our money at home. That spirit was especially manifest when the recent German reparations loan was about to be put on the market, but it crops out periodically whenever foreign loans are under discussion.

It is undoubtedly true that all foreign loans offered for sale in this country should be scrutinized very carefully by our bankers before they try to interest American investors in them. That is not, however, because they are foreign bonds. In fact the very same precautions should be taken when domestic issues are offered for sale. A dollar is a dollar, whether it is domestic or foreign.

There is nothing inherently unwise in a foreign loan as such. The only question should be whether the security behind it is good. The responsibility of determining that question rests on the shoulders of the American bankers who underwrite foreign loans.

An analysis of defaulted bonds probably would reveal that the vast preponderant percentage of bad investments have been domestic securities.

LOANS HELP EUROPE
As a matter of fact the investor in foreign bonds has the benefit of one curb which does not function over domestic issues, and that is a certain supervision by the government in Washington. Ever since the war has brought a horde of foreign seekers for credit to American shores, the state department has exercised the right to ban a proposed foreign loan if it saw fit. The government has constantly consulted with bankers regarding every foreign loan publicly offered. It statistics itself on several points before sanctioning such a loan—whether the country seeking the loan has ever defaulted on its foreign obligations, whether the government in question has a balanced budget, whether proceeds of foreign loans will be used for military purposes, and whether the loans will be used to foster monopolies injurious to American trade.

Benefits of American loans abroad have been numerous. The rehabilitation of Europe has been greatly accelerated.

Hundreds of millions of American dollars loaned to Europe have been spent in the last 10 years in buying American products and thereby contributed to the great post-bellum boom this country enjoyed. Foreign borrowers pay high rates of interest for loans. According to the U. S. department of commerce, the income from foreign investments last year was nearly \$500,000,000.

SIXTH DISTRICT SPECIAL PRIMARY SET SEPT. 16

Madison — (CP) — The special primary for the unexpired term in the Sixth Wisconsin Congressional district, caused by the death of Florian Lampert, Oshkosh, last week, will be held Sept. 16, the date of the regular primary, the secretary of state's office announced today.

On the elections, therefore, are to be held Nov. 4 for the seat, one to fill the vacancy, and the other for the regular term. The unfinished term will be for the short congressional session, which opens shortly after Dec. 1, and ends March 4.

Congressman Lampert died in a Chicago Heights hospital from injuries received in an automobile accident as he was driving home from Washington.

NEW INDIAN STRIKE

Bombay, India — (CP) — The Piece Goods Merchants association has decided to declare a strike beginning next Saturday as a protest against what is described as the oppressive policy of the government.

Senate Group Prepares To Make Wild Life Study

Camp Minniewis, Near Wabasha, Minn. — (CP) — Arrival of the remaining members of the special senate committee on conservation and propagation of wild life, brought changes in the plans of the committee, which is to make a detailed study of the Upper Mississippi Wild Life and Game refuge for recommendations to the next congress respecting future activity along the 3000-mile region.

Chairman Frederick Walcott, Connecticut, and Senator Key Pittman, Nevada, came today. Senator Harry B. Hawes, Missouri, vice-chairman, arrived Tuesday.

Senator Charles McNary, Oregon, will come Friday or Saturday. Secretary of Commerce Robert P. LaMont is detained in Washington by some special activity to which he was assigned by President Hoover and may not arrive until Sunday.

Initial hearings into probabilities offered by the refuge were postponed from today until Friday, when representatives of the U. S. Biological Survey, Bureau of Fisheries and Forestry department will be heard. Saturday several army engineers will describe war department reactions to the damming of the upper river for a contemplated nine-foot channel.

Sunday the senatorial committee and other government officials, now guests of Governor E. Scott, will go to Wabasha, La Crosse. The party will return by train to conclude its activities early next week before continuing on an inspection tour of the Superior national forest region and Jackson Hole and Yellowstone National parks. General Hyle Brown, chief of the army engineers for the Mississippi valley has been invited to participate in Saturday and Sunday affairs.

CANADIAN BALLOT WAR BECOMES MORE INTENSE

Ottawa — (CP) — Although the Canadian general election is set for next Monday, voting begins today when railway workers and seamen may exercise their privilege in 200 electoral districts of casting advance ballots.

The campaign to capture a majority of the 245 seats in the house of commons has reached its final stages amid an exchange of vitriolic oratory between Liberal and Conservative leaders.

Premier MacKenzie King, in an address at Chelsey, Ont., last night charged the Conservative premiers of Ontario, New Brunswick and Saskatchewan with holding back expenditures from highway appropriations until just before election "to buy up votes."

He said a movement was on foot to build up a huge Tory political machine similar to Tammany in New York. He replied to charges that he had been over-friendly toward the United States, saying that his policy had been nothing more than that of preserving cordial relations with the country nearest Canada.

At Owen Sound, Ont., R. B. Bennett, Conservative leader, accused Premier King of adopting a "do not provoke" attitude toward the United States in tariff matters.

GIVES BENEFIT ACT WHEN PAY IS DENIED

Geneva — (CP) — Jean Aubert, wife of Nelson Morris of Chicago, appeared in a benefit for charity here last night after a court decision yesterday caused her to abandon plans for a paid performance.

The French actress who married the Chicago millionaire was loudly cheered as she sang and danced on the stage at the summer park "Eaux Vives."

The court here declined to grant Miss Aubert's petition for a paid performance, saying it had no jurisdiction. The theatre which had booked the actress cancelled the engagement, fearing a law suit by the husband. Mr. Morris previously had obtained orders against her appearance in France and Milan, and sued a Liege theatre after a performance.

CHAUTAUQUA PROGRAM COMPLETED TONIGHT

The Central Community Chautauqua will complete its stay in Appleton Thursday evening when the Fay Epperson Whistling Ensemble will entertain with a program which will be preceded by a lecture, a short open forum, conducted by R. S. Wallace, naturalist and student of bird life.

The chautauqua opened Sunday evening at Wilson school grounds under the auspices of Oney Johnston post of the American Legion.

Wednesday's program featured the Olive Kackley Players, who presented the comedy, "Back Home and How" in the afternoon and Channing Pollock's famous play, "The Enemy," in the evening.

REALTY TRANSFERS

Raymond R. Jarchow to Albert Brockman, lot in Fifth ward, Appleton.

Charles W. Rolloff to Wisconsin Telephone Co., and American Telephone and Telegraph Co., parcel of land in town of Dale.

William R. Mehl to M. G. Hallada, lot in City of Seymour.

AUTO CRASH VICTIM REPORTED IMPROVING

The condition of Harry Damm, 1400 N. Erb, who was injured in an automobile accident Tuesday afternoon on the Fremont rd., was reported favorable Thursday. Mr. Damm, purchasing agent for the Wisconsin Michigan Power company, who was on his way to Tustin, happened. He is suffering from a broken shoulder, a torn ear and other injuries.

CLARK RETURNS FROM NORTHERN SCOUT CAMP

M. G. Clark, valley scout executive returned Wednesday from a Florence lake in Langlade where he completed arrangements for the opening of the summer period at the new council camp. The first group of 29 valley scouts will leave for the camp on Sunday, Aug. 3, according to Mr. Clark.

Beloit — City Manager H. G. Otis announced that the Beloit-Rockford Electric Interurban line planned to suspend operations Aug. 1.

WAR CLOUDS IN EUROPE

Predictions of war between France and Italy are being openly made. We believe they are alarmist and are not to be taken too seriously. Storm clouds worse than those now over these countries have seemed to jeopardize peace between nations time and again, but in the majority of instances they are dissipated. American alarmists at one time had this country on the verge of armed conflict with Japan. It was freely asserted that war was inevitable and that it was only a question of time. The general conviction today is that it is quite as unthinkable as war with Great Britain.

Nevertheless, the differences between Italy and France are deep-seated and are of a substantial character. They arise from rivalry in colonial expansion. There are collateral issues, such as the differences over armament and Balkan politics, and Italian dissatisfaction with war settlements, but in the background the real difficulty is the inferior position of Italy in Africa. France grabbed off large portions of northern Africa while the grabbing was good and when Italy was in no position to challenge her aggression. Some of it she got through connivance with England and some through understanding with Germany. Today she is penetrating deeper and deeper into the interior and is exercising her influence to a larger degree than ever, on north and east coast. There is practically nothing left for Italy except the sop that was handed to her at Versailles along the Red sea and the strengthening of her position in what was once Tripoli.

It is in this vicinity that the specific issues over colonial policy threaten the good understanding between the two governments. Tunisia is French, yet there were more Italians in Tunisia in 1926 than French. It may be different today but the Italian population is large. It exists on a special legal basis which up to this time has preserved its status as a subject of Italy. The French wish to absorb this population and to terminate gradually Italian citizenship. There is also controversy over the western frontier of the Italian possession, Tripolitania. There is nothing obscure about this dispute, but it is exceedingly difficult of adjustment.

If some way could be found to satisfy Italian desire for colonial expansion in Africa the political differences between the two nations would quickly dissolve. It is a strange fact that depopulated France, with enormous natural resources and fertile lands, is being repopulated principally by Italians, and that Italy, which is almost devoid of natural resources is over-populated. Likewise, that France has very extensive colonial possessions and Italy very limited. This situation does not make for good feeling. Finally, there is the concern of Italy over the French treaty with Jugoslavia and French policies in both that country and Albania.

All in all, nevertheless, the points of friction, while delicate and real, are not likely to produce war. Italy is a much less powerful nation from every standpoint than France. It could hardly hope to improve its status by recourse to war. In fact, it would stand to suffer from it irretrievably. Given time the two nations will in all probability work out a solution of the differences that are keeping Europe on edge.

KEEP MACHINERY GOING

So far during this period of depression, contrary to precedent, there have been few labor troubles. The spirit of goodwill and cooperation that has developed during the last few years has been surprisingly well maintained. Employers as a rule have done all they could to provide continued work for their employees and live up to existing

agreements. Workers have responded in the same spirit, giving honest work for their pay, making no needless demands and making some concessions when the need was fairly and courteously presented to them.

Lately, however, there are signs of trouble here and there. Some employers are said to be taking advantage of the situation to crush unionism in their shops. There are efforts to cut wages and lengthen hours arbitrarily. Some labor men are afraid of losing what it has taken them many years to gain. Unquestionably capital is in a strategic position now, as it always is when work is scarce and labor over-plentiful. It can turn the hands of the clock backward if it wants to. But will the clock run as well hereafter if it does? Labor again will have its inning when the business tide turns and jobs are clamoring for men. Why throw monkey wrenches into the human machinery of industry in the meantime?

SENATE NEEDS NORRIS TYPE

The Old Guard of Nebraska is making a determined effort to defeat Sen. George W. Norris for re-election. It dislikes him for his irregularity and for his radicalism. We do not know that regular Republicans are to be blamed for trying to force him out of the party, because in truth he is like some of the other alleged members of that organization who use the party merely for elections and then give it no support in administration or legislation. But to defeat him because of his radicalism is another matter. Moreover, the method that was first selected, that of inducing an unknown young man of exactly the same name to enter the primaries, was a trick of the lowest order. Fortunately the supreme court has ruled that this second George W. Norris cannot get on the ballot.

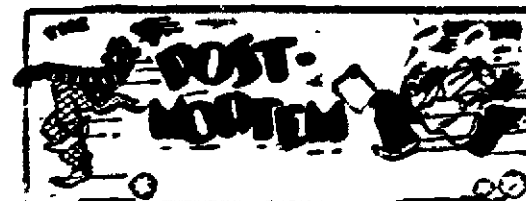

Mr. Norris entertains some views to which we do not subscribe, such for instance as his faith in the efficacy and soundness of prohibition, his fondness for artificial solution of the farmer's difficulties and his belief in the potency of legislation to alter economic laws. Likewise, we think his reservation to ratification of the London naval treaty is objectionable and mischievous. Withal, however, he is one of the men in the United States senate whose opposition to privilege has been of real public benefit.

Mr. Norris' sympathies are entirely with the common people. He is not a representative of big business, of monopoly or of special seeking interests. On the contrary, he is continually acting in opposition to any predatory moves they may make. He is for the underdog and it is no great matter if he sometimes carries these sympathies to extremes. We have representatives of special interests which go just as far the other way in extremes to serve them. Mr. Norris has been of great usefulness in throwing light on the Muscle Shoals problem and in preventing the manhandling of that great governmental undertaking.

Sen. Norris is not like other politicians whose names might be mentioned. He is not a demagogue and he is not an unscrupulous politician. He believes what he advocates and he is mentally and morally honest. That type of representative is needed at all times in our deliberative bodies. He is a wholesome antidote for greed, corruption and political depravity. His policies are not always constructive or sound, but on the other hand his opposition to destructive forces is essential to the approximation of justice, honesty and competence in government.

More Truth Than Poetry

A LIGHT IN THE DARKNESS
By James J. Montague
No more in the White House cabarets,
The visitor may see
Those little crystal drinking sets
That were not meant for tea.
Though every pantry one may pass
And ever seek in vain
To find a single flaring glass
Designed to hold champagne.
The beakers built for Rhenish wine
Have vanished from the view,
And not a single one is seen
Is found the mansion through.
No toby's, ranged along the rail,
Attract the quizzing gaze
And waken thoughts of foaming ale
That flowed in earlier days.
The sad conclusion one might draw,
Who moves from room to room,
Regarding Mr. Volstead's law,
Might steep his soul in gloom.
Why store these lovely things away
If at some later date,
The drought that makes them vain today
May possibly abate?
But though the shelves are no more lined
With bright and glittering glass,
A tiny ray of hope is seen
In what has come to pass.
These crystal cups which long ago
Adorned a gracious board
Where amber nectar used to flow
Were stored, but not destroyed!
The most valuable flower seed is that of the double petunia, which costs about \$1,500 a pound.

WANDERINGS . . . they're working out a scheme in Los Angeles so that radios will tell their owners when it's time to shut off . . . wish they could apply that to some people's vocal apparatus . . . why does Floyd Gibbons all have to talk at once? . . . a dead bank hand is worth \$1,000, but a live one gets \$100,000 . . . does it pay to be honest or clever? . . . the Chinese pirates are pikers—they only got \$30,000 worth of loot . . . a New York newspaper advocates a legal holiday every time the temperature gets above eighty degrees . . . why not make it fifty? . . . women in a Pennsylvania town have organized a volunteer fire department . . . they will wear lovely white hats and uniforms . . . very practical indeed . . . like a fur bathing suit . . .

These Things Get to Be Chronic
A lovely girl

Today's Anniversary

ALEXANDRE DUMAS
On July 24, 1802, Alexandre Dumas, the greatest French romantic novelist and the greatest story-teller of the world, was born at Villers-Cotterets.
Dumas was the grandson of the Marquis Alexandre Davy de la Palleterie and a negress, both of Haiti.
As a writer Dumas is remarkable for creative rather than artistic genius.
Dumas inclined at first to law and was apprenticed to a notary of Solissons where he saw a play that determined him to seek his fortune on the stage.
He was at one time, a secretary in the household of Louis Philippe.
Although his best work was almost all done between 1845 and 1850, in one way or another Dumas is responsible for 298 closely printed novels.
At last came four years of somewhat senile poverty, relieved by the son whose boyhood he had neglected and whose youth he had misguided.
He died on Dec. 5, 1870.

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO
Thursday, July 27, 1905
For the first time in the history of Lawrence university a number of the graduates were to return the following September to assist in coaching.
Gustave Keller was among the list of delegates from the state of Wisconsin to go to the annual national convention of Catholic Order of Foresters to be held at Boston, Mass., August 1 to 4.
Mr. and Mrs. P. M. Narsen left that day for Marquette and other northern cities where they were to visit with friends.
Miss Mae McCarthy was to give a racy party that night in honor of her guest, Miss Estelle McCarthy, Chicago.
Mrs. C. E. Briggs and daughters, Leone and Lucille, returned the night before from a week's visit at Waukegan.
Mrs. L. H. Moore and daughter, Ellen, were Oshkosh visitors of the preceding day.
Mr. and Mrs. James Deerenboom had returned from a visit to relatives at Florence.
Mrs. Charles G. Carter was visiting with her parents at Waukegan.
The Foresters were to give a farewell party that night in honor of the Rev. Conrad Ripp who was to leave soon for a post at Florence.

TEN YEARS AGO

Thursday, July 21, 1920
Immediate declaration of peace and a new effort to form an association of all nations, based on justice rather than force, was promised by Warren G. Harding in formally accepting the republic can presidential nomination that day.
T. S. F. Morris was visiting with friends in Madison that day.
John Rick was in Oshkosh the day before.
E. G. Schuler was coming for a few days at Point Comfort.
Miss Anna Fries and Edward Fries left early that morning for the automobile trip to the northern part of the state.
Bartie Matheson returned from Milwaukee after a brief visit to Mr. and Mrs. C. A. Childs.
Mr. and Mrs. Stephen Ballet and Mrs. Arthur Rosemond returned that day from a motor trip to Elkhardt Lake and Milwaukee.
Mr. and Mrs. William Becker were spending a week with Kewanee and Alcorn friends.
John Purves, 650 Lake-st., left that day for a visit of several days at Berlin.

Personal Health Talks

BY WILLIAM BRADY, M. D.
Noted Physician and Author
Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

MENU FOR PEOPLE WHO HAVE TO LIVE WITH PEPTIC ULCER PATIENT
The family or housemates of the peptic ulcer patient will be pleased by our new diet book when it is off the press. You know we are publishing a hum-dinger, all by ourselves, and when it comes to finding your way about in the maze of dieting, you can't go wrong with our official guide book in your hand. We'll announce here in this column when the book is ready.
I gave here a week or two ago the lists of things the peptic ulcer patient should eat and should not eat in the first three or four months of medical treatment as an ambulatory case. All this is given in carefully worked-out tables in the book we're publishing. Now in the past the other members of the patient's household have not had much of a break—they've been compelled to subsist on whatever they could get after the patient's special requirements have been attended to. It is time that the rest of the family received some consideration, and we present below menus for the rest of the family as well as complete menus for the patient.
Of course the patient takes six meals a day. The rest of the family worry along on the usual three meals a day, to eat:

Morning	Noon	Evening
• Prunes	• Pot roast of beef	• Cold meat
• Cream o' Wheat with milk and sugar.	• Mashed potatoes	• Escalloped potatoes
• Toast and butter	• Spinach	• Carrot and pea salad
• Milk or coffee	• Bread and butter	• Canned pears
	• Baked custard	• Milk or tea
	• Milk	
	WEDNESDAY	
• Fresh fruit in season	• Hamburger steak	• Hard cooked eggs
• Wheatena with milk and sugar	• Mashed potatoes	• Escalloped tomato
• Toast and butter	• Buttered carrots	• Cabbage salad
• Milk or coffee	• Bread and butter	• Bread and butter
	• Gelatin and cream	• Prune whip
	• Milk	• Milk or tea
	THURSDAY	
• Stewed apricots	• Beef stew with carrots, onions, potatoes	• American cheese
• Oatmeal with milk and sugar	• Peas	• Baked rice with tomatoes
• Toast and butter	• Bread and butter	• Lettuce salad
• Milk or coffee	• Chocolate junket	• Bread and butter
	• Milk	• Apple sauce
	FRIDAY	• Milk or tea
• Prunes	• Baked fish	• Creamed fish
• Pettibohns with milk and sugar	• Mashed potatoes	• Baked potatoes
• Toast and butter	• Asparagus	• Stringbean salad
• Milk	• Bread and butter	• Bread and butter
	• Bread pudding	• Baked custard
	• Milk	• Milk or tea
	SATURDAY	
• Stewed apricots	• Fish chowder	• Baked rice and cheese
• Raisins with milk and sugar	• Buttered peas	• Tomato salad
• Toast and butter	• Bread and butter	• Apple snow
• Milk	• Cornstarch pudding	• Milk or tea
	• Milk	
	SUNDAY	
• Baked apple	• Eggs	• Cream of Spinach soup
• Cornmeal with milk and sugar	• Baked potatoes	• Bacon
• Toast and butter	• Spinach	• Baked dried lima beans
• Milk or coffee	• Bread and butter	• Beans
	• Rice pudding	• Bread and butter
	• Milk	
	MONDAY	
• Stewed or canned peaches	• Lamb stew, with potatoes, carrots and onions	• Canned or stewed peaches
• Malt breakfast food with milk and sugar	• Bread and butter	• Milk or tea
• Toast and butter	• Tapioca pudding	• Baked hash
• Milk or coffee	• Milk	• Corn
		• Bread and butter
		• Apple sauce
		• Cocoa

The patient may eat items marked with (*).
Now that we have provided for the rest of the family, perhaps we had better attend to a similar seven day menu for the patient in the first week of medical treatment for duodenal ulcer, as an ambulatory case. Until our next chat the patient may as well try the Sippy diet—15 ounces of cream and 15 ounces of milk every hour in the day from 7 a. m. to 10 p. m. and once or twice in the night if not under medical care.

QUESTIONS AND ANSWERS
Sweating in Armpits
Please give me a prescription for excessive perspiration under the arms. I am thirteen years old. (G. E.)
Answer—A solution of aluminum chloride, one-half ounce, in water, three ounces, seems to be the most satisfactory lotion for controlling excessive sweating in the armpits. Mop

Just Physic
Please explain in your column how citric carbonate and phenolphthalein acts on the system? (L. C. A.)
Answer—Either or both act as a physic. I should not advise frequent resort to the saline or salts, but phenolphthalein, in doses of one or two grains, is less objectionable as a frequent laxative than most of the drugs popularly used for the purpose. The phenolphthalein table or lozenge should be chewed up as crushed into fine powder before taking.

People's Forum

The Applington Post-Crescent invites communications on subjects of general interest. The communications must bear the signatures of the authors as an evidence of their good faith, but not necessarily for publication. Anonymous communications will not be used. Letters should not be longer than 400 words.

CAN'T DEFEAT JUSTICE

Editor Post-Crescent—There is a law of retribution and no one can escape it. You see men apparently well-to-do, today, and at an unguarded moment all is swept away. Why? Because they have failed to deal with the universal mind. Any man who would intentionally place an injustice upon his fellowmen for his own convenience must pay the price, because the law governing a mysterious force is not asleep. Universal mind is not to be trifled with. No one can make of it a mockery. It is not difficult for anyone with a clear conscience to know when he is dealing dishonestly with his fellowmen, because universal mind will send to him a whispering force, which creates an almost constant influence to haunt him. I contend that any man who will deal unjustly and plan secretly against his fellowmen, even though he gains today, will lose tomorrow and he is worse than a robber by night. I say this because he pretends to your face to be a friend, but for no other purpose than to gain your good will, though behind your back he is worse than a bold highwayman and does not deserve as much respect. This need not offend others than those to whom it applies. When you contact such a one treat that one with passing civility and nothing more. We may not lose our material wealth, but we lose the respect of the universal force.

The Tynmites
By Hal Cochran

THE sheep kept jumping in the air and it gave Clowdy quite a scare. He kept on yelling at the bunch to help him to alight. They tried, but didn't dare go near. The sheep's kicks filled them all with fear. Then Carpy shouted, "Hang on, lad, and you will be all right."
"Oh, no, I won't," scared Clowdy said. "I'm going to land upon my head. Both my arms are all hurt out. I never should have started this. The ride was bound to go amiss. The poor sheep doesn't know, itself, what this is all about."
And then the ride was quickly stopped. The sheep stopped short

(The Tynmites reach Bagdad in the next story.)

Summer Playground Notes

A track and field meet for midget and junior girls and midget boys was held Monday afternoon at First ward grounds. Third ward midget and Junior girls copped the honors in their classes and the First ward midget boys won their meet. About 100 children took part and several good marks were hung up. In the midget boys' meet, Miller of the First ward high jumped four feet nine inches, while Steffen of the Third ward tossed a football a few feet short of 50 yards, a long pass even in collegiate circles.

Bluebell Ryan of the Third ward won first place in all the junior girls' events, her mark of 161 feet 3 inches in the baseball throw being a record in the event.

Results of the meets follow:

Midget Girls
50 yard dash—Smith (Third); Verrier (First); Hoogman (Third).
Baseball throw—Smith (Third); Schweizer (Third); Lorenz (Fifth). 123 feet 4 inches.

Standing broad jump—Smith (Third); J. Leinwender (Fourth); Verrier (First); 5 feet 8 inches.
Points—Third ward 19, Fourth ward 3, Fifth ward 1.

Midget Boys
50 yard dash—Steffen (Third); Popp (Fifth); Van Ryzin (Third).
Standing broad jump—Penske (First); Popp (Fifth); Risse (First). 7 feet 7 inches.

Football punt—S. Dutcher (First); Miller (First); Popp (Fifth). 112 feet 8 inches.

Football pass—Steffen (Third); S. Dutcher (First); Buesing (Sixth). 4 feet, 9 inches.

Points—First ward 22, Third ward 14, Fifth 8, Sixth 1.

Junior Girls
50 yard dash—Bluebell Ryan (Third); Mamie Chall (Fourth); Hildegarde Laux (Fifth).
Running broad jump—Bluebell Ryan (Third); Mamie Chall (Fourth); Hildegarde Laux (Fifth). 14 feet 3 inches.

Baseball throw—Bluebell Ryan (Third); Hildegarde Laux (Fifth); Mamie Chall (Fourth). 161 feet 3 inches.

Points—Third ward 15, Fourth ward 7, Fifth ward 5.

CHECKER TOURNAMENTS
Monday afternoon, at the First ward playground the cream of the playground checker players got together in tournament play. Twelve boys and 14 girls took part with all playgrounds being represented. In the boys' tourney the first round games were as follows: Dutcher defeated Vandenberg, I. Zussman defeated Ellenbecker, Hertel defeated Van Ryzin, Rennert defeated by M. Zussman, Endter defeated Ahrens, Fieblekorn defeated Goehs. A second round game ended as follows: I. Zussman defeated Dutcher; M. Zussman defeated Hertel, Fieblekorn defeated Endter, M. Zussman then defeated Fieblekorn to go into the finals for his brother I. Zussman who defeated him for the championship in two straight games.

In the girls' tourney the first round games ended as follows: Chall defeated Verrier, Diederich defeated Patterson, G. Leinwender defeated Van Lieshout, Lorenz defeated Steger, P. Leinwender defeated Hanig, Roock defeated Smith and Schweizer defeated Hoymann. In the second round Chall defeated Diederich, G. Leinwender defeated Lorenz, Roock defeated P. Leinwender. In the third round Chall defeated G. Leinwender and Roock defeated Schweizer. Roock won the championship by defeating Chall in the finals.

In the play off between the boy champion I. Zussman and the girl champion Miss Roock, Zussman brought the championship to the First ward by defeating the girl champion in two straight games.

BASKETBALL
Outdoor basketball competition was started on the city playgrounds last Friday night. Weekly contests will be held with the midget boys meeting on Mondays at 6:30 and junior boys on Fridays at the same time. All play will be held on the First ward court and the McKinley Junior high courts as they are the only outdoor courts available in the city. Last week the Fifth ward junior team showing a smooth running attack defeated the newly organized Fourth ward team 25-4. The First ward junior and midget teams were defeated by the third ward teams 21-18 and 18-0.

ATTENDANCE
The hot weather of the past week did not seem to affect the attendance on the playgrounds. The Pierce park playgrounds had the high mark for the season with 2,330 total for the week. The total attendance for all playgrounds for the week reached a bit over the 9,000 mark.

SWIMMING MEET
Monday, Aug. 4, the annual inter-ward swimming meet will be held for midget and junior girls. The events will be the 20, 40 and 60 yard free style races, the side stroke for form and diving. Any girl in the city who cares to take part in the meet should hand in her name to one of the playground directors or to Tommy Ryan, supervisor of the city pool.

The girls' swimming meet will be held Tuesday, Aug. 5, in the same classes as the girls' meet. The events for the midget will be the 20 and 40 yard dashes, the side stroke for form, diving, and the 50 yard relay race. For the juniors the events are 20 and 60 yard dashes, crawl stroke for form, diving, and the 80 yard relay. This meet is open to any boy in the city who comes under the age limits.

WASHER TOURNAMENTS
Washer courts have been installed on all city playgrounds and the game is fast becoming popular. Additional courts are being considered to take care of players on several grounds and play ground teams are being organized to start inter-playground competition.

TENNIS TOURNAMENT
During the week of Aug. 4 to 9, the first annual playground tennis tournament for girls and boys will be held. Competitions will be in singles only and winners on various ground will receive the regular playground medal with the honor of holding the championship for a year. All matches will be played on Pierce park courts from 2 to 4 o'clock during the week Aug. 4 to 9. Classes will be midget, 15 years or under prior to Jan. 1, 1930, and Juniors, 18 years or under prior to Jan. 1, 1930. The above classes also will apply to girls.

It will be necessary for any person who desires to enter this meet to hand in his or her name to one of the playground directors sometime before Saturday, Aug. 2, when pairings will be made and announced. The tournament is open to all boys and girls in the city and as large an entry list as possible is wanted.

JACK TOURNAMENT
A girls' jack tournament recently was held at Pierce park with 25 participants. Winners in the advanced group was Irene Smith; intermediate group, Elizabeth Roemer; beginners, Fabian McLaughlin. Another tournament will be held the first week in August.

PAIN
so easily relieved
How to treat
Headaches
Neuralgia
Neuritis
or check a Cold

WHY ARE some women so patient with pain? Shopping with a head that throbs. Working when they ache all over. Sometimes it's hours before they take Bayer Aspirin and get relief! Most men take these tablets the moment some ache or pain threatens their comfort. And so should you. Genuine Aspirin is perfectly harmless; cannot depress the heart. The tablets stamped Bayer are always genuine Aspirin; always the same, always safe. It isn't sensible to suffer with a headache, a cold, neuralgic pains, or anything else that these tablets relieve almost as soon as swallowed. Buy by the bottle and save money. Any drugstore has the 100-tablet size.

Your Birthday
"Lee"
If July 24 is your birthday, the best hours for you are from 7 a. m. to 8:30 a. m. 3:30 p. m. to 4:30 p. m. and 9 p. m. to 10 p. m. The danger periods are from 5:30 a. m. to 6:30 a. m. and 1 p. m. to 2:30 p. m. Astrological influences on this date will awaken your ambitions, and you will long for social and material expansion. Do not shun the friendly advice and warning of a friend. Let the day be one of thought rather than action, and sleep over your ideas.
The child born on this date will be a lover of freedom, and will become fretful, irritable and rebellious under undue restraint. It will like to do one thing at a time, in its own way. It will aim to do, and to be, right.
You shuffle along life's pathways spiritlessly, showing little indication of the joy of living. You choose a colorless gray existence, because you shrink from adventure and romance, as though for some unknown reason they were not for you. You are drab with the drabness of those who have no hope.
Your "rather be safe than sorry" principle will keep you from knowing the joys of living dangerously. You are afraid to be tempted—afraid of life. You try to suppress most of your human instincts and you are normal, until only unhappiness ensues.
The prejudices of all your ancestors seem to be brought forth in

HARD-SOFT CORNS

LARGE-SMALL

Out To Stay Out--Roots and All

Magic Oxygen Salts Bath Never Fails

No More Burning Aching Feet.

No matter how many corns you have or how painful they are—soak your feet for 15 minutes in a delightfully soothing and revitalizing Radox footbath for 3 or 4 nights—then lift corns and callouses right out—roots and all and they won't come back either unless you wear shoes again which aggravate your feet.
No cutting or digging is required because Radox liberates oxygen which softens hard outer layers of corns, each night penetrating the pores further and further, carrying the salts right to roots of corns which are so loosened they can be lifted out bodily.
Your feet are made strong—healthy—vigorous—hard skin on heels and toes goes also.
Schlitz Bros Drug Co. and all good drugstores are stocked with Radox—if they aren't insist upon them ordering it if you want to experience great footjoy and comfort.
Adv.

you, and they blind you to the truth, and many times the beauty of things. Many of your dislikes are only illusions—sad mistakes. You also have acquired the bad habit of boredom, which slams the door of spontaneous enjoyments in your face. You shun people under the false belief that you are a born recluse.
This is far from the truth. You do not have the powers and interests within yourself to give you solitary contentment. You need all the outside stimulation and uplifting you can get. You gain strength and optimism from human contacts. You must change your present plans and modes of living. Think affirmatively, and not negatively! You are a gregarious creature—stick with your herd. You must not expect your sweetheart, your wife, or husband, to be perfect; do not put them on a pedestal!
Successful People Born July 24:
1—Benning Wentworth—First colonial governor of New Hampshire.
2—John M. Clayton—Secretary of State under Fillmore.
3—Henry Shaw—Philanthropist; gave botanical gardens to St. Louis, Mo.
4—William Gillette—Actor.
5—Lewis Miller—A founder of Chautauqua movement—philanthropist.

Society And Club Activities

Church Body Entertains For Women

The Brotherhood of Trinity English Lutheran church entertained the women and other members of the congregation at a social meeting Wednesday evening in the sub auditorium of the church, about 125 people being present. The principal events of the evening were a ball game, the team being captained by Mrs. Ed Deichen, and a game of cards. The team from Mrs. Gust Tesch's team, and Mr. Deichen's team won the men's game from the William Rook's group. Other games and contests took place and prizes were awarded the winners.

The Rev. and Mrs. F. L. Schreckenberg, who, with their family, are spending a vacation in southern Wisconsin, were guests of honor at the social. The Rev. Schreckenberg, formerly pastor of Trinity church and is now pastor of a church near Chicago. They were guests of the Rev. and Mrs. D. E. Bosserman the first part of the week and will spend the week end at the Herman Kottke cottage at Leona Lake.

It was decided that each social meeting be open to the entire congregation. The business session is held on the second Wednesday of the month and the fourth Wednesday is a social gathering.

LEAGUE FROM CHURCH PLANS PARK OUTING

The Luther League of Trinity English Lutheran church will hold a picnic and marshmallow roast Friday evening at Albia Park for members and their friends. Those who plan to attend are to meet at the church at 6:30. A picnic supper will be served by the committee in charge which includes Miss Evelyn Lilje and Miss Leone Tesch. Special entertainment will take place in the evening.

Chapman for the affairs are the Rev. and Mrs. D. E. Bosserman and Mrs. Harry Cameron.

PREPARE FOR DANCE AT CLUB NEXT SATURDAY

"A Night in Munich" will be the theme of the dinner dance Saturday evening at Riverview Country club. About 160 reservations have already been received for the affair and more are expected. Mr. and Mrs. Roderic C. Ott, Neenah, are in charge of arrangements.

PARTIES

Miss Ruth Hilkowitz, 532 N. Rankin-st., entertained two tables of bridge Tuesday evening at her home in honor of her house guests the Misses Edith Lippman, Bebe Greenberg, and Helen Gordon, all of Chicago. Prizes were won by Miss Lippman and Miss Diana Resman.

The Girls' club of Kaukauna held its annual party Wednesday evening at Candle Glow tea room, dinner being served at 7 o'clock. Twelve members were present. Bridge was played after the dinner and prizes were won by Mrs. Lawrence Gerend, Mrs. Tim Ryan, and Mrs. Ed Renniecke.

Mrs. Roderic C. Ott, 805 Hewitt-st., Neenah, entertained at a luncheon Wednesday at Riverview Country club. Covers were laid for ten guests. Following the luncheon bridge was played at the Ott home, prizes being won by Miss Elizabeth Utz, Appleton, and Mrs. Ted Gilbert, Neenah. Appleton guests included Miss Utz, Miss Jane Thomas, and Mrs. Francis Jenkins.

PICNICS

The annual picnic of the Ladies Aid society of St. Paul Lutheran church took place Wednesday at Pierce park. About 100 members and their children were present. Games were played and prizes awarded to Mrs. F. M. Brandt, Mrs. G. A. Dettman, and Fred Arnold. The children were entertained on the playground facilities. A picnic lunch was served at noon and in the evening.

The committee in charge included Mrs. Hubert Stach, Mrs. John Behnke, and Mrs. Ray Haase. The next meeting will be August 7 at the school hall.

The picnic of Spanish War Veterans camps and auxiliaries of District No. 3, which was to have been held Sunday at Pierce park, has been postponed for one week. It will take place Aug. 3 at the park. The next business session of the Appleton Auxiliary will be held Aug. 1 at the army.

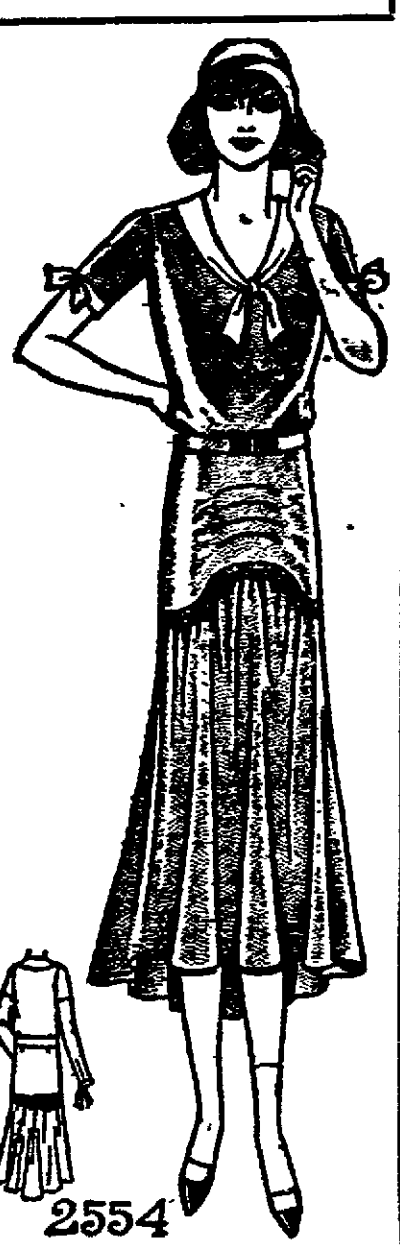

CLUB MEETINGS

Rebekah Three Links club was entertained Wednesday afternoon at the home of Mrs. William Martin, North st. Mrs. Mary Glaser acted as assistant hostess. Nineteen members were present and a business session took place. A social hour followed. The next meeting will be Aug. 13 at Pierce park.

Mrs. Fred Jentz, Summer-st., was hostess to the March club Wednesday evening at her home. Prizes were won by Mrs. Reno Doerflinger and Mrs. Herbert Voeks. The next meeting will be in two weeks with Mrs. E. A. Knoke, 219 Lincoln-ave.

Next evening Greenville Sun.

Knotted Trim

2554

BY ANNEBELLE WORTHINGTON
This model is much favored for the soft silks and cotton fabrics that are so thoroughly smart and feminine.

Its clever lines give the impression of simplicity.

The neckline is soft and pretty with knotted scarf collar. The short sleeves repeat the knotted trim in cuff bands.

Shirring of the skirt flounce makes the snugness through the hips more prominent.

Style No. 2554 is sketched in pin-dotted violet-blue crepe silk with rusty pink organdie trim.

Each colored handkerchief linen is adorably feminine for summer afternoons.

Printed dimity, printed sheer lawn, tub silks, printed voile and chiffon express the smart summer vogue.

This model can be had in sizes 14, 16, 18 years, 36, 38, 40 and 42 inches bust.

Pattern price 15 cents. Be sure to fill in size of pattern. Address Pattern Department. The Summer Fashion Magazine is ready! It contains most interesting styles for adults for town or vacation wear. Also darling styles for the kiddies. It is 15 cents a copy, but may be obtained for 10 cents if ordered same time as pattern.

MASS MEETING OF LEAGUE IS NEXT MONTH

Several hundred people from Appleton are expected to attend the mass meeting of Associated Luther Leagues of Wisconsin Sunday, August 3, at the Northeastern Wisconsin fair grounds at De Pere. First English Lutheran church will discontinue services at the church that morning in order to allow all members to go to the special service which begins at 10:30 at De Pere. Most of the Lutheran churches of the synod within a radius of 50 miles will take part in this mass meeting.

Dr. Walter Schuette, Sewickley, Pa., will be the speaker both in the morning and afternoon. He is one of the foremost ministers of the synod, and is well known as an author, scholar, and lecturer. Music will be provided by the Nicolet high school band of West De Pere.

The offering will be used for mission work in Wisconsin. The meeting is being sponsored by the Associated Luther Leagues of Wisconsin of which Floyd Foor, Appleton, is president. The work for the event is being done by Grace Lutheran church, Green Bay. The Rev. L. F. Gast is pastor of the church.

KNIGHTS PLAN VALLEY PICNIC AT HIGH CLIFF

Tentative plans for a Knights of Columbus picnic have been made by the committee which was appointed recently for that purpose. The picnic will be held August 13 at High Cliff and will be sponsored by the Appleton and Kaukauna councils. Members of Menasha and Oshkosh will be invited to attend. Max Bauer is general chairman of the arrangement's committee.

LODGE NEWS

Preliminary arrangements for the bazaar to be held the first week of November were made at the meeting of Women of Mooseheart, Lehigh, Wis., F. J. Foreman will be general chairman. The first shower will take place at the first meeting in September.

Plans were made for the picnic of Women of Mooseheart Tuesday afternoon club next Tuesday at the lake. A basket lunch will be served. Twenty-two members were present at the meeting. Mrs. F. J. Foreman gave a report on the national convention held recently at Mooseheart, Ill.

Ladies Auxiliary of Eagles was entertained at a social meeting Wednesday afternoon at Eagle hall. Three tables of cards and dice were in play, prizes at schafkopf being won by Mrs. Zada Goshna, Mrs. Ida Brandt, and Mrs. Clara Yels, and at dice by Mrs. Katherine Henry, Mrs. Anna Doerfler won a special prize.

Equitable Reserve association, council No. 2, will meet at 8 o'clock Thursday night at Odd Fellow hall. Routine business will be transacted.

A meeting of Catholic Order of Foresters was held Tuesday night at Catholic home. Regular business was transacted.

CHURCH SOCIETIES

A large crowd attended the ice cream social sponsored by the Ladies Aid society of St. Matthew church Wednesday afternoon and evening in the church basement. Mrs. Henry Goerl was chairman of the committee in charge.

W. C. O. F. WILL ADMIT CLASS AT NEXT MEETING

Arrangements were made to initiate a class of six candidates Aug. 27 at the meeting of Women's Catholic Order of Foresters Wednesday evening at Catholic-home the reception committee for initiation includes Mrs. Gertrude Femal, Mrs. Norah Bailey, and Mrs. Helen Felt.

A business session was held after which cards were played at four tables. Mrs. Katherine Otto and Mrs. Florence Jones won the prizes at bridge, and Mrs. Anna Wettengel and Mrs. Anna Doerfler the schafkopf awards. Twenty-five members were present.

CIRCLE WILL HOLD PICNIC NEXT TUESDAY

C. B. Clark circle, Ladies of the Grand Army of the Republic, Neenah, will hold its annual picnic next Tuesday at the Wisconsin Veterans' home, Waupaca. The circle at the home will be guests of the Neenah circle as usual. The trip will be made in cars and a large crowd is expected. Members will bring their own dishes and sandwiches, besides one other dish which will be solicited.

Sue was very kind to her father and to Ted, but after a while she got them in the press of small duties that had to be done. The furnace

The Story of Sue
by MARGERY HALE
© 1936 by NEA Service, Inc.

MRS. MERRYMAN had fallen on an icy place in the back porch where she had stood to put some food on a shelf. Even while she took note of this, Sue thought of her mother's own small ice chest which wouldn't hold more than half the things it should, and the shining tiles of the matchless refrigerator in Corrinne's perfect house. Some people worked and toiled forever and had nothing. But she mustn't think such thoughts now, she knew. Her mother was hurt.

The family doctor couldn't be found and the young physician from the city clinic, William Burton, came in his place.

"A fractured hip," he explained. "It will keep her in bed for several weeks." He looked around rather anxiously. "You should have a nurse for a little while."

"Of course we'll have one," Ted answered before his father could speak. "Call one for us, will you, Doctor?"

"I'll stay at home and look after things until she's better," Sue heard her own voice saying. "The office will find someone else until I can go back."

"But will they hold your position for you?" her father asked.

"Well, if they don't, there are others," She smiled.

Perhaps if Jack and Barbara were going to make up, this was the opportune moment for her to step out of the picture, she thought. She couldn't have stayed under the unpleasantness which Barbara's place in the organization, as Jack's wife, would have caused. This would bring matters to a head.

She checked her thoughts. There were too many things to do. She must say good-bye to Jean Brady, who was leaving soon; she must listen to the doctor's instructions; she must get a room ready for the nurse; she must call Corrinne.

And in the morning she must notify the office.

She did not sleep much that night. The house was still cold and the air was gray and murky, outside the windows, when she awakened. She dressed quickly, hurried downstairs, and put on the teakettle on. Then she squeezed the juice from the oranges, heated the toaster, found the breakfast bacon.

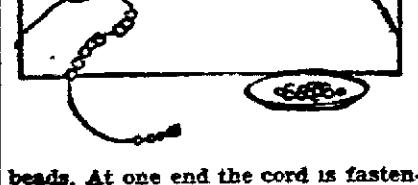

Her father came in, a little lost because his day would not begin as usual. Sue suddenly realized how dependent he was on her mother for all his happiness. Love like that she thought, could make a woman happy, if she loved the man who gave it.

Sue was very kind to her father and to Ted, but after a while she got them in the press of small duties that had to be done. The furnace

Have You Heard?

Restraining your pearls has had the pain taken out of the task by a new little invention which gives you the cord you string the beads on and the needle you thread it into all made into one.

The cord is staunch and yet slender enough to go through fine

beads. At one end the cord is fastened to a four-inch piece of very fine wire which tapers to a neat point.

You can get this device at the notion counters of department stores quite inexpensively. It comes not only in the preferred white but in colors.

My Neighbor Says--

When ironing linens cover a piece of beeswax with flannel and rub it over the surface of the iron. Linens ironed with an iron treated in this manner will have a fine gloss.

When your jelly will not jell do not run it back into the pan to cook again, but take a large dripping pan and half fill it with water. Set your undisturbed glasses of jelly in it, not close enough to touch, put them in a hot oven, and let them bake until sufficiently jelled. This usually takes about three-quarters of an hour.

If doors or bureau drawers stick in hot weather a little wax rubbed on the surface where friction occurs will end the trouble.

Rub garden tools occasionally with wire wool to prevent rusting.

smoked and scattered this gray dust over all the furniture. She had to wipe it away. Then the drain began to leak and made another mess. The nurse wanted hot water and she couldn't get the tank warm. . . . She was standing forlornly in the middle of the kitchen, her checked apron a brown smudge of dirt, when Corrinne danced in with her furs and saucy crimson hat and slippers.

WE 12 WOMEN
by Betty Brainerd

Frankie Fifty

"Dear Betty Brainerd: "I am faced with a delicate problem, which I am at a loss how to handle. We are a middle-aged couple with three daughters. Every time the girls have company and there are any young ladies present, my husband starts to fool with them."

"One time we had a party and he sat in the lap of one of the callers. It makes my daughters so disgusted they tell me they do not feel like asking any young folks to come. We have tried to talk to him but it does no good."

Probably as long as this old world exists men will go on pasting the label of vanity on woman, totally ignoring that eternal wonder of human nature—the middle-aged man who manages to picture himself as attractive to young girls and who falls to see the slightest humor in his imitation of the gambols of the young spring lamb.

His wife, he sensibly realizes, should devote herself to the task of growing old gracefully. She is mature, she's had her day, it's time for her to set an example to the children.

But he—ah! He casts an indulgent glance at himself in the mirror and steps out jauntily.

It is too bad he cannot hear comments women make behind his back. Outwardly tolerant in his presence—as one is with a naughty child guest whom one would secretly delight in spanking—the mature woman is inwardly sympathizing heartily with the wife and daughters who must bear with such offensive, and ridiculous behavior, and congratulating herself that she is not in the wife's place.

Some young girls have still enough of the child in them to enjoy the clownish spectacle of a man old enough to be their father, casting dignity to the four winds—so long as he does not get unpleasant. Others struggle to be polite, wishing desperately that he would "be his age."

It is too bad your husband prefers delusion to respect and friendship. The devoted husband and father who enjoys seeing young people have a good time, without cutting up capers trying to be "one of them," wins true popularity. Young men find in his sane dignity an assurance or reliable advice; young girls hope the men they marry will be like him;

KIRKS JAP ROSE SOAP

Beautiful hands and hair

Jap Rose keeps your hands smooth and lovely without lotions. For this is a pure glycerin soap—the greatest beautifier in the world. NEW ENGLAND TOWNS NOT YET WORRIED OVER WATER SUPPLY

Another fortnight of drought may make situation serious, however.

By LEMUEL F. PARTON
Copyright, 1930, by Cons. Press
New York — (CPA) — Cities and towns of the Atlantic seaboard and New England are not yet suffering acute water shortage from the drought, except in Maryland, but a fortnight or so more of blazing hot weather would seriously endanger municipal supplies. Supplies now are about normal, due to fairly heavy snow and rainfall in the winter and spring. This is the general report at clearing houses of water information here today.

New York city the last two days has used about 1,300,000,000 gallons of water per day. The city's average consumption per day is \$73,300,000 gallons.

Mayor Walker lifted the lid on the town's water tank and gave orders to all park and playground superintendents to tap all available faucets for the children. Thousands of urchins are enjoying the hot spell, probably being quite alone in this, as the revel in cascades from fire hydrants and in park pools and fountains. This probably accounted for a large portion of the increased usage, although citizen proprietors of a back yard rubber plant or allantherus tree, verdure still extant in this wilderness of concrete, were nurturing their pet with a trickle from the hose.

John J. Dietz, water commissioner of New York city, was reassuring about the water situation.

URGENT SENSIBLE USE

"The city has imposed no restrictions on the use of water and probably won't have to do so," he said, "unless this should stretch out into an unheard of drought. There is plenty of water for lawns and flowers and all reasonable domestic use. We do, however, want to ask all citizens not to waste water. That is all we ask. Just sensible use is all that is necessary to carry the city through."

"There was a good flow of water in the spring to build up reserves and the levels in the reservoirs are normal for this time of the year. The New York municipal system supplies a number of small cities within the greater New York area. These suburban areas naturally require more water for lawns and shrubs, but so far the supply is adequate."

On the whole, a check on the status of eastern water supplies indicates that large cities are in a better position to withstand a long dry spell than the smaller municipalities. Water Works Engineering, a publication in this field, has completed a survey covering the adequacy of municipal supplies for present and future needs. It finds the larger cities looking ahead and laying out large extensions and improvements, to meet future demands and with reserve supplies sufficient to withstand a long drought.

Smaller cities, apparently hesitating to vote bond issues in the face of business depression, have been holding back, in spite of, lowering labor costs and easy money.

This current blast of heat, starting July 17, is, according to the United States weather bureau here, one of the most devastating hot waves in the history of the country. In New York, it has been greatly alleviated, first by an abundant water supply and second by the automobile, moving multitudes to the seashore and the woods.

Artificially cooled moving picture theatres are packed, giving rise to the speculation that when the super-power magnates make energy as cheap as dirt, all homes will be cooled.

SHOOTING ESTRANGED WIFE, KILLS HIMSELF

DeWitt, Iowa — (CP) — Mrs. Minnie Hinrichs, 31, was near death at Clinton hospital today following the double shooting late last night in which she was shot by her husband William Hinrichs, 35, who later killed himself.

Hinrichs came to this country eight years ago from Germany. He returned in February to get married, and brought his wife back with him to DeWitt. The couple separated two months ago and Mrs. Hinrichs went to live with Hinrichs' step father, Henry Witt.

The husband pleaded for her return to him but she said that she gave a definite refusal last Saturday. Late last night Hinrichs went to the Witt home where Mrs. Hinrichs was sitting in the kitchen. The man was said to have crept to the kitchen door and fired at his wife. Hinrichs then drove to Elbridge, where he shot himself in the head.

PARIS ALL SOLD ON ROSEBUDS JUST NOW

You'll Find Them Clustered All Over Various Pieces of Lingerie

BY AILEEN LAMONT
Copyright, 1930, by Cons. Press
New York — (CPA) — Women are going to get tired of being so awful feminine by and by. Meanwhile, Paris is sold on rosebuds. Especially for lingerie. You wouldn't believe how many and how luscious rosebuds are embroidered all over nightgowns, pajamas and whatnots. Yes, and even over dark blue felt hats.

OH, I SAY, I SAY!

Several of the smartest feet in London are wearing white buckskin shoes with perforated patterns. Strictly for sports, of course. The catch is that the perforated pattern is so arranged as to form your initials or monogram. And the monogram on your handkerchiefs matches that on your toes.

FLOPS BUT NOT FAILURES

The floppy hat is frequently at its best when accompanied by a floppy scarf. For example, the hat is given a nice distinction by a crepe-de-chine black and white scarf. The red and white hat has a red and white scarf. And sometimes the white shoes have tips to match the red or black of scarf and hat.

ed in summer as they are heated in winter and hot spells will hold no more terrors.

Our Children

By Anglo Patri

A FINE RESERVE

Children babble secrets. Older folk listen and gossip. They have been known to ask pointed questions and to applaud the little babbler's brilliant answers. That, of course, made the little babbler very pleased with himself so he thought up more brilliant things to tell and the excited grown folk listened greedily and passed along the stories where they could do the most harm. You wouldn't think that grownup people would do that, would you?

By and by with much pain and trouble some of the stories are unraveled. Then the little one is blamed and punished for telling tales for disclosing family secrets, for telling lies about his own people. That is hardly fair when everything is considered.

Little children love an audience. If they find they can interest their audience by a certain type of story they will keep telling it until they become, by practice, artists at the trick. At the same time they cultivate an utter lack of that fine reserve that marks the well-bred, intelligent man and woman.

All children, the very best of them, will make mistakes about what to tell and what not to tell until they arrive at that level of intelligence where our teaching on the subject can be made to register. It is not possible to tell a four-year-old child that it is in bad taste, it is disloyalty, it is disgraceful to break the fine reserve that forbids strangers prying into one's family affairs. But it is possible to sow the seed of that idea in the very beginning.

We can teach a child to do his talking to us. We will be his audience and as enthusiastic as he wishes. We will praise him for his good story, laugh at his jokes, applaud his bright remarks so that he will not need any other audience. Drop a word now and then that suggests how much better it is to tell stories to the family than to other people.

When visitors come to the house keep the children out of their way. If it is necessary or pleasant to have the children greet the visitor, bring them in for that purpose and conduct them out again when the greetings are over. They should be busy with their own childish affairs. In that way you establish the fine reserve we so appreciate in young people.

When the children are old enough to come to the dinner table with the elders they are taught not to speak unless they get the signal to do so. The grownups are to lead the conversation and indicate to the children their part in it. Nothing so breaks down the reserve and good manners of children as the mistaken idea that they have the first and last word in the conversation. When dessert is brought in it is pleasant to have the children join in the conversation which is then toned to their interests.

If there is no family standard of manner and manners it is a bit difficult for a child to maintain one abroad, is it not?

Hints For The Shopper

There are two kinds of beach chairs—painted canvas and woven canvas. The latter are regarded as the better because there is no paint to come off and to get on clothes.

A painted canvas chair can be distinguished from the woven variety by the fact that the color shows only on one side of the canvas in the painted product. By moistening the handkerchief, the paint usually will be transferred to the handkerchief.

The shopper should note the construction of a beach chair, regardless of the type. Good beach chairs always have washers between the different joints. Look at the finish. See if the surfaces are smooth or rough. See whether the chair itself is painted or lacquered. The better chairs, naturally, are lacquered.

Wautoma — (CP) — The following officers were elected at the annual meeting of the Seventh Judicial Circuit bar association here: R. C. Graves, Wisconsin Rapids, president; Charles Pors, Marshfield, vice president; and John Roberts, Wisconsin Rapids, secretary-treasurer. The 1931 meeting will be held in Woodcock.

Dance tonight at Apple Creek.

DETROIT RISES TO DEMAND ACTION IN GANGSTER MURDERS

Killing of Radio Announcer One of Boldest of Hoodlums' Steps

Copyright, 1930, by Cons. Press
Detroit — The shots that early Wednesday killed Jerry Buckley, radio announcer and foe of Mayor Charles Bowles, within three hours after the last ballot had been counted in the special election which resulted in the recall of the mayor by 30,000 votes, have awakened Detroit to the menace of an underworld growing steadily both in numbers and audacity.

Buckley, radio announcer for station WMBC, who had carried on a relentless warfare against Bowles almost from the day the mayor was inducted into office last January, was riddled with bullets by three gunmen as he sat in a chair of the La Salle hotel at 1:45 a. m. today.

The murder of Buckley is bound to have repercussions in the impending municipal election, to select a successor to Mayor Bowles. It has already stirred civic organizations to demand that the police break up the gangs and drive out the gunmen who have recently operated in Detroit as openly and as brazenly as in Chicago. The center of a huge rum-

running trade, this city is infested with organized bands of criminals and racketeers who have not hesitated to shoot down anyone that stands in the way of their rich pickings.

BOWLES STILL MAYOR

By a paradox in the Michigan law, Bowles remains today as mayor. Within 30 days he must face the voters again, with one or more opponents. Under the law, Bowles automatically becomes a candidate for the office from which he has been recalled.

The recall of the mayor was interpreted today as an emphatic disapproval of the tenure of John Gillespie, commissioner of public works, who, even more than Bowles, was the target of the recall forces. The appointment of Gillespie, a former police commissioner, who was accused of various laxities during his police term, was one of the acts that aroused the Detroit press to demand the ousting of Bowles. The recall forces charged that Gillespie was running the city. It is estimated he spent between \$100,000 and \$200,000 in the recall campaign to vindicate himself and the mayor.

Names mentioned as possible opponents of Bowles in the impending election include former Mayor John W. Smith, Harold T. Emmons, a Bowles appointee as police commissioner, who was fired after he raided the racing handbooks, and George Engel, long active in political life. Most interest attached, however, to a report that former Governor Alex. J. Groesbeck might be induced to enter the race.

The anti-Bowles forces will attempt to concentrate on one candi-

country staging raids independently of local prohibition units. He operated in Chicago, Philadelphia and several other cities. The Albany district, which includes New England, is now in charge of Earl A. Kohle.

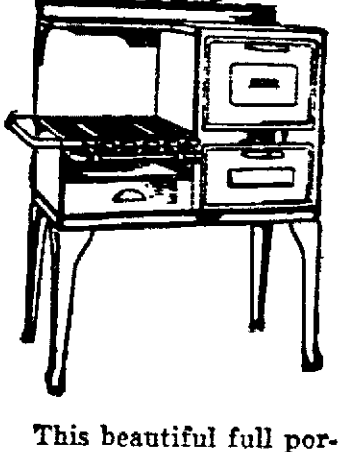

DRY AGENT SUSPENDED AS CHARGES ARE PROBED

New York — (CP) — The New York World says Captain George E. Golding, special prohibition agent, in charge of federal under-cover men here, has been suspended pending investigation of a complaint by a civilian.

Prohibition officials, says the World, indicated that the complaint did not involve Golding's official duties. The complaint is a woman. Golding first attracted attention about five years ago when Commissioner Doran gave him a roving commission and sent him about the date, and Groesbeck is regarded as the strongest man they could find. Next to Senator James Couzens, he is the best vote getter in Detroit.

"WE" Join With Firestone

To Bring You GREATER VALUES at LOWER PRICES

PRICES are low on many good tires, but there is only one "best". The Firestone Company, Firestone Dealers and Service Stores join in reducing distribution costs.

It was not enough for Firestone to originate and apply economies in tire building. Firestone now originates and further applies economies to distribution which reduce our cost and enable us to increase our volume at small profits. . . . We invite you to come in and see the new Firestone Line at these low prices. We not only have tires in all popular sizes, but we have the cross sections so that you may examine the inside construction of the tire, and actually see the advantages of Firestone over other makes. You will be convinced that no such values have ever been offered you before.

LEADERSHIP

Firestone brought out for automobile use—
—The first straight-side tire.
—The first rubber non-skid tread.

PERFORMANCE

Firestone's Cam-Dipped Tires—
—hold all world's records on road and track for safety, mileage, speed and endurance.
—for eleven consecutive years have won the 500 mile Indianapolis Endurance Race.
—were on winning cars in Pike's Peak Race—where a slip meant death.
—were on the Studebaker car which on a board track at Atlantic City in 1928 went 30,000 miles in 26,326 minutes.

—The first commercial demountable rim.
—The first patented Cam-Dipping process.
—The first balloon tire.

—ran 71,351 miles on a Detroit taxicab, before the first tire was replaced.
—were on the C. M. C. truck carrying a two-ton load that hung up the Coast-to-Coast endurance record.
—for 10 years have been sold on a mileage cost basis to taxicabs and bus lines in greater volume than any other tires, and now equip the world's largest taxicab fleet and the world's longest bus line.

Neenah And Menasha News

PLAY OFF FINALS IN PLAYGROUND GAMES

Summer Program Must Be Completed in Another Month

Neenah — With but one more month to go, the playground tournaments and contests finals are being played off. On Wednesday afternoon at Columbus park the first ward and McKinley park Midget baseball teams played their first game, the former winning 14 and 12. In the Junior tournament the first ward team defeated the McKinley team 4 and 2. On Friday the first ward team will play the Doty park teams at Doty park and on Monday afternoon the McKinley and Doty teams will play at McKinley diamond.

In the Kelly trophy tennis tournament for boys of 16 years and under Robert Larson of the Doty park is waiting to meet the winner of the H. Boerson-C. Hanson match for the semi-finals. At Columbus park Edmond Neubauer looks like the winner with James H. Weckner to play off for a place in semi-finals. At Doty park in the tournament for boys 12 years and under, Paul Strange and R. Miller are matched for the finals, which will be played this week. The Columbus park players in this tournament have not advanced past the third round.

NEENAH PERSONALS

Neenah — William Manion and family of Kalamazoo, Mich., are visiting at the home of Edward Manion. This is Mr. Manion's first visit to Neenah in 23 years.

The Rev. E. C. Kollath and family have taken the Schmidt summer cottage on the lake shore for two weeks.

Felix Landig of Chicago, who has been visiting at the home of his brother, Frank Landig, Van-st, the past few weeks, returned Thursday to his home.

Melvin Anspach is spending the week at Chicago.

Paul Kemmel and Edward Nudelbacher have returned from a visit to LaSalle and Peru, Ill.

Mr. and Mrs. R. M. Bublitz of Minneapolis are spending the week with twin city relatives.

Kenneth Grimes of Detroit, Mich., is visiting relatives at Neenah.

Mrs. Theodore Johnson and granddaughter, Joan Chapelle, are spending a week with relatives at Saville.

Miss Edna Zick is home from Chicago, visiting relatives.

Mrs. Harold Mertz is visiting relatives at Stoughton, Pa.

Mr. and Mrs. Fred Jones of White-water are spending the week with twin city relatives.

A son was born Wednesday night at Theda Clark hospital to Mr. and Mrs. William Jacobson.

Dorothy Waskiewicz, Mrs. Alice Wilms, Miss Norma Wilms and Miss Emily Kugel were tonsil patients Thursday at Theda Clark hospital.

Clara Seelow submitted to a major operation Thursday at Theda Clark hospital.

Mrs. Joseph Muench and son are visiting relatives at Evalet, Minn.

AMERICAN LEGION IN WEEKLY BALL GAMES

Neenah — The American softball league occupied the playground diamonds Wednesday evening with its weekly schedule. The Kimberly-Clark team was leading the Grocers 13 and 7 when the storm stopped the game at Columbus park. Bergstrom Papers retained their league lead by defeating the Wisconsin Telephone Power team 7 and 1. The Jerrold-Draheim game was called on account of the storm. The former team was in the lead 6 and 7 at the first of the seventh inning.

The schedule for next Wednesday evening has Bergstrom Papers vs. Kimberly-Clark at Columbus park; Grocers vs. Draheim Sports at Columbus park; and Wisconsin Telephone Power vs. Jerrold Clothes at Doty park.

The Hardwood Products team of the National league will play the Appleton All-Stars Thursday evening at Columbus park.

RUSH CONSTRUCTION OF SERVICE STATION

Neenah — Erection of the new building by the Stanelle Service Station, Inc., on N. Commercial-st., is progressing rapidly and it is expected the station will be open by Sept. 1. A part of the building will be devoted to a restaurant parlor to be managed by Joseph Muench. The other part of the building will be occupied by the Stanelle people.

SQUAD WILL PRESENT AID DEMONSTRATION

Neenah — The fire department first aid squad will present a second demonstration at 7 o'clock Thursday evening at the municipal bathhouse. One of the students, Miss Margaret Blesker, demonstrated her ability last week when she saved the life of an Appleton girl who had ventured into the water too far.

JUNIOR BALL GAME AGAIN IS POSTPONED

Neenah — A dispute between the Hartford and Marville Junior baseball teams over the second district championship again has delayed the game with Neenah team, champions of the sixth district. The game will not be played this week, according to Joseph Muench, manager and director of the local team. It is thought the game will be played next week at Fond du Lac.

Come and dance to the tunes of Tiny Louie & his orch. 12 Corn. Sun.

TREE SITTER STILL UP IN PERCH AFTER HEAVY RAIN STORM

Neenah — Aloysius Werner, Neenah's champion tree sitter, was almost tempted to end his endurance stunt Wednesday evening when he peered out through his canvas windshield and saw the skies darken in the west. He remembered that a few weeks ago a boy was killed in just such a storm. He was thoroughly drenched when the storm did strike, but it was of short duration. Aloysius still is determined to remain in his perch until school opens in September. By noon Thursday, he had been in the tree 253 hours. He started his endurance feat at 8 o'clock Sunday morning, July 13.

ERECT MORE COTTAGES ALONG SHORE OF LAKE

Neenah — A survey of the lakeshore properties, starting at the Neenah waterfront station and extending three miles south reveals there are 162 cottages owned by Neenah, Menasha and Appleton people there.

Every particle of lakeshore frontage is occupied by summer cottages. Many new cottages have been erected during the past year, especially at Adella beach. Many social gatherings are enjoyed by the inhabitants of the lake shore colonies during the week.

New roads have been built by the campers. The city has a few properties scattered along the lake which it is using for the bathhouse, waterworks, fresh air camp. That part from Wisconsin-ave around the lake to the Fox river has been converted into the city's newest park, known as Kimberly park, donated to the city by the Sherry estate and Mrs. Helen K. Stuart.

BOARD OF REVIEW TO CONVENE NEXT WEEK

Neenah — The board of review will meet at 10 o'clock Monday morning at the city hall. The session, an adjourned one will last from 10 to 12 o'clock in the morning and from 1 to 4 o'clock in the afternoon. The board will be in session for about 10 days to listen to complaints against tax assessment. The members are Mayor George E. Sande, Clark H. S. Zemick and Treasurer Walter Loehning.

SENTENCE WOMAN TO 6 MONTHS IN JAIL

Neenah — Mrs. Alvina Baldauf, West Bend, companion of John C. Farmer, was convicted of burglary and sentenced to 10 to 25 years in prison, Wednesday was sentenced to six months in Winnebago jail on a charge of receiving stolen property valued less than \$20. The woman pleaded guilty but made a statement to the judge in which she declared she was ignorant of Farmer's occupation. Farmer burglarized several Neenah homes during his five weeks residence in this locality. Mrs. Baldauf has been in jail since the arrest of the pair in June.

NEENAH SOCIETY

Neenah — Announcement has been made of the approaching marriage of Miss Edith Small, Appleton, teacher in the public schools at that city, and Ole Jorgenson, coach at Neenah high school. The tentative date for the wedding is Aug. 15. Mr. Jorgenson is attending summer school at LaCrosse Teachers' college and will return the latter part of next month.

APPLETON MAN FINED FOR RECKLESS DRIVING

Neenah — Arthur W. Brautigam, 140 S. Jackson-st., Appleton, and Oscar Sommer, 1927 S. Jefferson-st., were arrested Wednesday night and placed in the city jail. The former paid a fine of \$10 and costs Thursday morning to Justice George Harneis for reckless driving and the latter paid a fine of \$5 and costs for disorderly conduct.

ROTARIANS CONSIDER MORE APPLICATIONS

Neenah — William Kellett, chairman on the aims and object committee of the Rotary club, had charge of the Thursday noon meeting at the Valley Inn. Applications of two new candidates were considered.

The board of directors and club council will meet at 6 o'clock Thursday evening for dinner at the Sign of the Fox.

FUNERAL CAR STOLEN FROM PARKING PLACE

Neenah — The funeral car owned by Levarne Piton was stolen Wednesday night from its parking place in the rear of the Chicago-Northwestern passenger depot. Mr. Piton, at 11 o'clock, after completing his duties as telegraph operator at the depot, went out to take his car home and found it missing.

BANTA SOFTBALLERS INCREASE LOOP LEAD

Menasha — The Banta publishing company's softball team is leading the men's race by two full games as a result of the 6 to 3 victory over the Central Paper company squad Wednesday evening. The game was closely contested, with both teams showing plenty of fight. Muelke and Geiger composed the winning battery.

The last game to be played this week will be staged on the Menasha city park diamond Thursday evening when the Wooden are equal will meet the Whiting team. Thursday's tilt will begin at 6 o'clock.

SOCIAL ITEMS AT MENASHA

Menasha — Menasha Odd Fellows lodge met in the chapter rooms Wednesday evening.

The Sunshine club was entertained Thursday afternoon at the home of Mrs. Amelia Frazer, 512 Nicolet-bldg., Menasha.

The Winning Five club was entertained Wednesday evening at the home of Mrs. Anna Fahroch. Schafkopf was played, honors going to Mrs. Mollie Boehnlein and Mrs. William Obright. A luncheon was served.

Menasha Aerie of Eagles will meet in the lodge rooms Thursday evening. A short business session is planned.

No meeting of the Wednesday evening bridge club was held this week. Next Wednesday's meeting will be at the home of Mrs. Marie Rippl. A luncheon will be served.

PAIS GET READY FOR GAME WITH GREEN BAY

Menasha — The Neenah-Menasha "Pais" will attempt to stage a comeback and begin a march toward league leadership when they meet the Green Bay squad at Menasha Recreation park Sunday. Defeated by one run margins in their last two games, the Twin City sluggers are determined to pull out of the slump and pound out a victory in the coming battle.

Changes in the Neenah-Menasha infield lineup have been hinted, but no definite action has been taken. The team management so far, Nixon, Becker, and Zenevski will be on hand for mound work, Jimmy Krysiak will probably be behind the plate, with Billy Handler working in right field.

OPEN WADING POOL IN SECOND WARD PARK

Menasha — With the pool surrounded by carefully watching mothers, several hundred youngsters took advantage of the wading pool facilities in the second ward park Wednesday evening. The pool, built of concrete, was completed this week, and the attendance recorded so far already has justified its construction, according to park board authorities. The plan was drawn by E. Bucholz, landscape artist for Menasha park properties.

EMPLOYEES OF CITY CLEAN BATHING BEACH

Menasha — Under the direction of Peter Kasel, street superintendent, employees of the Menasha street department made their weekly clean up at Menasha municipal bathing beach Thursday. The beach has enjoyed unusual popularity during the warmer weather and in order to provide for patronage recorded daily at figures between 1,500 and 3,000 people, city employees are working almost constantly to keep the premises in good condition.

PERMIT ISSUED TO BUILD OIL STATION

Menasha — A building permit authorizing the construction of an oil station on the railroad property on Racine-st. between Third and Fourth sts. by the Valley Oil company, was issued by city building inspector, Paul Theimer, Wednesday. Permission to build the station was granted at the last regular meeting of the city council, subject to the approval of architectural plans.

COMPLETE AUDIT OF MENASHA CITY BOOKS

Menasha — The quarterly audit of the Menasha city books was completed at the city office Thursday afternoon. C. A. Seifert, a certified public accountant from Waukesha, was in charge of the work.

PUT OUT RUBBISH FIRE NEAR PAPER COMPANY

Menasha — The Menasha fire department was called out at 7:30 Wednesday evening when a rubbish fire in the rear of the Edgewater Paper company building on Garfield-ave. began to alarm neighboring residents. The blaze was extinguished with no damage.

THE WEATHER

THURSDAY'S TEMPERATURES	
Coolest Warmest

Seattle	56 71
Washington	73 84
Winnipeg	69

Fair tonight and Friday, except possibly unsettled Friday in north-west portion; slightly cooler Friday in extreme southeast portion, and to night in south central and extreme north portion.

General Weather
Low pressure prevails this morning over all of southern Canada from the St. Lawrence river to the Pacific coast, causing light rain over western Canada and scattered showers and thunderstorms with rises in temperature. In the lake region light showers and thunderstorms occurred over most of Wisconsin during the past 24 hours and at scattered places in the middle west. Fair weather prevails this morning over most of the upper Mississippi Valley and from the plains states westward. Continued fair weather, with little change in temperature, is expected in this section tonight and Friday.

TWO BANDS
SUNDAY — WAVERLY

HISTORY BOOK SETS RECEIVED AT LIBRARY

Menasha — Two new sets of history books, one covering the United States and the other pertaining to the Fox River valley, were placed in circulation at the Menasha public library Thursday. The American history set contains 12 volumes and was published by the organization department of the Veterans of Foreign Wars. The local history contains three volumes written by W. A. Titus, and is entitled "The History of the Fox River Valley, Lake Winnebago, and the Green Bay Region."

A new book display also has been arranged by Miss Harriet Northrup, librarian. Replacing the shelf display on gardening, the new exhibit contains a number of biographies of famous Americans, including Calvin Coolidge and "Babe" Ruth.

BANTA TEAM TO MEET OFFICE FORCE AGAIN

Menasha — Somewhat subdued, but still in the running, the "rebel" softball team has scheduled another game with the regular industrial league team next Monday evening. The "rebel" lineup has been revamped by Captain Wilterding and a couple of the regular team players have been drafted to aid the executive squad. Last Monday's game, the first to be played between the two teams, ended with the insurgents on the useless end of an 11 to 1 count.

DAMAGE REPAIRED AT WOODENWARE FACTORY

Menasha — The repair job on the large cross compound engine at the Menasha Woodenware factory was completed early this week and 100 men temporarily thrown out of work by the accident to the machinery have resumed their duties. The low pressure side of the engine was put out of commission about 10 days ago when water clogged the machinery and damaged the crank shaft.

PUT OUT GRASS FIRE ON RAILROAD PROPERTY

Menasha — The Menasha fire department was called out early Thursday afternoon to extinguish a grass fire on the railroad property near the Menasha ball park. The blaze had gained considerable headway and was threatening the Menasha Recreation park grandstand when the department arrived. The fire was extinguished before any damage was done.

GETS JAIL SENTENCE ON DISORDERLY COUNT

Menasha — Frank Kozlowski, Menasha pleaded guilty to a charge of drunk and disorderly conduct when arraigned in justice court Thursday morning and was fined \$10 and costs or sentenced 30 days in jail by Justice of the Peace J. Kolasiński. He failed to pay the fine and went to jail.

ISSUE BUILDING PERMIT FOR OFFICE BUILDING

Menasha — A building permit for construction of a factory and office building on Washington-st was issued to the Northwest Electrotube company by Paul Theimer, building inspector Wednesday afternoon. The building work at the building site has been almost completed and construction of the forms for the foundation will begin shortly.

MENASHA PERSONALS

Menasha — George Walker, New London, visited Menasha friends Wednesday.

Julius Ebert of Manawa was a Menasha visitor Wednesday.

BANK AT MENASHA IS GRANTED NEW POWERS

(Post-Crescent Wash. Bureau)
Washington — The First National Bank of Menasha has been granted certain fiduciary powers by the Federal Reserve Board.

Under this authorization, the Menasha bank may act as trustee and as registrar of stocks and bonds.

TWIN CITIES KIWANIS CLUBS MEET IN PARK

Menasha — The Menasha Kiwanis club held a joint meeting with the Neenah organization at Riverside, Park, Neenah, Wednesday afternoon at 5:30. The evening was devoted to ball games and singing in addition to the regular discussions. A musical program featured the meeting and a picnic luncheon was served.

Old Sore Tortured For 30 Years

She Is Happy Now
For 30 long, pain-tortured years, Mrs. J. C. Henderson of North Carolina relied on her ankle — no matter what treatment she tried or how much money she spent — nothing helped her distressing condition. Suffering suggested Peterson's Ointment to her — she admits she was doubtful but she was so discouraged with this never-ceasing agony she was willing to try anything.

Peterson's Ointment had finished her second box of Peterson's. The pain had completely disappeared — she was overjoyed to think that at last she could enjoy living.

Peterson's Ointment accomplishes these three miracles because it's so powerfully healing. Even one application instantly relieves the pain and removes of bruises, piles, boils — a few days treatment entirely banishes pimples, blackheads — even the long standing cases. A 35c box proves it — all drugstores. adv.

MORE WHOOPING COUGH REPORTED IN MENASHA

Menasha — Several cases of whooping cough and one case of measles have been reported to city health authorities during the last week, according to Dr. W. P. McGrath, city physician. Scarlet fever and other contagion has not been reported in the city for several weeks.

POLISH FALCONS TO MEET WRIGHTSTOWN

Menasha — The Menasha Polish Falcons' baseball team, members of the Little Fox League, will meet the strong Wrightstown aggregation at Wrightstown Sunday. Tietz and Case will probably compose the battery for the local team.

POLICE WILL ENFORCE PARKING ORDINANCE

Menasha — Continued effort is being made to enforce the no parking ordinance on Keyes-st between Cleveland and Park-sts, near the Menasha city park. The move was made to prevent traffic congestion on the thoroughfare between the Memorial building and the park proper. Several requests to appear at the police station were issued to violators by Vernon Gruper, park superintendent, Wednesday.

NAB 183 IN JUNE ON CONSERVATION LAWS

Madison — (P) — The state conservation commission announces today 183 persons were arrested in June for conservation law violations. The largest number of offenders were fishermen, wardens reporting 88 arrested. One person also was arrested for impersonating a game warden. Other arrests were:

Hunting, 18; setting fires, and not controlling them, 26; and clamming without a license, 4.

Fines, which go into the state school fund, totaled \$5,215, and sentences amounting to 720 days were meted out. Wardens in Burnett county were the most active. They made 17 of the arrests.

VIBRATION BLAMED FOR BURSTING OF DAM

West Bend — (P) — A weakened foundation caused by continued vibration from the Wisconsin Public Utilities company generating plant was blamed for the bursting of a dam across the company's dam across the Milwaukee river Tuesday with damage estimated at \$40,000.

Water from a 60-acre mill pond back of the dam was drained to prevent further damage. Company officials said a 150 kilowatt generating unit was ruined. Considerable damage was reported to the West Bend Woolen mills plant which adjoined the utilities buildings.

Paris — Skirts are to be still longer. Advance showings of fall styles indicate that the correct distance between slipper and hem will be eight inches.

LEGAL NOTICES

NOTICE OF SEWER ASSESSMENT AND HEARING
Notice is hereby given that the undersigned Board of Public Works of the City of Appleton, Wisconsin, on the 23rd day of July, A. D. 1936, viewed the property on the following described street:

Court St. from South St. south 110'.

For the purpose of assessing and determining the benefits that would accrue to each parcel of real estate affected by building of said sewer by order of the Common Council of the City of Appleton, in accordance with the plans and specifications heretofore adopted and now on file in the office of the City Clerk; that said parcel of real estate, and having considered each parcel of real estate affected by proposed sewer and having duly assessed each parcel of real estate in compliance with the law, and having duly reported thereon and filed said report of assessment showing the Board's determination and assessment and the Board's report being on file and open to inspection in the office of the City Clerk, the City Clerk's office and will so continue for a period of ten days from the date of this notice to wit, until the 31st day of August, A. D. 1936, and on the 5th day of August at 2:00 o'clock P. M. said Board will be in session in its office in the City Hall to hear all objections which may be made to said report, determination, and assessment and will so continue to hear and act as necessary on the premises.

BOARD OF PUBLIC WORKS.
CARL J. BECHER, City Clerk.

NOTICE OF SALE

STATE OF WISCONSIN, IN CIRCUIT COURT, FOR OUTAGAMIE COUNTY.
In the matter of the change of name of Edward Klug to Edward T. Kluchsky.

PLEASE TAKE NOTICE that Edward Klug residing at 443 E. Hancock Street, New London, Outagamie County, Wisconsin, will on the first day of September, 1936, or as soon thereafter as he can be heard, apply to the Circuit Court for Outagamie County, Wisconsin for an order changing his name from Edward Klug to Edward T. Kluchsky in conformity with and on the grounds set forth in his verified petition to be filed with said Circuit Court.

EDWARD KLUG, Applicant.
443 E. Hancock Street, New London, Wisconsin.

STATE OF WISCONSIN, IN CIRCUIT COURT, FOR OUTAGAMIE COUNTY.

Mrs. Mary DeGoey Van Den Bruggen and Anzoleite Coates, also known as Anzoleite Coates, a minor by David Horkman, her General Guardian, Plaintiffs,
vs.
John DeGoey, Anna DeGoey, his wife, Citizens National Bank, a national banking corporation, Dr. E. R. Kluchsky, and Butler-Dietrich Hardware Company, a corporation, Defendants.

By virtue of a judgment of partition and sale made in the above entitled action on the 23rd day of June, 1936, the subscriber, sheriff of Outagamie County, will sell, at his office in the county jail in the city of Appleton, Outagamie County, Wisconsin, on the 9th day of August, 1936, at ten o'clock in the forenoon of that day, the real estate directed by said judgment to be sold, and thereat described as follows:

Lot Number One (1) in Block Number Four (4) of Stoveken's Plat, according to John Stoveken's Addition to the City of Kaukauna, Outagamie County, Wisconsin being the same premises as described as recorded on page 456 of Volume 116 of Deeds, Outagamie County records.

PLAN RADIO PROGRAMS ABOUT STATE PRISON

Madison — (P) — With a state committee, working under the Wisconsin Conference of Social Work, preparing to study the state penal and charitable institutions, the public at large will receive a radio glimpse into this pertinent subject, according to an announcement today.

Over WHA, University of Wisconsin radio station, a series of programs dealing with the state prison at Waupun will be broadcast.

Warden Oscar Lee is to open the series Monday when he will present his views on the educational problem in the prison from the viewpoint of the administrator. Miss Harriet C. Long, chief of the state traveling library, is to outline the library work among the prisoners on Aug. 4.

Chester Allen, director of field organization in the University of Wisconsin extension division, is to speak on Aug. 11, 18 and Sept. 1, on university extension courses offered prisoners in the institution.

LEGAL NOTICES

SEALED BIDS
Sealed bids will be received by the undersigned City of Appleton up to 2:00 P. M. August 5, 1936, for the sale by the City of 4 dump wagons 3 snow plows.

A certified check of 5% of the bid must accompany each bid. The Council reserves the right to reject or to waive any defect in the bid.

CITY OF APPLETON, WISCONSIN.
BY CARL J. BECHER, City Clerk.

STATE OF WISCONSIN, IN CIRCUIT COURT, FOR OUTAGAMIE COUNTY.

In the matter of the change of name of Edward Klug to Edward T. Kluchsky.

PLEASE TAKE NOTICE that Edward Klug residing at 443 E. Hancock Street, New London, Outagamie County, Wisconsin, will on the first day of September, 1936, or as soon thereafter as he can be heard, apply to the Circuit Court for Outagamie County, Wisconsin for an order changing his name from Edward Klug to Edward T. Kluchsky in conformity with and on the grounds set forth in his verified petition to be filed with said Circuit Court.

EDWARD KLUG, Applicant.

OBSERVE MORMON CHURCH MIGRATION

Four-day Period of Pioneer Services Held on Joseph Smith Farm

Palmyra, N. Y. — (P) — A four day period of pioneer services in commemoration of the organization of the church of Latter Day Saints and the 83rd anniversary of the Mormon pioneers' entrance into the valley of Great Salt Lake, began today at the national shrine of Mormonism, the Joseph Smith farm near this village.

On this farm Joseph Smith told his followers 100 years ago he had climbed the hill of Cumorah under heavenly direction and unearthed a volume of gold plates containing the record of a lost American civilization and the tenets of "the true religion."

Today after a century of existence, 250 missionaries and 200 members of the Mormon church from 14 states and Canada have assembled to hear discussion of missionary problems and commemorative addresses and witness a pageant "Footprints in the Sands of Time" by John W. Stomely of Rochester. The pageant will depict the history of religious activity from the time of Adam. Church records say that 100 years ago 39 believers in Joseph Smith's translation of the golden plates met on a farm near Waterloo and organized the church of Latter Day Saints. This took place April 6, 1830, while on July 24, 83 years ago, the Mormon pilgrims made their entrance into the valley of Great Salt Lake, where they founded the present stronghold of the Mormon religion.

The four day observance is under the direction of James H. Moyle, president of the Eastern States missions, and former assistant secretary and treasury under William G. McAdoo.

Costs 85 Cents A Month To Lose Pounds of Ugly Fat

Thousands of Women Know This Is True
How would you like to lose 15 pounds of fat in a month and at the same time increase your energy and improve your health?
How would you like to lose unhealthy fat that you don't need and don't want and at the same time feel better than you have for years?
How would you like to lose your double chin and your too prominent abdomen and at the same time make your skin so clean and clear that it will compel admiration?
How would you like to get your weight down to normal and at the same time develop that urge for activity that makes work a pleasure and also gain in ambition and keenness of mind?
Get on the scales today and see how much you weigh — then get an 85 cent bottle of Kruschen Salts.

which will last you for 4 weeks. Take one half teaspoonful every morning in a glass of hot water — do not overeat — walk a little each day and when you have finished the first bottle weigh yourself again.

Now you can laugh at the people who pay hundreds of dollars to lose a few pounds of fat — now you will know the pleasant way to lose unsightly fat and you'll also know that the 6 vitalizing salts of Kruschen (Salts that your blood, nerves and muscles must have to function properly) — have presented you with glorious health.

After that you'll want to walk around and say to your friends — "One 85 cent bottle of Kruschen Salts is worth one hundred dollars of any fat person's money."

Leading druggists America over sell Kruschen Salts — you can always get it at Schlicht Bros. 35 cent bottle of Kruschen Salts. Adv.

2 MAJOR PARTIES ARE NOW ALMOST EXACTLY ALIKE

Similarity of Tariff Attitude
Is Proof of Lacking Differences

BY RODNEY DUTCHER

Washington—The close of every session of Congress demonstrates all over again and more clearly than ever the fact that there is no real difference between the two major political parties, that one is the party in power and the other the opposition and that when they actually line up against each other there is nothing discernible in the situation except a row between the "ins" and the "outs."

The Republican party has been normally in and the Democratic party normally out. So when an election year comes along and jobs are at stake and the two factions of the politicians' union start slugging away at each other the Republicans begin taking credit for all the good things that have happened to the country and forgetting all the bad things. And the Democrats, of course, forget all the good things and harp on all the bad things as they point accusingly at the Republicans.

DEFEND AND ATTACK

As far as national politics are concerned, there isn't much more to it than that. The party in power boasts and defends itself; the party out of power sneers and condemns. The Republican party is attacked not because it stands for anything in particular, but for the way it does things when in power—the way it revamps the tariff, the way it enforces or doesn't enforce prohibition, the way it helps or doesn't help the farmers, the way it stimulates or doesn't stimulate business and employment.

Each party claims certain fine, high-sounding principles for its own, but neither has an honest, clear-cut or fundamental issue.

Once there was a rather common popular impression that a real cleavage existed between the two parties on the question of the protective tariff. The Republicans were supposed to be high tariff and the Democrats low tariff. And it is true that the Democrats have seized on the Hawley-Smoot tariff act as the big issue in the congressional campaign of this year.

But where were the Democrats in 1928? Straddling the fence and assuring the country that they, too, believed in the protective tariff. Promising the country, in effect, that the Republican rates of duty as fixed in the Fordney-McCumber act of 1922 were good enough for them and that no one need fear a Democratic assault on the tariff walls in case the nation chose a Democratic administration. Al Smith's position was that the tariff must be taken out of politics and that a scientific, non-partisan tariff commission could do just that. Well, today President Hoover and other Republicans are echoing the same thought and Mr. Hoover has said that the flexible provision in the new tariff law can be used to take the tariff out of politics.

The Republican spokesmen are forced to take credit or blame for the new tariff, but again and again they have been trying to make the Democrats share it. They are able to point out that all but one Democrat in the Senate voted for one duty increase or more and against various decreases and the Democratic record in the House is about the same. Five Democratic votes passed the bill in the Senate.

GETTING TOGETHER

All this makes a strange spectacle. In effect, the Republicans are trying to prove that Democrats and Republicans feel alike about higher tariffs, thereby dissociating themselves from the ancient argument that the G. O. P. was the only protective tariff party. They are willing to go that far to meet the attack of the Democrats which is based on Republican sponsorship of an admittedly unpopular measure. Meanwhile, Mr. Hoover has hedged to the extent of admitting that his dear friends in Congress put enough bad

PHONE CO. BUILDING ALMOST COMPLETED

It is expected construction work on the new addition to the Wisconsin Telephone Co. office building on W. Washington-st will be completed within the next two or three weeks. Most of the work on the exterior of the building has been finished and at present workmen are busy finishing the interior of the structure.

stuff in the bill to force him to make quite a few readjustments.

Possibly some bright young person can think of another issue on which the parties are more definitely opposed to each other than they are on the tariff. Possibly there is some real issue which is more than merely something to grab at for temporary use in campaigns. But probably not.

Study Live Cancer Cells In Order To End Disease

New York—(AP)—Growing cancer artificially and the hopes it offers were described Wednesday by Dr. Francis Carter Wood, director of Crocker Cancer Research Institute of Columbia university.

Dr. Wood sailed on the Mauretania Wednesday to attend at Amsterdam the International Congress of Experimental Cytology. These men work with live cancer cells, one of the latest developments in cancer study, which began with learning how to graft cancer upon animals and raise it artificially. Now a start has been made at growing human cancer in glass tubes.

"We are starting," said Dr. Wood, "to do what Pasteur did when he

showed the way to cultivation of bacteria artificially, a work upon which are based some of medicine's greatest advances.

"We know no cancer bacterium or germ; but we have and can see with a microscope, the cancer cell. It causes cancer and does so plainly by ability to grow much faster than a normal body cell.

"But for 3000 years we have been compelled to work with dead cancer cells. Now for the first time we have them alive and capable of producing cancer. We wish to know why they grow so fast, something

we never shall know until we actually see them growing.

"We can study now how fast a cancer cell breathes, that is how rapidly it uses oxygen, whether this is more or less rapid than the rate of a normal cell. Any difference in rate might become a point for a new attack on cancer.

"Some bacteria cause disease by the poisons they produce. We seek to learn whether cancer cells produce poisons, or equally important, to know for certain they do not. If we find such a poison then we wish to know whether it acts the same after it has been produced under artificial conditions. If it differs this discrepancy again is a point for attack on the cancer mystery."

RADIO-HEATED HOMES

Schenectady, N. Y.—It may be possible in the future to heat homes by radio, according to Dr. W. R. Whitney of the General Electric company, by placing high fre-

quency radio tubes which throw off a terrific heat in advantageous locations in the home, this might be developed a short wave, high-frequency tube for this purpose.

"It Controls the Nerves"

"I am a saleslady in a store. My nerves got the best of me and I never had good finger nails because I could not stop biting them off. My appetite was poor and I was always tired. One of my friends told me about Lydia E. Pinkham's Vegetable Compound. I know that it controls the nerves because I have no desire to bite my nails now, and they are long and well kept. My appetite is enormous and I feel like a new person. I have recommended your medicine to many girls with the same good results."—Ethel Fleetwood, 3023 Bardin Street, New Orleans, Louisiana.

GREAT NORTHERN OFFERS UNUSUAL PLAN OF CAPITAL

So-called Preferred Stock is Only Class Floated by Road

BY GEORGE T. HUGHES

Copyright, 1930, by Cons. Press

New York — In one respect the capital structure of Great Northern is unique. It has only one class of stock, a preferred so-called, no common having ever been issued. Of course this means that the preferred is in effect common stock entitled to all the profits after the claims of the bondholders have been met. The total funded debt is \$360,719,500 and the capital stock is \$248,979,450. All the bonds are high grade investments and all of them sell on a low yield basis. Public interest concerns itself mostly with the stock.

For a decade prior to 1922 seven per cent was paid annually to shareholders. In 1922 disbursements were reduced to 5 1/2 per cent and since that year only 5 per cent has been paid. Earnings in 1930 have been the lowest in eight years with the present outlook that only about \$6.89 will be shown for the stock which is not a large margin over the \$5 dividend. It is this falling off in income which accounts for the low market price of the shares and they are likely to continue depressed until there is a turn for the better in traffic. When such a turn will come depends on conditions in the territory served.

Meanwhile the road is strong financially and the stock has the seasoned character that comes from its record of having paid dividends at one rate or another without interruption for the past forty years. Great Northern owns a one-half interest in Chicago, Burlington and Quincy and derives a large non-operating income from that source. When the Interstate Commerce Commission approved the plan for unification with the Northern Pacific the approval was made conditional on the relinquishing of control by the two roads of the Burlington. This condition neither road is willing to accept.

COOK-CO ASSESSOR IS SENTENCED TO PRISON

Chicago—(AP)—Gene G. Oliver, assessor of Cook-co, was convicted in federal court Wednesday on three charges of evading income tax payments. He was sentenced to 18 months in federal prison and fined \$12,500.

Oliver, a member of the Republican-co central committee, was accused of dodging tax payments on an income of more than \$250,000 in the last three years. On each of two indictments he was sentenced to 18 months in the federal penitentiary at Leavenworth, the sentence to run concurrently and fined \$2,500 each. On a third indictment containing three counts he was convicted and fined \$2,500 for each count and sentenced to six months in jail, this sentence to run concurrently with the others.

In passing sentence, Federal Judge Charles E. Woodward said Oliver had been given full credit for gambling losses and "campaign contributions" which were deducted from his net income. Judge Woodward said the government had contended many of the campaign contribution in reality were bribes paid to the assessor, but the judge said "the line of demarcation between bribes and campaign gifts is tenuous and shadowy."

KONJOLA AGAIN TRIUMPHS IN UNUSUAL CASE

Stiffness in Joints, Headaches, and Dizziness Disappear Quickly Before Powers of Modern Remedy

MR. WILLIAM VAN HORN

Konjola has won more than a million friends by doing its work quickly, thoroughly, and naturally. The praise of thousands who have put Konjola to the test is ample proof of its value. Read what Mr. William Van Horn, 425 South 15th street, Lincoln, Nebraska says about Konjola:

"Because of indigestion and kidney trouble, I was desperate. Food simply would not digest, and headaches and dizzy spells were frequent. All my joints were stiff, and no medicine that I had tried helped in the least. Finally I tried Konjola. Four bottles caused such a difference that I can hardly believe it. My ailments have gone completely, and I am still able to do a hard day's work. Konjola did a world of good for me, and I heartily endorse it."

Though Konjola works quickly, a treatment of from six to eight bottles is recommended. Although many people are benefited within a few weeks, it is better to take this medicine six to eight weeks for the best results. Konjola is sold in Appleton, Wis., at the Health Bros. Drug Store and at all drug stores in all towns.

MICHIGAN PRIMARY CANDIDATES LISTED

Lansing, Mich. —(AP)— Races for the September primary in Michigan were made up Wednesday as the time for filing petitions ended last night. The candidates on behalf of whom petitions were filed have the rest of the week to withdraw if they desire to do so.

Candidates for governor include Gov. Fred W. Green; former Gov. Alex J. Grosecbeck; Attorney General Wilbur M. Brucker; George Welsh, Grand Rapids city manager; Edward J. Jeffries, Detroit recorder of court judge, Republicans; and William A. Comstock, of Detroit, Democrat.

The senatorial field is made up of Senator James H. Couzens, Detroit; former Gov. Chase S. Osborn, Saint Ste. Marie, Republicans; and Thomas A. E. Wendock, Detroit, Democrat.

Eleven of the present representatives in congress are seeking reelection. Six of them are unopposed.

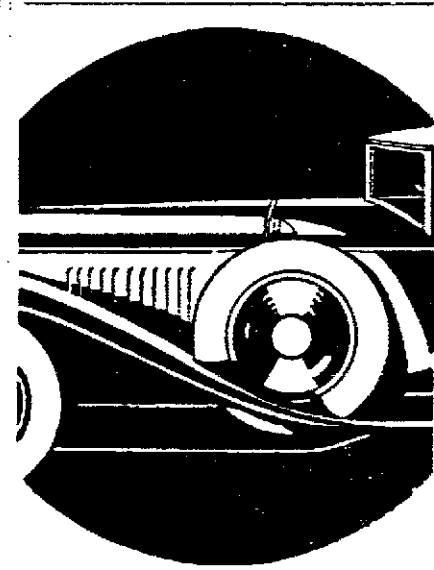

MAN DECAPITATED ON CHICAGO RAIL TRACK

Chicago —(AP)— Joseph W. Garrison, 25, was decapitated by a Milwaukee road locomotive Wednesday in view of horrified passengers of the suburban train he was hurrying to board. Garrison sprinted across the tracks at Montclare station and was struck by an engine hauling a caboose on the next track. Garrison was a bond teller in the Federal Reserve bank.

DIVISION MEMBERS ENTER CAMPAIGN

The automotive division of the chamber of commerce will enter the campaign being conducted by the National Automobile Chamber, according to Kenneth Corbett, chamber secretary. Pamphlets are being sent to truck and cab drivers of companies affiliated with chamber divisions throughout the country in an effort to create a feeling of responsibility in drivers, and to make their practice safety first.

The cost of light has decreased so enormously that as much light can be purchased today for one cent as a hundred years ago for one dollar.

SEMDAC AUTO POLISH

—brings back beauty

When dirt and grease cover your car—that's the time to use Semdac. This easy-to-use emulsion dissolves dust and grime like magic. Just wipe it off—to a bone-dry brilliance. There's your car restored to its first radiance. Semdac doesn't "bloom" or scratch. Its luster is lasting. Try a bottle today.

Fords Clash With Wisconsin Rapids Here Sunday

APPLETON MUST WIN TO REMAIN AMONG LEADERS

Invaders Defeated June 1 When Murphy Hit Homer in Ninth

APPLETON and Wisconsin Rapids baseball teams will again entertain folks out at Brandt park Sunday afternoon, in a game that should be the best this season.

The Rapids will be coming to Appleton all primed to win for the simple reason they are trying to catch the league flag and now are the leading club. The Fords on the other hand are seeking to get back among the leaders and the simplest and easiest way to accomplish the trick is to dump the Rapids down with the rest of the clubs.

Last Sunday's farce during which the Fords took a trimming from Kim-Little Chute after having a 12 and 2 lead has been branded, "one of those things" by the Fords and shoved off among the relics of bygone days. The heat probably had much to do with the fiasco and there won't be another exhibition for many a moon.

Fans who want to see a real ball game, the slam bang kind, will probably get their money's worth Sunday. There's plenty of fireworks on top when the Rapids and Fords get together in the local hot and muggy of that game played here June 1, have not died away. At that time the two clubs battled up to the ninth frame with the Fords trailing when Leo Murphy uncorked a homer and the show was over.

Despite the rather warm weather the last couple days Len Smith has had his charges working out evenings and expects them to even up the valley race when Sunday afternoon rolls around.

PAGE, CANNON WIN AT WOMENS MEET

Appleton Entrants in State Tournament Win and Lose Matches

Built's Eye Country Club, Wisconsin Rapids.—(P)—Eight women were to take part in the second round of championship play in the Wisconsin Women's golf tournament here.

Led by Dorothy Page, Madison, and Adele Koto, Stoutington, Marie Reimer, Milwaukee, who upset tournament dope by defeating Mrs. G. E. Cleophas, Beloit, veteran of many state meets, was to start with Mrs. William Findler, Milwaukee, Jane Cannon, Milwaukee, defending champion, was paired with Mrs. Harold Walker, Milwaukee, and Susan Nash, Wisconsin Rapids, was to play Mrs. L. J. Staats, Madison.

The two Appleton representatives in the tournament won and lost matches. Mrs. W. H. Nelson, playing in the first flight won her match from Mrs. H. P. Favell, Chippewa Falls, three up and two to go, and will continue play Thursday.

Miss Henrietta Pratt, playing in the second flight lost her match with Mrs. J. S. Motter, Milwaukee, two up and one to go. Both women are members of the Butte des Morts club.

VITENSE TO PLAY AT MILWAUKEE

Entered in Qualifying Round for Professional Golfers Tourney

George K. Vitense, professional, at Butte des Morts golf club will leave late Sunday or Monday for Milwaukee where he will compete in the qualifying round for the P. G. A. tournament to be played in New York later this summer. The qualifying round is being held at Woodmont course.

Although he may not get a chance to go over the course even once before starting play in the qualifying round Vitense is confident he will qualify. His playing during the last few weeks has continually been around par and his putting is the best ever.

Success in the qualifying round for the P. G. A. tourney and continued good playing probably will prompt Vitense to try his luck in the western open tourney, too. The meet is to be held at Detroit this year.

THREE YANKEE POLO PLAYERS INJURED

New York.—(P)—The United States polo team candidates appear to be in the throes of a series of accidents. Captain Tommy Fitzhugh and "Pete" Bostwick were the first to be injured and yesterday young Marie Hopping joined the group when he was thrown from his pony in the second test match at the Piping Rock Country Club.

Hopping received painful cuts about the face and shoulders but expects to be back in the lineup for the third match Sunday.

DRIVING NET PUT UP AT MUNI GOLF COURSE

Golfers who patronize the municipal golf course now will have an opportunity to smooth out those hooks and slices with installation of a driving net a few days ago. The net, or rather cage, has been installed where the old tee for the eighth hole was located. Many golfers took a few practice swings into the canvas Wednesday before venturing forth in an effort to bounce a couple points off their score.

Robins Beat Cards As New York Giants Down Joe McCarthy's Bruins

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

W HOUVER it was that said "youth must prevail" probably would be inclined to retract that statement if he should look at the major league box scores these days.

Five moundmen whose combined ages total approximately 200 years, were sent out to toil yesterday and while only one pitched a complete game, nearly all of them turned in good pitching performances. Adolfo Luque, 58-year-old Cuban, did a great job as he made first place in the National League safe for the Brooklyn Robins. Luque held the St. Louis Cardinals to five hits through a trying duel with Sylvester Johnson while Brooklyn slowly gathered enough momentum to win, 4 to 1.

The Robins' gain was made possible by the New York Giants, who downed the Chicago Cubs, 5 to 6, to put Brooklyn a full game plus a few points in the lead. The pitching in the game was a matter of numbers rather than skill, Chicago using five hurlers and New York four, and the wildness of the Cub throwers was the principal reason for the Giants' four run rally in the fifth which decided the game.

Along with Luque, ancient Jack Quinn, of the Philadelphia Athletics, whose years number somewhere near 45, above or below, gave the younger pitchers a lesson. Quinn had a little trouble in the ninth inning and George Earnshaw finished the game for him as the A's downed Detroit, 4 to 1, but in his eight innings on the mound which gave him his ninth victory, Quinn allowed only five hits.

MCKIN RESCUES FABER
Urban "Red" Faber, second in age to Quinn in this quintet, did not figure as a winner or loser for the Chicago White Sox. After holding a 1-0 lead for five frames, Faber weakened and allowed the Boston Red Sox three runs in the sixth. Hal McKinnis relieved him and got credit for the victory as Chicago rallied again and gained a 5 to 3 decision. The victory moved Chicago back into sixth place as Washington came back after three straight defeats and pulled out a 10 to 9 victory over the St. Louis Browns in eleven innings.

Another youngster of 35 years, Eppa Rixey, was given the task of trying to put the Cincinnati Reds into sixth place in the National League ahead of the Boston Braves at the start of yesterday's double header. He had a bad inning and was behind when taken out for a pinch hitter in the eighth. Silas Johnson was credited with the victory as Cincinnati rallied in the ninth to win the game, 8 to 7. Johnson also was charged with the defeat in the second game when he again appeared as a relief pitcher and was the victim of Boston's eleventh-inning run which gave the Braves the decision, 6 to 5, and kept the teams in a tie. Harry Seibold, not much younger than the ancients of the select group, pitched the entire game and drove in the winning run himself.

Herb Pennock, the youngster of the quintet, age 36, had a rough time of it against Cleveland and was the principal victim of the Indians' eighth-inning rally which netted five runs and a 10 to 1 victory over the New York Yankees.

The Phillies and Pittsburgh used pitchers of almost every kind as the Pirates won two games through Pie Traynor's two home runs. Traynor's first four badger gave Heinie Meine a 2 to 1 decision over Roy Hansen in the first half of the game while his second, coming with two on base in the thirteenth inning, put the Pirates on the long end of a 16-15 count.

Ten pitchers worked in this game and between them they yielded 56 hits.

MASTRO AND LABARBA WILL FIGHT AUG. 7
Chicago.—(P)—Earl Mastro of Chicago and Fidel LaBarba of Los Angeles, a pair of the country's outstanding featherweights, will meet in a 10-round bout in the Chicago Stadium Aug. 7—but not under the auspices of the Stadium corporation.

Stadium directors had decided to close up shop for the summer, but yesterday rented the big building out to Sammy Wolff, who recently returned to the Chicago promotional field, for the battle which ranks as a hot attraction. It will be the first fight to be held in the stadium under the direction of anyone other than the Stadium corporation.

HORNSBY TO REJOIN BRUINS NEXT WEEK
Chicago.—(P)—Rogers Hornsby, the Cubs' injured second baseman, did not join his mates today at Philadelphia as he had intended.

An examination of his left ankle, fractured in the morning game Memorial day, yesterday revealed almost complete recovery, but it was decided additional rest would be beneficial. He will join the club when it returns from the east next week.

U. S. GOLF STARS AT CANADIAN OPEN
MacDonald Smith, Runner Up to Jones in England, Is Favored to Cop

Ancaster, Ont.—(P)—With Bobby Jones away from the golfing wars for the time being, MacDonald Smith, runner-up to the Atlantic in both the British and American open, is figured to be the best bet for the Canadian open, golf championship opening at the Hamilton Country club today.

Mac Smith has a difficult job as practically all of the leading golfers of the North American continent are seeking the title won the past four years by Leo Diegel. The Aqua Caliente professional is back to defend his crown and has been burning up a course in practice rounds.

A glance over the field shows such great stars as Horton Smith, Tommy Armour, Johnny Farrell and Walter Hagen, counted more or less as a dark horse.

Eighteen holes will be played today and tomorrow with all of those within 20 strokes of the leader entering the final round of 36 holes Saturday.

TILDEN, BOROTRA IN FIRST TENNIS MATCH
Paris.—(P)—William T. Tilden, of the United States and Jean Borotra of France will dispute the first singles of the Davis cup challenge round tomorrow at Roland Garros stadium. The draw today also determined that in the second match Germany will meet Henri Cochet of France.

On Sunday the order will be reversed, Tilden facing Cochet and Lott engaging Borotra.

The draw for the doubles match Saturday will not be made until the result of the first two singles is known tomorrow night.

Play will begin tomorrow afternoon at 2:15. (9:15 C.S.T.)

PACKERS SIGN 2 MORE GRIDDERS

Al Bloodgood, Paul Fitzgibbons on Green Bay Roster This Fall

Green Bay.—Al Bloodgood, Nebraska, and Paul Fitzgibbons, Creighton, a pair of veteran pro league backfielders, have come to terms with the Green Bay Packers.

Bloodgood, who is a triple threat artist, has played with the Cleveland and New York clubs and last year coached and captained the Ironton, O., eleven, one of the strongest "free lance" clubs in the country. The former Cornhusker is a "half pint" griddier, weighing but 150 pounds, but he is like streaked lightning when in action. He is one of the best field goal kickers in the business.

Fitzgibbons has performed with the Chicago Cardinals, Duluth and Philadelphia Yellowjackets. The former Creighton flash finished up his medical course at Rush this June and decided he would double in football and medicine this fall after a year's absence from the gridiron. Fitz would like to practice at Green Bay and figured the best introduction would be a year or two with the Packers.

The 1930 Packer machine is beginning to take form as Capt. Lambeau has Darling at center, Minick, guard; Perry, tackle; Radick, end, and Dunn, Englemann, Fitzgibbons, and Bloodgood, backs, on the "dotted line." Within another two weeks, the Bay leader hopes to have his club pretty well rounded up.

TAIT LITTMAN BEATS COURTNEY

Cudahy Fighter Now Will Get Chance at Mickey Walker's Title

Milwaukee.—(P)—Tait Littman, blond Cudahy fighter, today was on his way toward recognition as a threat for Mickey Walker's middleweight crown after defeating George Courtney, New York, in a 10-round fight here.

Littman pummeled Courtney about the ring at the Blue Mound dog track last night and won six rounds decisively, lost three and boxed the New Yorker evenly in the other. The judges' decision was unanimous for Littman. Courtney weighed 165 pounds and Littman, 161.

Jack Kearns, former manager for Jack Dempsey and at present managing Courtney, promised Littman a chance at Walker in the event he should defeat Courtney.

In the semi-windup, Mickey O'Neill, 141, Milwaukee, won the decision over Hershey Wilson, 138, Chicago in 10 rounds. Curtis Brown, Milwaukee, 140, defeated Matt Cianciola, 144, Milwaukee, in six rounds and Art Bergner, 123, Milwaukee, lost to Erick Connell, 128, Chicago in six rounds.

DID YOU KNOW THAT—
THE newest wrinkle in big league tennis circles is an icebox at the side of the court from which the racketeers obtain tennis balls . . . not drinks . . . They say that heat increases the "rabbit" in a tennis ball . . . The big league freshman from Yorkville, N.Y., Neal "Rocky" Finn, was honored by the home folks the other day.

Mickey now drives around in a brand-new sedan, the gift of the boys back home . . . This Senior Alfonso Lopez has not yet learned that big league rookies aren't supposed to make home runs on bunts . . . The young Brooklyn catcher caught Lindstrom flat-footed with a neatly-placed bunt . . . Freddie heaved over Terry's head and Lopez sailed around third without slackening speed . . . Not to be outdone by Lindstrom, Terry retrieved the ball and pegged over the Giants' third baseman's head . . . Meantime, Alfonso galloped across the plate.

and instead of slumping they appear more likely to go forward to better things and win the pennant by almost the same margin as they did last year.

SEE MAJOR-MINOR FIGHT
In addition to baseball championships a campaign is on of baseball politics which will not be ended until the annual meetings of the minors and the majors and it may not be ended then.

Some minor leagues, not all of them, have been trying to run on a semi-major basis and finally have come to the conclusion that they can't do it. Their funds are being exhausted and they have no alternative other than to try to hold their franchises and with others start the season of 1931 on a basis on which they can live.

The mingling of interests by which major leagues have intruded their teams and players into the minor circuits has not panned out well.

It is always the case that some minor leagues go under after the fourth of July. That has happened in baseball ever since there has been baseball. More than once Pat Powers came to the rescue of what is now the International league and held it together. The league is in a slump again because it has been badly handled and should have kept out of major league alliances from the start.

Valley League Gossip

The biggest upset of the Valley league race was pulled off at Appleton Sunday when Kim-Little Chute downed the Collegians by a football score 19 to 17. Marty Lamers did everything but drop kick during the excitement.

Green Bay took it on the chin, 9 to 1 at Wisconsin Rapids. It was anybody's ball game until the last of the eighth when Huber & Co. got busy with their war clubs and chased one Lefty Evans to the cooling showers.

Vunk, former Manitowoc slabster, made a successful debut in the Baetz loop by twirling Kim-Little Chute to a 10-11 victory over Nee-Menasha in eleven rounds. It was Vunk's bangle that chased home the winning marker.

"100 plus" baseball worked hard-ship on all the Valley league teams on Sunday. Several of the clubs would change slabsters every other round. In other words, the moundster not hurling would do duty in the pastures.

The heat was intense at Kaukauna and it got Les Smith and Empire Jensen seeing red. The Kaw manager passed some nasty remarks about the vision of the Little Chute mayor and it was the bench for Smith in a hurry.

Schmidt, a newcomer, is getting by nicely as a baseball umpire. The recruit calls them as he sees 'em and tends strictly to his own business. Some of the Valley umpires spend too much time with their hand shaking.

"Specs" Eastling nearly took one on the beagle in the Green Bay game. He attempted to grab a short pop up but lost the ball in the sun. After a couple of fancy steps, he nose dived and so did the ball, only inches away.

Eddie Fonterek returned to the Bay battle front after a year's absence due to an ailing stomach. Manager Clusman will have to find a regular place for Fonterek because he hits too well to be kept on the bench.

Here is another box score oddity. In the Kim-Little Chute game, Tornew of Appleton, was up four times, he made six runs and got three hits. The swatman counted in every trip to the plate. He drew free transportation twice.

Chief King, of Green Bay, grounded a homer against Wisconsin Rapids. He buzzed a grass hopper down the third base line and the ball scooted into the wide open spaces. Before it was returned, King was in the "coop."

Joe Muench, co-manager of the Nee-Menasha club, is getting the hitting habit like the other pilot, Harry Leopold. Against Kaukauna, the veteran infielder got three safe blows and dented the rubber twice.

Decker, the Wisconsin Rapids shortstop, is getting his bingles when they come these days. The former Badger star is like greased lightning on the paths and it takes a fast peg to catch him going into first base.

The Verslegen brothers, infielders for Kim-Little Chute, fattened their batting averages at Appleton. Harry, the lead-off man, got five out of five while his brother, Bobby, third sacker, collected four in six attempts.

"Doc" Murphy from Dale, Wis., is having a great year behind the bat for Appleton. This year his hitting has improved about a hundred points while his pegging to the base has been poison to many on the paths.

Even the best of them go wrong once in a while. Take Len Smith for instance. There isn't a better fielder in the loop but the Appleton manager was charged with three errors in the Kim-Little Chute merry-go-round.

Evidently a week of honeymooning didn't dim Shorty Wenzel's batting eye. The Kaukauna backstop found the offerings of Becker and Nixon, the Nee-Menasha pitchers, much to his liking and he pounded out a trio of blows.

"Stoney" McGlynn, Milwaukee sport writer, paid a visit to the Green Bay bench at Wisconsin Rapids last Sunday and spent a few innings talking football. "Mac" finally asked what the score was and then he pulled stakes.

Pete Lepine, who umpired behind the plate in the Appleton-Kim-Little Chute game, got hoarse from announcing pitching changes. The Collegians used Ritten, Lake and Crows while Poca, Paris and Vanderloop worked for the Papermakers.

"Stubby" Huber, Wisconsin Rapids third sacker, is having all sorts of trouble with his injured leg. Huber should be out of the game but he keeps on hopping around and is playing better than the average brand of ball.

A battle for first place will be staged Sunday at Appleton where Wisconsin Rapids tangles with the Collegians. Green Bay goes to Nee-Menasha for the first time this season. Kaukauna is at Kim-Little Chute again.

Milwaukee.—Tait Littman, Cudahy, outpointed George Courtney, New York, (10) Mikey O'Neill, Milwaukee, outpointed Hershey Wilson, Danville, Ill., (10).

TOLLEY AND EVANS ARE ELIMINATED IN WESTERN AMATEUR

Johnny Lehman, Former College Golf Star Now Threatens Moe

CHICAGO.—(P)—Johnny Lehman, one of the prize products of college golf, blocked the march of Don Moe, the youthful champion from Portland, Oregon, toward another western amateur title as the struggle for the crown went into the quarter-final round over the rugged Beverly Country Club course today.

The methodical shotmaker, co-medalist, former Big Ten champion and one of the best golfers in the Chicago district, paced the king of western amateurs in a long stretch of 36 holes and while Moe ranked as a slight favorite, the match generally was ranked as a tossup battle.

As the quarter-final round opened today all the favorites with two glaring exceptions remained in the fight. The two, who were upset were Cyril Tolley of Great Britain and Charles "Chick" Evans. Tolley fell before Bob McCrary, Trans-Mississippi champion from Des Moines, Iowa, one up, while Evans was eliminated by the youthful Charlie Fuh of Rockford, Ill., by the same margin on the nineteenth green where his rival held a 35 foot putt for a birdie. Three to clinch his triumph.

England had one big punch left, however, in T. Phillip Perkins, former English amateur champion now residing in New York.

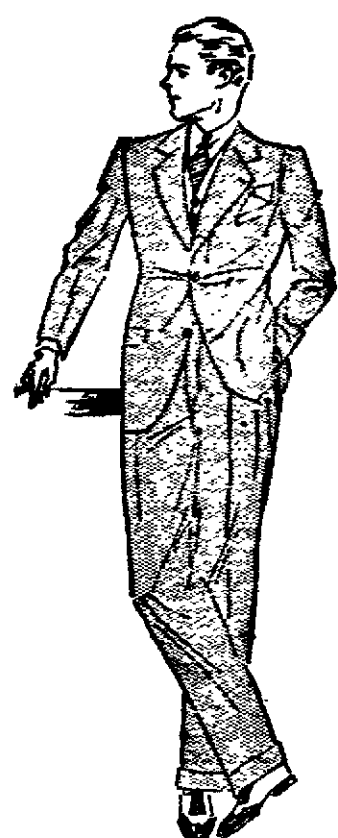

Perkins had a worthy rival today in Jack Westland, Chicago district champion.

In the lower bracket today, Fish faced Ira Couch, another Chicago start who was favored to defeat him while McCrary faced a monumental rival in Gus Novotny of Chicago who eliminated Keefe Carter, former champion from Oklahoma City yesterday.

All matches from today on were 36 hole affairs with the championship final fixed for Saturday.

NORMAN CLAPP WINS IN TENNIS TOURNAMENT
Norman Clapp, ranking tennis player at Appleton high school defeated H. Johnston, 6-3 and 6-0 in a recent match in the Y. M. C. A. tennis tournament now being held. Clapp's victory was his second in the tourney.

Results of other recent games shows John Catlin winner over Russell Denyes, 6-1 6-0 and 6-3, and Bob Shannon winner over Bob Cox, 6-2 and 6-0.

We Have Blended Smartness with Economy

The finest shaving soap for men who like a stick. A great favorite. Kind to tender faces. Quick softening and lasting. Special famous handy grip.

Do not accept any substitutes. Insist on Palmolive or Colgate items in this offer. SEE YOUR DEALER TODAY!

TOLEDO MUD HENS SELL WARSTLER TO BOSTON RED SOX

Majors Buying Players Despite Differences With AA Clubs

CHICAGO — (AP) — The major leagues have decided they will have no further player dealings with the three class AA leagues — the American association, the International and Pacific coast leagues — after Dec. 1, unless the latter agree to the universal draft, but that hasn't kept several clubs from picking up men from the American association recently.

The Boston Red Sox yesterday purchased shortstop "Rabbit" Warstler from Indianapolis. Warstler, a .257 hitter, has fielded well for the Indians, and was leading the league in two base hits today with 229.

Last week Brooklyn purchased southpaw hurler Freddy Heimach from the up and coming Toledo Mud Hens, and shortly before that, the Mud Hens sent Gregory Mulleavy to the Chicago White Sox.

Louisville's lead over St. Paul yesterday was cut to four and one half games, even though the Saints were idle at Kansas City because of rain. The Colonels ran into the Columbus Senators while the latter were in a hitting mood and took a 12 to 2 wallop. Larry Winters held the league leaders to five hits.

St. Paul gained a half-game on Louisville by being idle, but Toledo moved up the same distance by making it three straight over Indianapolis. A seventh inning uprising scored six runs to give the Mud Hens an 8 to 3 margin. The home run bat of Ernie Wingard, Toledo's pitcher-first baseman, which had been silent for several days, sounded off again with two men on during the rally. Infielders Monahan, Connolly and Freisach, of Indianapolis were banished for persistent back-talk to the umpires.

Milwaukee presented an indifferent brand of baseball and Minneapolis won, 7 to 3. Long George Kelly got another home run for the Millers, while Young got one for Milwaukee. Fred Stelly went the route for the Brewers but Dick Morgan required help from Carmen Hill. Hill went in during the ninth inning rally by Milwaukee and fanned two of the three men who faced him.

Indianapolis . . . 100 011 090 — 3 9 1
Toledo . . . 000 011 60x — 8 13 3
Cleveland and Riddie; McQuillan and Henline.
Minneapolis . . . 103 022 001 — 7 12 2
Milwaukee . . . 010 200 000 — 3 8 3
Morgan and Griffin; Staley and Shea.
Columbus . . . 020 041 022 — 12 14 3
Louisville . . . 020 000 000 — 2 5 2
Winters and Dixon; Polli and Thompson.
St. Paul-Kansas City (doubleheader postponed on account of rain.)

Oakland, Calif. — Andy Divodi, New York, outpointed Larry Murphy, Los Angeles, (10).

DANCE. DARBOY, THURS.

Boxers Are As Careful About Age As The Girls

BY WILBUR WOOD
Copyright 1930

NEW YORK — (CFA) — The theory has been advanced that it was a bad break for Al Singer to win the lightweight championship at such a tender age. At least that is better than winning it when just about through, as was the case with Rocky Kansas.

According to the papers on file with the state athletic commission Singer will be 23 years old on Sept. 6. For all any one knows Al may be cheating a couple of years. Young boxers tack on a few years to beat the six-round rule. Some of the old-timers knock off a few on general principles.

It was only a few months ago that Tony Canzonieri, who defeated Benny Bass in a non-title bout in Philadelphia Monday night, was tendered a big party out in Chicago, where he is even more popular than here, on the day of his coming of age. There was some merriment at the feast at the expense of the New York commission, as Tony was credited by that body with being 24 years old. Somebody made a speech to the effect that Tony had won and lost the featherweight title before he was 21, while the commission was forced

ing other boxers under 21 to observe the six-round limit.

Then old Mike McGivney announced his retirement and gave out a statement setting forth his true age as well over 40 and past the age limit set by the commission. That was another laugh.

These incidents led the fistie fathers to start a check on the ages of boxers so far as possible. One startling discovery was made—that according to the certificates filed with the board the four Silvers brothers all were born within a space of five months. Really, though, it doesn't make a great deal of difference whether a little cheating is done as regards age. There are other and more important forms of cheating upon which the commission could concentrate its energies with better results for the fistie public.

A glance into the records reveals that most of the lightweight kings of the past have ascended the throne at a comparatively early period in their careers.

Sports Question Box

Question—When is a player a batter and when is he a base runner?

Answer—He is a batter when he is in the batter's box trying to hit the ball and the moment that he bats it fair or three strikes are called on him he becomes a base runner. He is also a base runner when he is given a base on balls and when he is hit by a pitched ball.

BLUE LARKSPUR OUT OF SATURDAY'S RACE

Chicago — (AP) — Blue Larkspur's chance of becoming the leading money winning horse of American turf history apparently has been wrecked by lameness.

Col. E. R. Bradley's four-year-old son of Black Servant-Blossom Time bowed a tendon in his weak right foreleg yesterday in a workout for the \$35,000 Arlington handicap Saturday, and trainer Dick Thompson said he would be out of racing for the rest of the season and probably for all time.

PADDY HARMON PAYS LAST VISIT TO STADIUM

Chicago — (AP) — Paddy Harmon made his last visit to the Chicago Stadium—his stadium, today.

Fulfilling his last request before he died Tuesday of injuries suffered in an automobile accident, the body of the man who dreamed and built the \$7,000,000 sports arena on Chicago's west side, today was taken there to lie in state until the funeral Saturday.

Although the funeral was set for Saturday other arrangements had not been completed today because of the condition of Harmon's wife, Mrs. May Harmon. She was critically injured in the accident and last night had shown no improvement.

A verdict of accidental death was returned yesterday by a coroner's jury.

INJURED JOCKEY NOT EXPECTED TO RECOVER

Chicago — (AP) — Little hope for the recovery of steeplechase jockey Harry Hunt who was injured Tuesday when his mount, Flit, fell with him at Arlington park, was entertained today. Hunt suffered a concussion of the brain and late last night had not regained consciousness.

What the Stars Did Yesterday

Pie Traynor, Pirates—Two home runs defeats Phillies in doubleheader.

Adolfo Luque, Robins—Held Cardinals to five hits as Robins won.

Harry Seibold, Braves—won own game with single in eleventh defeating Cincinnati.

Jack Quinn, Athletics—Pitched five-hit ball against Tigers.

Red Faber and Hal McKinn, Chicago White Sox—Limited Red Sox to four hits.

Joe Cronin, Senators—Home run in ninth tied score with Browns, Washington winning in eleventh.

New York—Panama Al Brown outpointed Domenico Bernasconi, Italy, (6); Harry Smith, New York, knocked out Babe McCorgary, Wichita, Kas., (3); Eddie Mack, Denver, outpointed Ray Rivera, Porto Pantaleo, Chicago, (5).

Boston—Eabe Hunt, Ponca City, Okla., knocked out Paul Pantaleo, Chicago, (5).

Spokane — Tod Morgan, Seattle, outpointed Don Fraser, Spokane (6).

CHICAGO ITALIANS WOULD HELP PRIMO

Ask Secretary Davis to Give
Another 6 Months' Stay

Chicago — (AP) — Former judge Bernard Barasa has asked James J. Davis, secretary of labor, to intervene on behalf of Primo Carnera, Italian heavyweight boxer, who has been ordered to leave the United States.

Barasa, speaking for Chicago Italians, wired the secretary of labor yesterday, asking that an extension of six months be granted the giant fighter. He urged the extension so that Carnera again might box Leon Chevalier, coast Negro. When the pair met in California several months ago, it was charged that one of Chevalier's seconds tossed a towel into the ring admitting defeat, while the Negro was apparently easily holding his own. The incident resulted in the suspension of Carnera and his several managers, in many states.

The bout would be staged in Chicago by promoter Mique Malloy Aug. 14.

New York — (AP) — Primo Carnera, the much talked about heavyweight giant from Italy, was in New York today for an interview with immigration authorities.

Carnera, through his manager, Leon See, is seeking an extension of time to remain in the United States, having been ordered to leave because the six months for which he was admitted are up.

Avoid GUM-STUCK VALVES!

Use

KOOLMOTOR GASOLENE

the gas from which harmful gum has been removed

IMAGINE the fight that goes on in your engine when your valves are stuck with sticky, gummy, clinging deposits.

Gasolenes containing an excessive amount of gum cause that condition. When you step on the gas for more power your engine labors—your valves struggle to get free—you wince at the faulty response.

Why tolerate this sluggish performance? Change to Koolmotor Gasolene—the gas from which harmful gum has been removed. Cities Service experts put this superior motor fuel through extra processes, exercise greater care, to relieve you of gum-stuck valves. The Cities Service mini-gum process reduces the gum content to a harmless minimum.

Keep your valves clean—help them deliver their best—insure maximum power at all times—by keeping your tank full of Koolmotor Gasolene—the gas that is free from harmful gum.

INDIAN CLINIC TO BE CONDUCTED BY WISCONSIN, U. S.

Congressman Schneider As-
sists in Preparations for
Examinations

The Wisconsin State Board of Health and the Federal Bureau of Indian Affairs are planning to combine their forces for a special Indian clinic to be staged in Forest-co Aug. 26, 27 and 28, according to word received this week by Congressman George J. Schneider from C. J. Rhoades, commissioner of the federal Indian Bureau and Dr. C. A. Harper, state health officer.

Congressman Schneider plans to go to Forest-co to assist in the examinations to make efforts to help trace the history of an alleged "Lost Tribe" of Indians who are residing in the area in that vicinity.

The medical personnel of the two departments will be combined in staging the clinic, according to word received by the congressman from Mr. Rhoades. There is to be a complete health survey of the Indian situation in Forest-co. The first day the clinic will be held at Wabeno while the second and third days probably will be spent at Laona or Grandon.

This clinic, according to Dr. Harper, in conjunction with similar clinics held at Odanah, Red Cliff and Bayfield, will aid in giving a reasonable cross-section of the health of the Indian in Wisconsin. The problem, however, still remains unsolved; how to take care of those in need of medical aid after the facts are determined.

Dr. Harper says he has no information on what is supposed to be the lost tribe of Chippewas but that people in Forest-co who are interested in the matter are being asked to get every Indian to the clinic that can be persuaded to come. A complete history of each will be taken as well as making an examination of their physical and social welfare, so that if there is a lost tribe it will be possible to get in touch with them, the health officer says.

DULUTH COLLEGE TO GRADUATE 35 STUDENTS

Duluth, Minn. — (P)—The Duluth State Teachers' college will graduate a class of from 20 to 35 at exercises July 25 according to Eugene W. Bohannon, president. The majority of the graduates are completing a two-year curriculum while others are finishing four-year courses. There is an enrollment of nearly 500 students for the summer term, half of whom are teachers, Mr. Bohannon said.

IDAHO JOINS PROTEST

Boise, Idaho — (P)—The Idaho Public Utilities commission Wednesday joined several other western states in requesting reopening of the case by which the Great Northern and Northern Pacific railroads won permission to consolidate. The commission state better service would be assured through competition of the two systems than through single control.

MYSTERIOUS RIDER THREATENS RANCHERS

Wheatland, Wyo. — (P)—Death threats signed "the Phantom Rider" received by several Fletcher Park ranchers has added to the uneasiness spread by the recent appearance of a masked horseman who rides the rugged Laramie peaks on a snow white horse.

Five men and a woman are reported to have received the letters which were placed in the hands of officers seeking the "Phantom Rider" who recently rode into the yard of Charlie Adams, 20, and shot the rancher through the shoulder.

Poses searched the hills following the attack but were unable to apprehend the mysterious horseman who previously visited several Fletcher Park ranches and ordered their owners to leave the country at once.

Authorities believe the horseman is connected with recent cases of cattle rustling.

CO-EDS VICTORIOUS IN CIGARET RIGHTS

Madison — (P)—Two University of Wisconsin co-eds today were proclaiming their victory in winning rights for women.

They won the right for themselves and other women to smoke in the refectory connected with the dormitories here. After a reprimand earlier in the week, the women smoked again Monday evening and yesterday the matron in charge decided since men in another part of the dining hall may smoke, his co-ed sister may also enjoy the privilege.

Says: Grandest Stomach Medicine in the World

Relief Comes at Once but
Better Still Indigestion
Goes for Good

Get a bottle of Dare's Mentha Pepsin from Schlitz Bros. Co., Voigt's Drug Store today with the distinct understanding that your money will be promptly returned if it does not stop the most acute stomach distress quicker than any remedy you ever used.

Your stomach may be so distended with gas that you think every minute your heart is going to stop beating, yet with one dessert spoonful of Dare's Mentha Pepsin that dreadful feeling of suffocation will vanish in a few minutes.

It's a wonderful formula — this combination of Pepsin with other good stomach invigorators — so never mind what causes your indigestion or gastritis, or how long you have had it, or many many other remedies you have tried, this is the one medicine that will make your old disabled stomach so strong and healthy that you can digest anything you eat without the slightest distress.

Even catarrh of the stomach can be banished in a reasonable length of time.

And you know that when your stomach is in fine shape, nervousness, headaches and dizziness won't bother you. Every regular druggist guarantees one bottle of Dare's Mentha Pepsin. Schlitz Bros. Co., Voigt's Drug Store sell lots of it. Adv.

Thiede Good Clothes

The tire pictured is the handsome new Goodyear Heavy Duty in the 4.50-21 size (formerly 30 x 4.50)

Think of it!

Now you can buy this

stunning new Heavy Duty

GOODYEAR for only \$12.00

(4.50-21 size)
(formerly 30 x 4.50)

The tire shown in this advertisement is right now one of the most attractive bargains ever offered a car-owner.

It is the new and nationally popular Goodyear Heavy Duty Balloon.

Sales are rolling up on this great tire in a volume never before

equaled in the rubber business on a tire of super-standard quality.

One reason is the outstanding good looks and extraordinary merit of the tire; another reason is the amazingly low price at which it can now be sold.

The tire itself, as the name

Heavy Duty implies, is big, stout, massively proportioned, armored with an extra-thick and extra-safe All-Weather Tread—and around its sleek black sidewall runs a single identifying stripe of silver.

A striking feature is the way in which the

outer rows of All-Weather blocks are prised down into the sidewalls, as fresh and smart a touch as anything in modern design.

Goodyear builds this stunning new Heavy Duty for those who want to drive fast and far without worry, and who want extra immunity against punctures,

blowouts, or tire troubles of any kind.

Because crude rubber is cheap this year, you can buy this special Goodyear in the size illustrated for only about a dollar more than you had to pay last year for an ordinary tire in the same size—and other sizes are priced in proportion.

This is a real opportunity to make your tire money stretch its farthest, and keen buyers everywhere are cashing it in by changing over to Goodyear Heavy Duty Balloons.

Just look at the tire and you'll heed the suggestion: *Now is the time to get yours!*

Trout Still Biting In Thunder, Wolf Rivers

BY R. A. CLAFFIN

As intimated in my last article, I am going to say something now about late summer trout fishing. It is the general opinion of the more experienced anglers that the trout leave the main rivers when hot weather comes on and go up into the small feeders which are colder. That is true to a great extent, yet by no means do all of the fish do this. It is quite generally believed that trout thrive best where the water is coldest. Many fish culturists now deny this story. Among others, Jan Metzelaar, biologist of the fish Division of the Michigan Department of Conservation, believes that any extreme water temperature has kept many plantings of young trout from maturing. Trout shun water that is either too warm or too cold. They seem to thrive best where the daily maximum temperature does not exceed 68 degrees and the temperature variation throughout the day is not too great.

Often, well established theories have been disproved by scientific investigation; and in the case of trout fishing, for the sake of better catches it is just as well that the old idea of extremely cold water being necessary for the presence of trout has become obsolete.

Knowing this, then, we can now go into such main streams as the Thunder, Peshtigo or Wolf with every assurance of getting a fair catch of trout. Take the Thunder for instance. The main river from the bridge down has been shunned of late, the idea being that the trout had left for colder water. Having doubt as to that, I proceeded to conduct a quiet investigation. I found the trout had not deserted it. Hence, inquiries directed to biological departments developed the information which I have touched on at the beginning of this article.

The water is down and clear at the present time. Use small flies—Queen of Waters, Coachman, Black Gnat, Live Drake, etc. Fish upstream if using dry flies. Work slowly, keeping out of sight as much as possible. Be sure to wade the stream, however. By so doing you do not frighten the fish as you do on the banks.

Now just a tip: I came to a deep pool, lying under heavy, overhanging brush. I felt sure there was a lot of trout there, but try as I did, I could not get my fly down where it should go. Here is what I finally did. Attached a dry Royal Coachman to a fine, tapered leader, placed it on a chip and let it float down under the brush where I wanted it. Then, a slight twitch released it from the chip. The instant it touched the water a fourteen inch speckled beauty hit it. By fast work I got him out and landed him.

Be assured there are still trout in the Thunder. And you can get them if you are properly equipped and work carefully. Every deep pool should contain at least one good specimen. You may not get from the first cast, but by changing flies and working slowly and deliberately, eventually you will get a rise from him. Let the other fellow rush ahead upstream. He can't scare the trout out of the river, even though he does spoil his own chances of a strike.

Don't miss this opportunity to relieve suffering and prevent attacks of Asthma and Hay Fever. Relief guaranteed even if climate, doctors and all other remedies have failed. The most obstinate cases yield promptly to Hoover's Improved Asthma Remedy. Attacks may be prevented by this treatment. It remedies the conditions which render you subject to attacks. Relief from sneezing, choking, wheezing and difficult breathing, or your money (\$1.00) refunded. If not obtainable at your druggist, order direct from Geo. D. Hoover, M.P.H., Des Moines, Ia. Free trial on request. Sold by Schlitz Bros. Co. Adv.

STOP ASTHMA Hay Fever, NOW!

NUMBER OF MUSIC UNITS MAY SURPASS LAST YEAR

With more than 80 rural schools and more than 50 school units, the rural music program in 1930-31, according to A. G. Meating, county superintendent of schools. Last year there were 80 units enrolled in the rural school music system and this year Mr. Meating hopes to increase this number to 100, or more. There are about 144 rural schools in the county. The music plan was voted on at the annual rural school district meeting on Monday evening, July 14, and reports on these meetings are now reaching Mr. Meating's office from the school clerks.

The cost of the music course is \$3 per year, plus the cost of music books the first year. A music supervisor visits each school once a week and maps the program for the rest of the week.

HOLD FINAL RITES FOR MRS. WERNER

Eastern Star Ritual Used at Commitment of Member

Special to Post-Crescent.
New London—The funeral of Harriette May Werner, wife of George W. Werner, who died at her home here last Sunday following an illness of more than three years, was held Wednesday afternoon. A short service for immediate members of the family was held at the home, preceding that at St. John Episcopal church, with the Rev. F. S. Dayton, rector in charge of the service at the church. The ritual of the Eastern Star, of which Mrs. Werner was a member, was used at the grave in Floral Hill cemetery. Mrs. Werner's six sons were bearers. Mrs. Rudd Smith, accompanied by Miss Alleen Traylor, sang solos at the church and a quartet consisting of four of Mrs. Werner's friends also contributed selections. Those in the group were Mrs. F. E. Patchen, Mrs. H. B. Cristy, Miss Irma Reuter and Mrs. Rudd Smith.

Mrs. Werner, nee Viall, was born in Waupun, March 29, 1871. She came to New London as the bride of Dr. H. L. Bacon, whose death occurred about twenty years ago. Her marriage to George W. Werner of this city took place about three years later.

Those attending the funeral were Mr. and Mrs. Merton Wright, Houghton, Mich.; Dr. and Mrs. Franklin Bacon, Cleveland; Rodney Bacon, Pontiac, Mich.; Lewis Bacon, Madison; Mrs. Mable Werner Cook, Madison; Mrs. Grace Schaller, Neenah; Mr. and Mrs. Glen Werner, Blackwell; Mr. and Mrs. George Werner, Jr., Madison; Mr. and Mrs. Harold Werner, Gainesville, Fla.; Mrs. Emma Viall, and her sister, Mrs. Harry Fletcher and her sister, Mrs. Wagoner, Mr. Charles F. Greene, Marinette; Mrs. Charles Stier, Shawano; Mr. and Mrs. Earl Stier, Green Bay; Mr. and Mrs. Eugene Wagner, Green Bay; Mr. and Mrs. Beckwith, Madison; Mrs. Maud Davidson, Mr. and Mrs. Jack Morris, Mrs. Hall, Mrs. Grace Blunt and Mrs. H. Cornell and daughter, Chicago; Mr. and Mrs. William Dedolph, Marion.

TRUCK WITH WORT DAMAGED BY FIRE

Department Puts Out Flames in Machine—Damage Is Slight

New London—Delivery of a truckload of wort was interrupted shortly before 8 o'clock this morning when the truck caught fire on the Northport road, just north of the city limits.

After the fire department had put out the flames, the truck was towed back to this city. Although the motor would not function, it was not thought that the damage would amount to much.

The name of the driver was not learned, but the truck belonged to the Knapstein Products Co. New London. The driver had disappeared before the fire department arrived. Cause of the fire was said to be a leaky gas pipe. Gasoline was found dripping to the ground, and the flames were confined to the under part of the motor.

The fire department answered another alarm at 3 o'clock Wednesday afternoon at Northport. A straw stack on the Michael Stewart farm caught fire from spontaneous combustion. Although the stack was practically burned to the ground, the firemen prevented the flames from spreading to a nearby barn.

EXPECT CELEBRITIES AT ANNUAL HOMECOMING

New London—Among the attractions of the three day homecoming celebration sponsored by the American Legion on August 30, 31 and Sept. 1, will be addresses by Governor Kohler, Senator La Follette and Solomon Levitan.

The program of Monday afternoon, Labor day will be given over partially to the local labor union. Officials of that organization will secure their own speaker and probably will sponsor a parade.

It has definitely been decided that the celebration will be held as usual at the high school grounds and not at the athletic park. In accordance with the procedure of other years no gate admission will be charged. There will be a number of tree attractions and this year no parade will be held.

NEW LONDON SOCIETY

Special to Post-Crescent.
New London—The July group will serve at the regular meeting of the Women's Relief corps Friday afternoon. Mrs. Mary Leabman of Green Bay, past president of the organization, is to make her annual visit and will speak to the corps. Those who will serve are Mrs. Frank Miller, Mrs. Peter Schuh, Mrs. John Darrow, Mrs. Mary McCann, Mrs. William Werner, Mrs. Fred Miller and Mrs. Joseph Moser.

RAIN WASHES OUT SOFTBALL BATTLES

New London—All scheduled softball games scheduled for Wednesday were postponed until Thursday evening because of rain. Borders will play Crispy's. Plywoods take on Hammonds and the Legion and Edisons make up the third attraction of the evening. On Friday evening the Lions will play a team made up of Appletonville business men. This game will be played at Hortonville.

HOLD FUNERAL FOR CLINTONVILLE MAN

Fred Block, 80, Is Buried from St. Martin Lutheran Church

Clintonville—Funeral services for Mrs. Fred Block, 80, who died at her home here Friday evening, were held Tuesday afternoon from the home of her daughter, Mrs. William Nelson and the St. Martin Lutheran church. The Rev. Walter Speckhard was the officiating pastor.

Survivors are the widow, one daughter, Mrs. William Nelson, and a brother, William Ditterberner, 87, all of this city.

Pall bearers were: Richard Korb, John Hoffman, Julius Krueger, Gus Witt, August Jacob, August Gluth. Interment was at Graceland cemetery.

The funeral of Mrs. Henry Zirbel, 69, who died at Milwaukee Friday evening, was held Tuesday afternoon from the home of Mrs. Hans Nath, a niece, and from the Christus Lutheran church, with the Rev. E. C. F. Stubbins officiating. The body was brought from Milwaukee on the morning train Monday, and taken to the Nath home.

For many years, Mrs. Zirbel had resided in this city. Three years ago she moved to Milwaukee where all of her children resided.

Survivors are five daughters: Mrs. Lena Berghold, Mrs. Emma Rodig, and Mrs. Peter Quastana all of Milwaukee, three brothers, William, Robert, and Otto Habel of Shawano, two sisters, Mrs. Koepke of Marion and Mrs. Roloff of Clintonville. There are also 13 surviving grandchildren and 4 great grandchildren.

Pall bearers were: William Nath, Rudolph Habel, Albert Habel, Fred Koepke, Edwin Rindt and Harry Taeger. Besides the immediate relatives from Milwaukee, there were many relatives and friends from Shawano and Marion attending the funeral.

On Sunday there was a reunion of the Stein family at Appleton. Included in the gathering were: Mr. and Mrs. Fred Ruth, Miss Meda Stein, Mr. and Mrs. Delmar Peterson and sons, Mr. H. G. Engel and son, all of Clintonville, Mr. and Mrs. William Johnson and daughter, Lucille of Neenah, Mrs. George Stein of Long Beach, Calif., Mr. and Mrs. Gerald Ruppel and family, of Medina, Mr. and Mrs. John Ruppel and family, of Medina, and the following from Shiocton, Mr. and Mrs. Leon Kennedy and family, Mr. Howard Andrews and family.

The annual picnic of the Missionary society of the Methodist church, was held at the cottage of Mrs. Henry Anthes on Pine lake about 40 guests were present. A picnic lunch was served on the large porch, after which a short meeting of the society was held. Mrs. H. G. Engel gave a reading, and Mrs. Kurtz let the devotional service.

Miss La Verne Schoenke, daughter of Mr. and Mrs. Art Schoenke of this city, was taken seriously ill Monday night. Early Tuesday morning she was rushed to the hospital at Appleton, where she submitted to an operation.

Mr. and Mrs. James Smiley went to Shawano, Wednesday morning to attend the funeral of Mrs. W. J. Schumacher whose death occurred Saturday afternoon, while bathing in Shawano Lake. Mrs. Schumacher suddenly stepped into a deep hole, and disappeared beneath the water. It is believed she suffered a heart attack, as no signs of drowning were visible. Mr. and Mrs. C. R. Quinn and family and Miss Pearl Randt, are making an extended trip through northern Wisconsin.

Mr. and Mrs. Gilbert Felschow are visiting relatives and friends in the city.

OAK PARK YOUTHS ARE INJURED IN ACCIDENT

Special to Post-Crescent.
Hortonville—Fredrick Muntwiler, and Horace Langston, Oak Park, Ill., who have been spending the past few summers at Sturgeon Bay picking cherries, and spending their weekends at the home of the former's grandmother, Mrs. Lena Bachman of this village, were injured Sunday when their car ran into a ditch and through a heavy barbed wire fence.

Muntwiler suffered the most serious injuries, one of his ears being badly lacerated, and almost severed from his head. His companion suffered minor bruises and lacerations.

The boys were returning from Sturgeon Bay when their truck lost control of the machine. They were taken to a Green Bay hospital by a passing motorist.

Langston upon returning to their automobile, which was still lying in the ditch, found that thieves had stolen a claret, ukulele, the battery and tools.

Isadore School is building a restaurant and filling station on the site of the brewery on the New London road.

Mr. and Mrs. A. W. Glawe of Milwaukee and Mr. and Mrs. Francis Rasmussen of Chicago spent Saturday at the Lawrence Dabarene home.

The following Hortonville people attended the dedicatory ceremonies of the new hospital at Veterans Home, Waupaca, Sunday, Dr. and Mrs. M. E. Riddout and daughter, Mrs. M. E. Hagen, Mrs. H. Danner, Mrs. Steve Otis and daughter, Jean and son Nyal and Virginia Burns.

The 4-H club left Tuesday for Lake Poygan where they will spend the remainder of the week camping. They will be chaperoned by Mrs. Steve Otis and Miss Irma Riddout. Those who went were Marion Towne, Pearl Diestler, Jean Otis, Alice Dunn, Jane Krause, Virginia Burns, and Rosalyn Vingling.

At the Monday game of the soft ball league the Senators defeated the Cardinals 12 to 10. Battery for Senators-E. Stoffen and D. Mathewson, for the Cardinals-L. Dredl and E. Buchman. The new diamond is located on the land of Arthur Schmidt on the New London road.

SCARLET FEVER IS FATAL TO YOUNG BOY

Special to Post-Crescent.
Clintonville—Allan Muthig, 9, son of Mr. and Mrs. Anton Muthig, 114 Hemlock-st., died Tuesday at a hospital at Appleton. The little boy had been ill for 3 weeks with scarlet fever. He suffered a relapse and was taken to the hospital two weeks ago, where two blood transfusions were made. The funeral will be held Friday.

Mr. and Mrs. J. Cotton entertained Tuesday evening at a dinner at the Hotel Marston in honor of their daughter and son-in-law, Mr. and Mrs. John Thompson, after which there were eight tables of bridge in play. Prizes for high score were awarded to Mrs. Charles Folkman, Mrs. Carl Folkman, Mr. A. B. Roberts and Mr. John Thompson.

Those present were: Mr. and Mrs. J. Cotton, Mr. and Mrs. J. E. Long, Mr. and Mrs. D. J. Rohrer, Mr. and Mrs. W. A. Olen, Mr. and Mrs. A. B. Roberts, Mr. and Mrs. John Thompson, Mr. and Mrs. Fred Holmes, Mr. and Mrs. Carl Folkman, Mr. and Mrs. John Schwank, Mr. and Mrs. Roger Marston, Mr. and Mrs. Levi Larson, Dr. and Mrs. G. W. Spang, Mr. and Mrs. Irving Auld, Mrs. Charles Folkman, Mrs. Odorich, Mrs. Dobson of Milwaukee and Mrs. Whiteman of Chicago.

Mr. and Mrs. John Thompson of Elizabeth, N. J., are returning to their home Thursday after spending a short time at the home of the latter's parents, Mr. and Mrs. J. Cotton, far as Chicago by Mr. and Mrs. Cotton, Mrs. Charles Esmy and Miss Mary Esmy.

Mr. and Mrs. A. B. Roberts have been spending the summer at the lakes. They stopped at their home on Tuesday and found that the house had been entered. A suit of clothes and some other things were found missing.

Mrs. Mary King of Union City, Penn., is spending the summer at the home of her daughter, Mrs. H. F. Smiley and family.

Mrs. Raymond Carter has returned to the city, after spending many months with her husband in Birmingham, Ala., and other southern cities.

The Amity Division of the Dorcas Society held its annual picnic Tuesday afternoon at Central park.

Mr. and Mrs. Jack Ryan and children of Iron Mountain, Mich., and Mr. and Mrs. Arthur Bergstad of Milwaukee, are guests at the home of Mr. and Mrs. C. C. Gray.

The regular meeting of the Lions club was held Tuesday evening at the club house on Long lake. The Rev. Halinde of Wabeno was the speaker.

Mrs. W. A. Brandt, for many years a resident of Clintonville, but now of Wauwatosa is spending a short time here with friends.

MORGAN FAMILY HAS 5TH ANNUAL REUNION

Special to Post-Crescent.
Waupaca—The fifth annual reunion of the Morgan family was held Sunday at Waupaca city park. The following were present: Mr. and Mrs. Gerald Lebrich, Racine; Mr. and Mrs. William Ackerman, Oshkosh; Mrs. Bertha Turner, Wisconsin Rapids; Mr. and Mrs. C. W. Morgan, Racine; Mr. and Mrs. Oscar Kneeland and daughter Jesse, and Mr. and Mrs. Ira Lamb, Almond; Mr. and Mrs. F. L. Nuck and daughters Betty Jane and Myrtle Ruth, Mr. and Mrs. Phil Bunker, Mrs. John Funk and daughter Lila Jean of Fond du Lac; Mr. and Mrs. Henry Morgan, Mr. and Mrs. Francis Lebrich and son Laurel, Bancroft; Mrs. Ruth Morgan, Mrs. Sarah Flagg, Mrs. Minnie Armon, Mrs. Chester Damon and sons Clair and Francis and daughter Audrey, Mr. and Mrs. George Lang and son Jimmy, all of Waupaca. Following a social afternoon, a picnic dinner was served.

BEGIN REDECORATION OF CHURCH AT DARBOY

Darboy—Cover and Son, frescoers from Fort Wayne, Ind., have been decorating the interior of the Holy Angels church here. It is estimated the work will be completed in about six weeks.

Blanche Hank of Ann Arbor, Mich. is spending her vacation with her parents, Mr. and Mrs. Jac. Hank of here.

Jack Bloomer, Patrick, Terry and Donald Thore of Milwaukee are spending their vacation with Mr. and Mrs. George Wittman.

Mr. and Mrs. Art Wittman and daughter, Theresa and Wilfred Wittman accompanied Mr. and Mrs. Emil Franz of Kaukauna to Dorchester, Sunday where they visited with Mr. and Mrs. Joseph Dessl.

A daughter was born to Mr. and Mrs. Roy Plutz of Waupaca last week. Mrs. Plutz was formerly Mrs. Marie Utenbrook of here.

MRS. M'UGH RETURNS FROM TRIP TO FRANCE

Stockbridge—Mrs. Nora McHugh returned to her home here early this week from her trip to France with the Gold Star War Mothers. Mrs. McHugh was one of the many mothers who made the trip to visit the graves of their sons, who died in the World War.

A daughter was born Sunday to Mr. and Mrs. Ben Petrie.

Several hundred people attended the dance at the Margaret Irish farm in the town of Harrison, Tuesday evening.

Peter, Henry and George Schaefer returned Monday from a trip through the western states. While in North Dakota they attended funeral services for a relative.

CLARENCE KIEFFER IS BURIED AT FREEDOM

Freedom—The funeral of Clarence Kieffer route 2, Kaukauna, was held at 9 o'clock a. m. Tuesday, from St. Nicholas church, Freedom. Burial was in St. Nicholas cemetery. The Rev. A. W. Van Dyke officiated. The Holy Name society of which Mr. Kieffer was a member, attended the funeral in a body.

ELECT DELEGATES TO LEGION MEETING

There will be services in the German language at 10 o'clock next Sunday morning and English services with the celebration of Holy Communion at 8 o'clock at the St. Paul Lutheran church.

PERSONAL NEWS ITEMS OF BEAR CREEK REGION

Bear Creek—Mr. and Mrs. Henry Flanagan were on a business and pleasure trip four days last week. Among the places visited were St. Paul, Minneapolis and Eau Claire.

Mr. James McKone and son, Earl and Miss Katherine McKone of Green Bay were Sunday visitors at the W. Lucia home in the town of Bear Creek. Katherine Lucia and Maurice Battis who spent the past two weeks at Green Bay returned home with them.

Bernard Loughrin and daughter Cella of New London were visitors at the Murphy home Tuesday.

Mr. and Mrs. Edward Saubert and daughters of Milwaukee and Mr. and Mrs. Frank Flanagan of the town of Bear Creek were visitors at the D. J. Flanagan home Thursday evening.

Miss Marie Lucia returned Saturday from a visit with friends at Milwaukee.

Mr. and Mrs. James Halloran of

When BABIES are Upset

BABY ills and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea. How would you meet this emergency—tonight? Have you a bottle of Castoria ready?

For the protection of your wee one—for your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. Its gentle influence will ease and soothe the infant who cannot sleep. Its mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria.

Fletcher's CASTORIA

Milwaukee were supper guests at the P. C. Battles home Saturday evening.

Miss Marie Flanagan accompanied her grandparents, Mr. and Mrs. J. Anthony on their return trip to Milwaukee where she will visit for a month.

Mr. and Mrs. George Maram and family of the village and Mr. and Mrs. James Halloran of Milwaukee visited at the F. D. Hurley home at Clintonville Saturday evening.

Los Angeles police arrested a Chicago gangster wanted in connection with the Lingle murder, but finally released him and gave him back his gun. If he'll call around at city hall, he probably can get the keys to the city.

PURITY

Daily tests under laboratory methods... high-grade Jamaica ginger... superfine ingredients... result in unforgettable flavor

HAVE YOU TRIED — ?
Canada Dry's new Golden Ginger Ale. Never before have you tasted a golden ginger ale with such a marvelous flavor. The secret of its delight comes from a secret and exclusive process of beverage making.

Canada Dry's new Sparkling Lime. This wonderfully refreshing beverage brings you the lure and romance of the tropics. Let it win you with its keen, cooling lime taste as it is winning countless others daily.

Kaukauna News

PICKLE FACTORY WILL OPEN DOORS MONDAY MORNING

Record Pack Expected This Year, Company Manager Reports

Kaukauna—According to H. Loughrin, station manager of the Flanagan-Loughrin Co., in this section, the Kaukauna pickle factory will begin operations next Monday morning. The factory located across from the public library on the island, again will be under the direction of Henry Vanderheiden of DePere.

As there are 200 acres to be harvested and the crop appears to be in fine condition, Mr. Loughrin looks forward to a successful season. He expects to break the record of 1,000 barrels set in 1929.

This is the third season of operation at the local plant, and about 15 men will be employed during the rush season. Some times the factory works late into the night. The largest amount to be received at the plant last year was 18 tons in one day. Two vats were placed there when the plant was started two years ago, but it was necessary to have more to keep up, so more were installed. There are now eight vats on the grounds, each holding between 800 and 1,000 bushels.

The pickles are placed in brine for two weeks and then are removed from the vats and barreled; they are well salted and shipped to consumers. Some of the pickles, however, are dilled, but most of them are just packed in salt and sent to the consumer who does them to his own taste.

Operations at the factory will not cease until the first frost kills the vines, Mr. Loughrin said.

After the frost has closed the season a process called repacking begins. This work will last until late in the fall. The pickles which have not been shipped, numbering about 300 barrels, are unpacked and packed in fresh brine.

Prices of the cucumbers will remain the same as last year, \$3 per 100 pounds. Mr. Loughrin added. Any amount will be taken, with no limit to any farmer.

PIGEON CLUB TO HOLD RACE NEXT SATURDAY

Kaukauna—A number of members of the Kaukauna Pigeon club ship about 20 pigeons to St. Paul, Neb., for a special 600 mile race. The birds will be released early Saturday morning by the depot agent, and are expected to arrive in Kaukauna Sunday if the weather is favorable.

This is the last of a series of flights conducted by the club since April. The winner of the loft owned by the best average speed is Edward Ludtke. His loft averaged more than 1,000 yards per minute. Another series of flights will begin in fall for young birds.

Social Items

Kaukauna—The Women's Benefit association held a picnic at La Follette park Wednesday afternoon.

A business meeting of the Sunday school board and the Emmanuel Reformed church will be held at the church parlors at 7:30 Thursday evening.

Kaukauna—The Aid Association for Lutherans of Kaukauna will meet Monday night at the Lutheran school according to an announcement made recently by M. F. Hoffman, president. The session will begin at 7:30.

COMPLETE RAZING OF OLD HOME THIS WEEK

Kaukauna—Razing of the old McCormick home on Depot-st., which was recommended to the common council by the fire and police commission, will be completed this week. All that remains of the structure is the foundation and the lumber taken from the building. This will be removed by the latter part of the week.

SUPERINTENDENT TELLS ROTARIANS ABOUT TRIP

Kaukauna—The Kaukauna Rotary club met Wednesday in Hotel Kaukauna. A. G. Meating, county superintendent of schools, discussed the recent rural graduates' commencement trip to Washington, D. C. He described the preparations which preceded the trip, and the incidents in the journey.

DON'T DRAG ANCHORS NEAR BRIDGE, WARNING

Kaukauna—Signs have been placed on the ends of the pier leading the lowest bridge warning and traffic not to drag anchor as there are cables laid there. The signs were nailed there by the workers of the Wisconsin Telephone Co.

CLEANING, PAINTING STARTED AT SCHOOL

Kaukauna—Cleaning and painting, which will require about a week, is being done at the Outagamie Rural normal school on East Wisconsin-st. The school recently closed for the summer session.

The Post-Crescent at Kaukauna is Lloyd Deras.

His telephone number is 194-W. Business with The Post-Crescent may be transacted through Mr. Deras.

BEET ACREAGE IS LARGER THIS YEAR

Industry Centered in Calumet, Brown and Fond du Lac-Cos

Madison—Wisconsin is growing about 2,000 acres more of sugar beets this year than last. For a number of years the sugar beet industry in Wisconsin declined, but this year a larger acreage is again being grown. At one time this industry was much more important in Wisconsin than it is now, according to the crop reporting service of the Wisconsin department of agriculture and markets, and the United States department of agriculture at Madison.

Three sugar beet factories operated in Wisconsin last year at Green Bay, Menomonie Falls, and Janesville. The industry in Wisconsin is quite largely located in the eastern part of the state. Fond du Lac, Calumet, and Brown-cos usually having the largest acreage, but all of the lake shore counties produce the crop to some extent.

Because of the intensive development of dairying in the parts of Wisconsin where sugar beets are grown most extensively, this crop has of late years had a smaller acreage. Cane sugar from Cuba and other countries is coming in very cheaply so that the sugar beet crop has not been able to compete very well with other types of farming.

Only three states east of the Mississippi river, Michigan, Ohio, and Wisconsin produce any important amount of sugar beets. Most of the sugar beets grown in the United States are grown in the drier regions of the west, Colorado being the leading state. Michigan ranks second, and Wisconsin ordinarily ranks ninth in sugar beet acreage in the United States.

SCHOOL CHILDREN FEWER THIS YEAR

Decrease of 50 Pupils in Four Districts, Census Reveals

Kaukauna—J. J. Haass, principal of the Junior high school, and compiler of the school census in Kaukauna, town of Kaukauna, town of Vandenberg, and the village of Little Chute, completed taking the 1935 school census Tuesday. Mr. Haass began this work June 10.

His report showed a decrease of 52 pupils in the four districts. The totals showed 2,237 in 1935 as compared to 2,309 in 1934. The town of Kaukauna held its former figure of 23.

The north side of this city showed a loss of six, the figures standing at 1,059 in 1935, and 1,065 in 1934. The south side also showed a loss of 38, making the total loss in Kaukauna 43. In 1935 there were 1,129 children of school age in the south side, and in 1934 there were 1,081. The north side contained 515 boys and 544 girls in 1935 in comparison with 524 boys and 529 girls in 1934. On the south side there were 583 boys and 537 girls of school age in 1935, while in 1934 there were but 517 boys and 564 girls.

In the town of Vandenberg there are 41 this year compared with 47 last year. The village of Little Chute lost but one, having 59 this year. Town of Kaukauna reports the same number as the previous year, 23.

CONCRETE WORK NEARS END ON DELANGLADE-ST

Kaukauna—Residents of this city living on the extreme northern end of Delanglade-st., who for the past two weeks have been forced to go around the marsh in order to reach their homes, again will be able to traverse the street next week. All the concrete for the culvert has been poured, and a small amount of filling remains to be done. The work is being done by the R. C. Vickery Co.

BOARD OF REVIEW RESUMES ITS WORK

Kaukauna—The board of review resumed work at 9 o'clock Wednesday morning after an adjournment of a week. Its work of checking over the assessment roll and making adjustments will be completed the latter part of the week. The board is meeting at the office of the city clerk in the municipal building.

KAUKAUNA PERSONALS

Kaukauna—William Peters of De Pere was a business caller in Kaukauna Wednesday.

Miss Jenrose Niesen of Oconomowoc is visiting Mr. and Mrs. John Niesen.

Clarence Koch, Harvey Derus, Ross Farwell and John Nole were in Janesville Tuesday.

Miss Helen Siebold of Ringie, is visiting Mr. and Mrs. Charles Kallista.

Mr. and Mrs. Joseph Schuber of Manitowoc visited local relatives Wednesday.

Donald Grebe and Robert K. Driesen have returned to Kaukauna after a visit in Red Wood Falls, Minn.

Buy Health of your grocer

Your grocer has Health to sell—the kind of Health that comes from light, nourishing, easily digested foods. You will find it in every package of Shredded Wheat. Eat it every day with milk or cream and you will be healthy and strong, ready for every test of mental and physical endurance. All the body-building elements in the whole wheat grain—nothing added, nothing taken away—and so easily digested. It's delicious with fruits.

SHREDDED WHEAT

WITH ALL THE BRAN OF THE WHOLE WHEAT

Of Interest To Farmers

STATE SHIPS 4,591 COWS DURING JUNE

Madison—During June, 4,591 head of dairy cattle were shipped from Wisconsin to other states and countries. This is less than half the number shipped in June of 1929, according to the records of the Wisconsin department of agriculture and markets at Madison. The total shipments for the first six months of the present year have been tabulated by the crop reporting service and found to be over one-third below the shipments for the same period last year. The total exported during the first six months of 1936 being 23,482 as compared with 37,398 for the same period last year. The total exported during the first six months of 1935 being 23,482 as compared with 37,398 for the same period last year.

With the world wide decline of nearly all price levels, the prices of farm and dairy products have also declined. Milk cow prices are appreciably lower than they were a year ago, according to the records of the Wisconsin crop reporting service and with the decline in prices of dairy products and milk cows, the demand for cattle has also fallen off. Unless the outshipments of dairy animals take an upward turn during the remaining months of 1936 the total for the year is likely to be the smallest in six or seven years.

FARMERS WILL VISIT EXPERIMENT STATIONS

Madison—During July thousands of Wisconsin farmers will visit their branch agricultural experiment stations throughout the state and see the results of hundreds of trials with livestock and crops. Lower test plots and see the new findings of research on production problems.

The branch experiment stations, which are really vast research laboratories for agriculture, have conducted tests during the past year on such vital questions as ways of growing alfalfa, the use of manure and fertilizers, the yields from different kinds of grains, ways to fight severe losses from noxious weeds and rations for livestock including pasture management.

The dates at which visitors to the branch experiment stations will be shown the results of this year's work with farm crops are: Marshfield, July 24-25; Sturgeon Bay, July 25; Ashland, July 30; Spooner, July 31; and Hancock, Aug. 6.

AFRICA CRADLE OF MAN, DR. POND IS CONVINCED

Madison—(P)—The cradle of man is in Africa, in the opinion of Dr. Alonzo Pond, Beloit college archaeologist, who has just returned from there after heading an expedition.

LOADED WITH DEADLY GERMS • SPREADING DISEASE • CONTAMINATING ANYTHING TOUCHED

THE FEARFUL 7

FLY-TOX KILLS THEM ALL

Scientists say flies transmit thirty different diseases. Kill them NOW. In a single season a pair of flies can produce over five trillion descendants. Each one carries deadly bacteria, each aflame with burning torment!

Flies, reeking with germs, are the filthiest of the Fearful Seven. They contaminate everything they touch. Don't risk disease from the taint of flies. Kill them. Use pure, stainless FLY-TOX. Developed at Mellon Institute of Industrial Research by Rex Research Fellowship. Refuse substitutes.

composed mainly of university and college students.

He said Wednesday while visiting parents of his wife here, that excavation of four camp sites, estimated to be 25,000 years old, has strengthened his belief that Africa was the home of the Dawn man.

The expedition unearthed 30 skeletons of prehistoric man besides nearly 30,000 stone age implements and relics, Dr. Pond said.

Prof. Pond forecast another expedition to Africa by saying: "The old stone age remains of northern Africa are simply marvelous and we have reasons to believe that those of South Africa are even richer. We have hardly made a beginning in the work of discovery there."

A British magazine reports that every cell in a woman's prison in England has a mirror in it. The prisoners, you see, are locked up and left to their own reflections.

**JACQUELINE
ON HER OWN**
by RICHARD STARR

SYNOPSIS: The diamond necklace stolen from a wealthy patron at Ciro's night club vanishes from the place where Jacqueline had hidden it, pending its return to its owner. Here, fears of arrest are allayed when Detective McAllister of Scotland Yard calls and tells her the newspaper announcement that they were seeking her was a subterfuge. Days pass without Teddy Montrose calling again and Jacqueline is surprised by the pleasures of the wealthy. Then she receives a letter in which Teddy declares his love and regrets that his poverty prevents him from proposing. Jacqueline realizes she loves him but replies that, under the circumstances, it will be better not to see each other again.

In the city a man stopped dead on the pavement, and looked after the car with a dazed expression. It was Teddy Montrose. "It's that American scoundrel," he muttered fiercely. "I'd like to choke him. I don't trust him. He's a squirt. Suppose she has forgotten me." Teddy had seen in her face a look of unhappiness. There were shadows under the brown eyes, and a little downward droop at the corners of her soft, childish mouth.

"Any way," reflected Teddy, "she doesn't look so darned happy over it." Which, though he honestly had no wish for her to be unhappy, was a reflection that seemed to cheer him up. He went on his way, still frowning thoughtfully, but swinging his stick with an air of jauntness.

Presently he muttered, "Well, let him have her for to-day. It may not be for long. The end is not yet, as the fellow says in the book, and the world is full of number of things."

By the aid of the dash lamp Jacqueline looked at her watch. It was nearly 9:30.

They were crawling along in thick fog at about four miles an hour. From the narrowness and roughness of the road it was very clear to her that they were not any means on a main road, and she was getting more and more exasperated, and knew that it was a question of minutes before she gave Mr. Carew what she called a piece of her mind.

The drive had been a chapter of accidents. First there had been a burst tire, which had taken nearly an hour to change. Then they had run out of gasoline. Then there was a puncture. Then something went wrong with the engine, and a prolonged stay at a garage was necessary.

Finally, Jacqueline insisted that they must give up all hope of reaching Talverton that night, and must immediately return to London.

So Mr. Carew had turned the car and taken what he described as a short cut to make up for the time they had lost. But on the short cut, further minor troubles had developed. They were in a thick fog, and there was not the slightest sign of the main road which Carew insisted they would reach at any moment.

Eventually the car slowed up by easy stages, and came to a halt.

"What's the matter now?" asked Jacqueline acidly. "Another puncture, or is it only a wheel off?"

"I believe we're lost," returned Mr. Carew dully. "In fact I feel sure we are."

"That's cheerful. Well, what are you going to do about it?"

"We must keep on, I suppose. At least until we come somewhere. This fog is very dangerous, and we ought to put up somewhere until it clears."

"But will it clear?" asked Jacqueline inconsequently.

"Not much likely to be any better until the morning. These coastal fogs usually get worse."

Jacqueline became even more thoughtful. Her wits were remarkably clear, and she was getting very suspicious of Mr. Carew. She had the feeling that instead of getting nearer to London they were getting further away from it.

She sat silent, and presently exactly as she had expected, the car stopped again with a wheeze and a grunt, and the engine abruptly ceased its musical hum.

"Something wrong again?" muttered Carew, as he descended. Jacqueline rescended with him and stood by while he put his head under the hood.

Presently he straightened up. He saw Jacqueline standing by his side, her profile lighted up by the side lamps. The fog, instead of straightening her hair, had made it curl delightfully. This, with the mischievous curve of her lips and the sullen smoulder of her eyes, made her look even more alluring than usual.

Mr. Carew suddenly, and without the least notice, caught her in his arms. "Jacqueline, I love you," he cried wildly.

The next moment she was crushed against him; she felt fierce kisses on her face and lips.

Careman facies are new to Jacqueline but a surprise is in store for Mr. Carew, tomorrow.

GIVE RADIO HEADS FREE HAND, SAYS COMMITTEE OF BAR

Otherwise Facilities Will Be
Wasted, Association Is
Told

BY ROBERT MACK
Copyright, 1930, by Cons. Press
Washington—A free hand in the
distribution of broadcasting facilities
throughout the nation must be given
the federal radio authorities if a
waste of these facilities or the crea-
tion of intolerable interference is to
be averted.

This is the view of the committee
on communications of the American
Bar association, which advises in its
new report that the present restric-
tive provisions of law be repealed,
and that other proposed allocation
plans be discarded. A return to the
original law of 1927, which provides
that facilities be distributed on a
fair, efficient and equitable service
among the states and communities,
is advocated.

This second annual report of the
committee, will be submitted to the
full association at its 53rd annual
meeting in Chicago next month. It
will be presented by Louis G. Cald-
well, former general counsel of the
radio commission, chairman; Stephen
Davis, New York city; Cassius
E. Gates, Seattle; William C. Green,
St. Paul, and Howard S. Leroy,
Washington.

Withdrawal of its opposition to the
Coutzens bill for the creation of a
federal communications commission
to take over all of the radio
and communications functions of ex-
isting governmental agencies, now is
recommended. Last year the com-
mittee voiced vigorous objection to
the proposed legislation and obtained
from the full association an in-
struction of opposition.

Among other things the committee
urges that the existing radio law be
so amended as to permit the merg-
ing of wire and wireless companies
in external communication. The fo-
cal point of the recent senate com-
mittee investigation of communica-
tions in general and radio in particu-
lar, the merger clause, has been re-
written into the pending Coutzens
communications bill. Its elimination
would permit the projected \$100,000-
000 fusion of the far-flung radio net-
works of the Radio Corporation of
America, with the radio cable, tele-
phone and telegraph holdings of the
International Telephone and Tele-
graph corporation, the parent MacKay
company, into a globe-girding commu-
nications system.

The inequities of the Davis equal-
ization amendment to the radio act,
prescribing the equal distribution of
broadcasting facilities among the
states and the five radio zones into
which the nation is divided, are re-
cited in the report. It forces the con-
travention of recognized scientific
facts and principles, and works to
the detriment of listeners the coun-
try-over, the committee informs the
association.

Unqualified and vigorous oppo-
sition to the proposed "Bill yardstick"
plan as a substitute to the Davis
amendment, is contained in the re-
port. This substitute would require
the commission to make and main-
tain a distribution of broadcasting
facilities among the states with al-
most mathematical rigidity, on the
basis of 50 per cent according to
population, 25 per cent according to
area and 25 per cent equally among
the states.

Describing this proposal as "fatal-
ly objectionable," the report states

Contagious Disease Is Everybody's Business

Madison — Contagious diseases
are a matter of everybody's busi-
ness and the community has a right
to demand the strictest enforce-
ment of the law.

"If you break an arm or a leg
that may concern your own family,
your employer, and your friends,"
declares the Educational Committee
of the Wisconsin Medical Society in
a bulletin issued today. "But if you
have typhoid fever, diptheria, or
small pox, or some other contagious
disease, that is everybody's busi-
ness."

Rigid enforcement of the quaran-
tine rules adopted by the State
Board of Health were advocated to-
day by the State Medical Society's
bulletin, which declares that the evil
strikes children more heavily be-
cause they come in contact with other
children more frequently during the
play season of summer.

"It is everybody's business to
know what kind of water your com-
munity has," continues the Medical
Society's bulletin. "Is it good? Is it
safe? Is it properly supervised? Or
is it potentially dangerous? Does
your health officer take interest in
the kind of water you drink? Does
he give personal attention to check-
ing up on the laboratory examina-
tions and on the chlorination plant to
see if it is working satisfactorily? Does
he notify you when the water is
unsafe and advise you to boil it? This
is everybody's business and no
good health officers will get angry
or take exception if you ask how
things stand on this score."

"It is everybody's business to
know the kind and quality of milk
which is being peddled in his com-
munity. Are the dairymen comply-
ing with the sanitary code? Are sam-
ples regularly examined at the labora-
tory? Are sanitary and clean meth-
ods being used in the production
and distribution of milk? If these
essentials in milk production and dis-
tribution are not looked after, every-
body's babies may become sick."

"It is everybody's business to
know what the schools are doing
to make healthy citizens. It is no use
for you to take the attitude that you
pay your taxes and that that releas-
es you from further responsibility."

that its enactment would require "an
immediate reallocation of all broad-
casting stations far more drastic
than the one effected by the com-
mission under the Davis amendment
(from the effects of which it took
months to recover) and will neces-
sarily entail the most devastating
hardship which has yet been suffered
by this new industry and by the
listening public."

Grantsburg—Seymour W. Bland-
ing, Grantsburg, and Guy Benson,
Spooner, today were candidates for
the assembly from Washington and
Burnett-co. Assemblyman L. L.
Thayer, Birchwood, has not announced
whether he will seek reelection.

HOLLYWOOD CAN'T FOLLOW ITS COPS

And as a Result, Many Mo-
torists There Are Paying
Fines

BY JESSIE HENDERSON
(Copyright, 1930, by Cons. Press)
Hollywood —(CPA)— Life in Hol-
lywood grows more complex every-
day. Even the cops are synthetic
now. The result is increased blood
pressure among the traffic police,
increased congestion amid traffic,
and a haunted look on the face of
the Hollywood motorist.

When the thermometer went up,
the Hollywood police got into light-
er weight uniforms of dark blue.
Motorists speeding down the boule-
vards and keeping an eye out for
the familiar khaki figures, mistook
the cops for navy officers. They
soon discovered their error.

As the temperature went higher,
the cops peeled off the coats and

blossomed forth in lightweight
shirts, still of dark blue. This time
the motorists mistook them for civil-
iana. Again they discovered their
error.

And now, just when all the cinema
capital speeders have learned auto-
matically to slow down whenever a
dark blue figure with or without a
coat looms in the offing, the police
have come out in dark blue trousers,
white shirts, and the cap shoved to
the back of the head.

It's O. K. to drive at 25 miles an
hour through residential sections of
Hollywood. But drive at 35 and
see whether at first sight or at sec-
ond you can tell a cop from a street
car conductor.

Financial And Market News

STOCKS ARE LOWER BUT FIND SUPPORT IS GOOD ON DROPS

Years Are Unable to Work Up Enthusiasm for Lower Prices

Associated Press Financial Editor—New York.—(AP)—Bull forces gave the stock market a rest today, but found sufficient support to hold leading shares at concessions of a cent or two from yesterday's final levels and to discourage any very ambitious bearish activity.

On the whole, the list was inclined to ease, with a few reverses, losses and gains. Price trends changed frequently in extremely dull trading. There were fairly substantial dips at times, followed by moderate rallies. Trading was in such small volume that the lighter tape was stationary much of the time.

The General Motors earning statement, showing net of 1.34 a share in the first half, as compared to 2.01 in the same period last year, was generally received with satisfaction. The substantial improvement in the company's cash position during the first of the year, was also gratifying, and the stock was firmly supported by its market sponsors.

Wall Street is now waiting rather impatiently for U. S. Steel's earnings statement, due next Tuesday. Dow, Jones and Company estimated the company's second quarter earnings at \$3 a share, compared to \$4.44 in the second quarter. While this will only aggregate about half the first six months income of 1935, it comes close to the full year's dividend requirement of \$7 a share, and exceeds the results of the like period of either 1933 or 1932. There have been some rumors that directors would declare a \$2 extra, but they have gained little credence.

GOOD REPORTS
The results of major corporations are far reporting for the first half have been gratifying, but many of the smaller corporations have not done so well. Fallbrook Brothers cut its annual dividend rate from \$3 to \$2, the first steel company to reduce its regular disbursements this year. The company showed a profit in the second quarter, however, compared to a deficit in the first. Among the other good reports, General Motors reported a 10 per cent reduction by National Cash Register and extension of Ford Motor's shutdown for another week. No explanation of the further shutdown was available. Such stocks as American Telephone, U. S. Steel, Westinghouse, Electric, Standard of New Jersey, and Radio Keith, sagged a point or so at times, but were quickly supported. Radio, General Electric, General Motors, and other active leaders but moved negatively. The steel market received particularly good support. American Can sold a little higher at times, Allied Chemical, Safeway, Stores, Chesapeake and Ohio, Western Union, and Columbia Carbon sold off as much as 1-16 to 1-8. International Cement was a strong spot, rising more than 3-8, and National Dairy, American Power and Light, and Coca Cola, were firm.

Credits remained easy, with call loans off 1-2 at 2 per cent but as low as 1-2 in the outside market. Easier tendencies prevailed into the late trading when some of the leaders, including U. S. Steel and American Telephone, off about 1-8 each, touched their lowest prices of the day. U. S. Industrial Alcohol was weak, dropping 8 points, while U. S. Steel and American Telephone, off about 1-8 each, touched their lowest prices of the day. U. S. Industrial Alcohol was weak, dropping 8 points, while U. S. Steel and American Telephone, off about 1-8 each, touched their lowest prices of the day.

HINT COTTON BELT RAILROAD IS SOLD
New York.—(AP)—Whether the Southern Pacific railroad had acquired control of the St. Louis Southern (Cotton Belt) through purchase of 135,000 shares of voting preferred stock, lacked confirmation today. At the offices of Hiale Holden, chairman of Southern Pacific, it was said a statement might be made later.

In the absence of official comment, it was believed that announcement of the transaction, if accomplished, was being withheld pending application by the Southern Pacific to the Interstate Commerce Commission for authority to acquire the Cotton Belt shares from the investment company, which bought them as an asset from the City of St. Louis. The latter disposed of the shares, representing early 40 per cent of the St. Louis Southern voting stock, after proceedings had been instituted against the Kansas City Southern on the ground that its position in the cotton belt road violated the Clayton act.

HOGS TURN UPWARD AS DEMANDS IS INCREASED

Chicago.—(AP)—Fairly brisk demand enabled hogs to continue the uptrend that was started yesterday and lightweights led an advance of 10-15c all along the line. Packing houses had 4,500 direct. Choice 110 to 100 lb weights sold at \$9.49-9.55, easily at the outset of trade. Market for natives was less in demand, and packing was less in demand, but shared in the advances. Marketings at the principal centers were 60,300, against 66,100 last Thursday, but the pessimism in dressed pork tended to hold back any improvement.

All desirable grades of light and heavy steers and yearlings continued to face a good interest and sold in the early trading fully steady prices. Butcher cuts were not in demand at all to sell and practically none of them was sold early. The 11 major markets had only 18,000 cattle today, against 20,400 for last Thursday. No further concessions were asked in lambs today and, although the trade was slow to start, prices were steady after nearly a week of decline. Loads of choice westerns were held to make \$9.50 yesterday's top, but natives were being closely sorted to sell above \$9.25.

CHICAGO LIVESTOCK
Chicago.—(AP)—U. S. Dept. Agr.—Hogs, 19,000, including 5,000 direct; fairly active to shippers; 10-15 higher; good to choice 100-120 lbs 9.50-9.55; top 9.70. Light lights good and choice 140-160 lbs 9.15-9.55; light weight 160-200 lbs 9.35-9.50; medium weight 200-250 lbs 9.00-9.50; heavy-weight 250-350 lbs 8.45-9.30; packing sows medium and good 7.75-9.00 lbs 7.90-8.00; slaughter pigs good and choice 100-130 lbs 8.25-9.35. Cattle 6,000; calves 2,000; very little done; underdone 25 or more lower on everything except a few loads of choice steers. Slaughter cattle and yearlings: steers good and choice 600-900 lbs 9.00-11.00; 900-1100 lbs 9.00-11.00; 1100-1300 lbs 8.75-9.55; 1300-1500 lbs 8.50-10.75; common and medium 600-1000 lbs 5.75-9.00; heifers good and choice 550-850 lbs 8.00-10.00; common and medium 450-6.75; cows good and choice 5.00-7.50; common and medium 3.25-5.50; butchers' calves 2.50-7.75; bulls (yearlings) 4.00-6.00; good and choice (beef) 6.50-7.25; cutter to medium 5.00-6.75; vealers (milk fed) good and choice 10.50-11.75; medium 9.75-10.50; cull and common 6.00-9.75; stocker and feeder cattle steers good and choice 500-1050 lbs 7.00-9.00; common and medium 4.75-7.25.

Sheep 10,000; native lambs steady to weak; spots 25 lower; sorted ewes and medium lambs 9.00-9.25; western unsold; held fully steady. Sheep and feeders unchanged. Slaughter sheep and lambs: lambs 90 lbs down good and choice 7.75-9.55; medium 7.25-8.75; all weights common 5.00-7.25; ewes 90-150 lbs medium to choice 2.25-4.00; all weights cull and common 1.00-2.75; feeding lambs 50-75 lbs good and choice 6.75-7.25.

MILWAUKEE LIVESTOCK
Milwaukee.—(AP)—Hogs, 1,000; light grades 15-25 higher; others 10 higher. Prime heavy and butchers 250 lbs and up 8.10-9.10; fair to best butchers 210-240 lbs and down 8.55-9.60; fair to good lights 9.15-9.65; fair to selected packers 7.25-7.75; pigs 80-120 lbs 8.00-8.75; govt. and throwouts 1.00-6.50. Cattle, 400; 25 lower; steers good to choice 8.50-9.00; medium to good 7.50-8.50; butchers' calves 2.50-7.50; common 4.25-5.50; heifers good to choice 5.50-6.50; medium to good 4.50-5.50; heifers fair to medium 4.00-4.50; common to fair 3.50-4.00; cows good to choice 4.25-4.75; fair to medium 4.00-4.25; cutters 2.25-3.75; canners 2.50-3.00; bulls butchers 5.50-6.00; bolognas 5.00-6.00; springers good to choice 6.00-10.00. Calves, 600; steady, unchanged. Sheep, 600; steady, unchanged.

ST. PAUL LIVESTOCK
South St. Paul.—(AP)—Cattle, 1,700; fed steers and yearlings in meager supply; early trade confined to yearlings; these steady; several loads 10.00; best held around 10.25; plainer kinds down to 8.75; choice heaviest held around 9.50; all fat steers very drags; little done as yet; low cutters and cutters largely 9.25 to 4.00; bulls moderately active; bulk 5.50 to 6.00; feeders and stockers very slow; bulk salable around 4.50 to 5.75; calves 1.30; vealers 50 lower; good and choice grades 9.00 to 11.00; few closely sorted kinds to 11.90. Hogs, 4,000; better grades light weights mostly 25 higher; top 9.25 bid for bulk desirable 160-220 pound weights; few early sales packing sows to shippers around 7.50 to 7.65; looks strong to 10 or more higher; packers bidding generally; steady; butchers' calves 2.50 to 3.75; medium 2.00; butchers and 7.25 to 7.50 on sows; bidding down to 7.00 on big weights or rough kinds. Pigs and light lights steady; bulk 9.00; no direct average cost Wednesday 7.51; weight 239. Sheep, 3,500; better grade lambs weak to 35 lower; yearlings unevenly lower; ewes steady; bulk sorted native ewes and wether lambs 8.25; bulk 7.25; throwouts 4.50; yearlings 4.50 to 6.00; ewes salable at 2.00 to 3.50.

FOREIGN EXCHANGES
New York.—(AP)—Foreign exchanges easy. Great Britain demand 4.83, cables 4.86 11-16; 60 day bills on banks 4.84; France demand 3.93, cables 3.93; Italy demand 5.23 9-16, cables 5.23. Demand: Belgium 13.58, Germany 28.57, Holland 40.22, Norway 26.78, Sweden 26.53, Denmark 26.75, Switzerland 19.44, Spain 11.43, Greece 1.23, Poland 11.25, Czechoslovakia 2.95 5-16, Yugoslavia 1.74, Austria 14.13, Rumania 3.59, Argentine 26.1, Brazil 10.90, Tokio 49.27, Shanghai 47, Montreal 100.14 1-16.

MILWAUKEE PRODUCE
Milwaukee.—(AP)—Butter, firm, unchanged. Eggs, firm, unchanged; poultry, steady, unchanged. Cabbage, weak, unchanged. Onions, steady, unchanged. Potatoes, weaker; \$1.50-1.65, sacks.

EARLY LOSSES IN WHEAT ARE WIPED OUT IN LATE RALLY

Lower Prices Result from Rumor of Russian Sales to Europe

BY JOHN P. BOUGHAN
Associated Press Market Editor
Chicago.—(AP)—Reports that Russia had sold 5,000,000 bushels of new wheat for August shipment to various European countries at a price fixed on the Liverpool October delivery had a late depressive influence on grain values today but rallied at the close. Traders here and at the American seaboard asserted that the Russian business was being done for propaganda purposes. Word of rains in Missouri and in Canada tended further to bring about temporary price reactions, as well as the fact that recent buyers of corn appeared anxious to collect profits.

Much of today's buying of corn was ascribed to the official announcement of 45,000,000 but reduction of the Iowa corn crop in the last two weeks as a result of drought and excessive heat. In addition, Kansas official reports today estimated that early corn in that state had been damaged 25 to 50 per cent and late corn 15 to 35 per cent. Comprehensive advice at hand from other states were unimpaired by one of the leading grain companies here as making it "undeniable that the corn crop has suffered serious damage over vast areas."

Heat waves and drought so far this season were asserted today by crop authorities to be the worst which central parts of the United States have experienced since the record breaking drought of 1901. Temperatures have ranged from 90 to 115 over great areas of the corn belt and all-time records have been broken at many points on numerous consecutive days. Influenced by reports detailing such circumstances, the corn market attracted many more brokers at times today than the wheat pit did and price gains in both formed the rule.

CHICAGO CASH GRAINS

INCREASE IN BUILDING PERMITS DURING PAST MONTH

Construction Work in State on Decline, However, Report Shows

There was an enormous increase in the number of building permits issued, and the value of construction work in this city last month compared to the corresponding month last year, according to the monthly building survey of the S. W. Straus Co. The value of construction work here last month aggregated \$224,670, while in June, 1929, it totaled \$107,320, the report shows.

There was a slight decrease however, in the cost of construction work during the first half of this year as compared to the first half of 1929. From Jan. 1 to July 1, this year, the total cost of construction work in Appleton aggregated \$631,052, while during the first half of 1929, it totaled \$771,123.

Wisconsin was among the 12 states leading in construction work. Permits and the cost of construction in the state placed Wisconsin in tenth place, with a total of \$30,610,975. New York state led with \$253,005,327, and California was second with \$105,679,933.

Prospective building throughout the United States during the first half of 1930 as revealed in the official reports of building permits issued in 578 principal cities and towns fell perceptibly behind in volume for the first six months of 1929. For the first half of 1930, the vol-

Object To Marriage Of Aged Bourbon Princess

Paris (AP)—Whether the Princess Amédée de Broglie, aged 73, can legally marry Don Luis de Bourbon, 42-year-old son of the Infanta Eulalia of Spain, will be decided by the tribunal of the Seine this Friday.

Don Luis who is a cousin of the Spanish monarch and once was reported engaged to Mrs. W. E. Corey of Pittsburgh, was last reported to have gone to his villa San Remo.

The Duke de Brissac, nephew of the Princess Amédée, has formally filed objections to the match on account of the age of the princess. He also complained of prodigality by the princess, alleging she has squandered huge sums in the past few years. He asked that a judicial council be named to administer her property.

A Paris newspaper several weeks ago reported that Don Luis and the princess had been married on the Italian Riviera but this was denied. The Infanta Eulalia at the time said that her son and the princess were

not married and that she did not think they ever would be.

"It is all so ridiculous," said the Infanta. "Why she is older than I am and I can only say I am sorry for her children and grandchildren. Luis has written members of the family asking them to attend the ceremony. But I don't think I will go even if it's held, which I doubt."

Henri Torres, defender of Communist agitators before the French courts, will appear for the princess. The head of the Order of Advocates, Maître Aubertin, will appear for the Duke of Brissac.

The business depression is said to have caused a reduction in the prices charged by New York night clubs. In some of these places, it is reported, one can actually buy a ham sandwich for less than five dollars.

Luke Kelly Says, "The Rat Died Before Reaching the River"

"Since moving near the river 2 years ago, we've always used RAT-SNAP. Watched a vicious water rat, nibbling at RAT-SNAP outside the house. About 15 minutes later he darted off for the water to cool his burning stomach, but he died before reaching it." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by—

Announcement THE GENERAL SCALE SERVICE

of Chicago announces that their mechanic, Mr. Max Stone, is now in APPLETON repairing scales of all makes and types.

He may be reached at the Appleton Hotel. All service calls will be given prompt attention. Phone 3670

Friday to confer with city officials on routing of several highways through the city.

The common council recently went on record favoring an alternate route for highway 41 down College-ave and out on Rankin and E. Pacific-st and then to E. Wisconsin-ave. Efforts

also has been made to have highway 10 routed on W. Prospect-st from its intersection with Memorial-dr to S. Mason-st, then north on Mason-st to intersection with Badger-ave and then northwest to W. Wisconsin-ave. Mr. Torkelson will go over the

route, discuss them with city officials and then make a recommendation to the state highway commission.
